

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

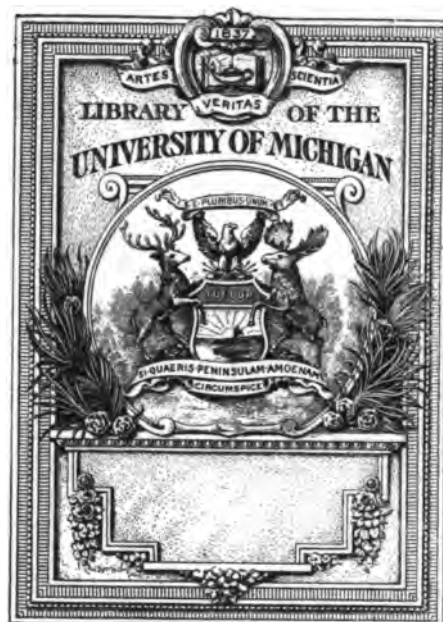

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. † A rough apportionment only can be made of the amounts provided in respect of each of the two Houses.

‡ The Retired Allowances of the Officers of the House of Lords are, as a general rule, paid out of the interest of the invested Fee Fund ; and, when that interest is insufficient, out of the current fees. The total amount of such Retired Allowances as are authorised to be paid from fees or interest was, in November 1901, 3,872*l.* per annum.

Note.—The control of the Treasury over this estimate is confined to items which do not relate to the personal remuneration of Officers of the House of Lords. General control is vested in the Select Committee on the House of Lords Offices appointed each Session.

(a) Includes 100*l.* additional to the present Deputy Keeper.* The present Secretary receives an allowance of 100*l.* per annum out of the Vote for Temporary Commissions as Secretary to the Historical Manuscripts Commission, and may receive payment for work out of office hours under the same Commission. The appointment will be reconsidered when a vacancy occurs.† Some of these Officers receive from 30*l.* to 40*l.* per annum each, out of the Vote for Temporary Commissions, for calendaring the Cecil MSS., and indexing for the Historical MSS. Commission, out of office hours; others receive payment from Sub-head C. of this Vote for the preparation of indexes of Calendars. Two rise to a maximum of 530*l.*, and one rises to a maximum of 320*l.* before the break in the scale, in respect of the seventh hour's attendance.§ This Officer receives about 100*l.* per annum from Sub-head C. of this Vote for the preparation of Indexes to Calendars. He has no fixed office hours, but attends whenever required. The office will be abolished on next vacancy.

¶ Two of the attendants are employed in the evening at the Post Office, and receive extra remuneration from the Vote for that Department.

* Sixteen of these men belong to the new class of pensioner messengers, and vacancies will be filled from that class.

By Sect. 82 of 19 & 20 Vict. c. 108, a Registrar was paid 120*l.* for the first 200 plaintiffs entered in a year in a Court, and 5*l.* for every 25 plaintiffs entered to 1,000, and then by 4*l.* till the plaintiffs reach 6,000; out of this salary the necessary clerks are paid by the Registrar. By Sect. 14 of 29 Vict. c. 14 (now 51 & 52 Vict. c. 43, s. 45), this scale was reduced as regards Registrars thereafter appointed, to 100*l.* for the first 200 plaintiffs, and 4*l.* for every 25 plaintiffs up to 6,000, instead of 5*l.* and 4*l.*, as last stated. When the plaintiffs reach 6,000, a net salary of 650*l.* is paid, and 12*l.* 10*s.* for every additional 500 plaintiffs up to 8,000, making a maximum salary of 700*l.*, with an allowance for clerk-hire (51 & 52 Vict. c. 43, s. 45). The *net* remuneration of a Registrar as such, from all sources, must not exceed 1,400*l.* per annum.

By 51 & 52 Vict. c. 43, s. '37, on a vacancy occurring in the office of High Bailiff, the Registrar, if appointed subsequently to 1866, must perform the duties of High Bailiff, unless the Lord Chancellor, with the consent of the Treasury, otherwise determines. His remuneration is a sum equal to one-fifth of his *net* salary as Registrar, with an allowance for the service and execution of process.

Under Sect. 46 of 51 & 52 Vict. c. 43, the High Bailiffs appointed before 1870 in Courts with plaintiffs below 6,000 are paid partly by salaries and partly by allowances, which vary in amount according to circumstances. Those appointed since 1870 in Courts with less than 6,000 plaintiffs, and all those in Courts with more than 6,000, are paid salaries on fixed scales, with allowances for assistance in serving and executing process. Certain High Bailiffs act in more than one Court; but this arrangement is ceasing on vacancies.

* The remuneration payable for these services is a fixed proportion of the amount levied by Bankruptcy Fee Stamps in the cases dealt with in County Courts. The yield of these stamps is estimated at about 34,980*l.* For scale, see House of Commons Paper, 1888 of 1888, page 11.

† The remuneration payable for these services is a fixed proportion of the fees received under the Companies (Winding-up) Act in the cases dealt with in County Courts.

C. 1.—Under Article 134 of the New Code, a limited number of pensions may be granted to certificated teachers who have been employed in that capacity since 1862, when the former Minutes relating to pensions were cancelled; but it is also provided that this limit “shall not affect the claims of teachers who were employed before August 1851” Provision is also included for allowances under the Elementary School Teachers (Superannuation) Act, 1898.

C. 2.—The number, 4,846,635 Day Scholars, is arrived at as follows:—

	Day Schools.
Average number of Scholars in attendance in Schools actually inspected in the year ended 31st August 1901	4,735,583
Add for increase for one year for Day Schools, 1·6 per cent.	75,769
Estimated average number in attendance at Schools to be inspected in the year ending 31st August 1902	4,811,352
Add for increase in Scholars for the <i>seven</i> * months to follow from 31st August 1902 up to 31st March 1903, viz. :—	
Five and-a-half Twelfths* of 1·6 per cent. on 4,811,352 Day Scholars	35,283
Estimated average number of Scholars in attendance in Schools to which Grants will be paid in the year ending 31st March 1903	4,846,635

The rate of Grant actually paid per *day* scholar, according to the average number in attendance, for the years ending 31st August, rose under the Revised Code from 8s. 1d. in 1863 to 9s. 9½d. in 1870. The Grant for the year 1871 was 10s. 1½d.; it was paid partly under the Revised Code, and partly under the New Code, 1871. The rate under the New Code rose from 11s. 9½d. in 1872 to 15s. 10½d. in 1882. It was 16s. 1½d. in 1883, viz., 16s. 0½d. under the Code of 1881, and 16s. 2½d. under the New Code, 1883; it was 16s. 8d. in 1884, 17s. 0½d. in 1885, 17s. 3d. in 1886, 17s. 5½d. in 1887, 17s. 6½d. in 1888, 17s. 9d. in 1889, 17s. 10d. in 1890, 18s. 4d. in 1891, 18s. 5d. in 1892, 18s. 5½d. in 1893, 18s. 7d. in 1894, 18s. 10½d. in 1895, 19s. 1d. in 1896, 19s. 4½d. in 1897, 20s. 0½d. in 1898, 20s. 10½d. in 1899, 21s. 0½d. in 1900, and 21s. 5½d. in 1901; it is estimated at 21s. 6½d. for the financial year ending 31st March 1903.

C. 4.—Section 1 (i) of the Elementary Education Act, 1891, provides that “after the commencement of this Act, there shall be paid out of moneys provided by Parliament, and at such times and in such manner as may be determined by Regulations of the Education Department, a grant (in this Act called a fee grant) in aid of the cost of Elementary Education in England and Wales, at the rate of 10s. a year for each child of the number of children over three and under 15 years of age in average attendance at any public elementary school in England and Wales (not being an evening school), the managers of which are willing to receive the same, and in which the Education Department are satisfied that the regulations as to fees are in accordance with the conditions in this Act.”

C. 5.—Section 12 of the Elementary Education (Blind and Deaf Children) Act, 1893, empowers the Education Department to give aid from the Parliamentary Grant to a certified school in respect of education given to blind or deaf children to such amount and on such conditions as may be directed by or in pursuance of the Minutes of the Education Department in force for the time being.

Section 7 of the Elementary Education (Defective and Epileptic Children) Act, 1899, makes similar provision in respect of defective and epileptic children.

C. 6.—Section 97 of the Elementary Education Act, 1870, provides, *inter alia*, that “where the School Board satisfy the Education Department that in any year ending the 29th September, the sum required for the purpose of the annual expenses of the School Board of any school district, and actually paid to the Treasurer of such Board by the rating authority, amounted to a sum which would have been raised by a rate of 3d. in the pound on the rateable value of such district, and any such rate would have produced less than 20l., or less than 7s. 6d. per child of the number of children in average attendance at the public Elementary Schools provided by such School Board, such School Board shall be entitled, in addition to the annual Parliamentary Grant in aid of the public Elementary Schools provided by them, to such further sum out of moneys provided by Parliament, as, when added to the sum actually so paid by the rating authority, would, as the case may be, make up the sum of 20l., or the sum of 7s. 6d. for each such child, but no attendance shall be reckoned for the purpose of calculating such average attendance, unless it is an attendance as defined in the said Minutes,” *i.e.*, Minutes of the Education Department in force for the time being.

This section has been amended by 60 Vict., c. 16, as follows:—Section 1 (i). “Section ninety-seven of the “Elementary Education Act, 1870, shall have effect as if the sum of seven shillings and sixpence therein “mentioned were increased by the sum of fourpence for every complete penny by which the School Board rate “for the year therein mentioned exceeded threepence, provided that the said sum of seven shillings and “sixpence shall not be thereby increased beyond a maximum of sixteen shillings and sixpence.”

C. 7.—Section 1 (i) of the Voluntary Schools Act, 1897, provides that “For aiding voluntary schools there shall be “annually paid out of moneys provided by Parliament an aid grant, not exceeding in the aggregate five shillings “per scholar for the whole number of scholars in those schools.”

C. 8.—This Sub-head provides for expenses to be incurred in carrying into effect the provisions of the Education Act which relate to the organization of school districts.

D. 1.—In calculating the provision for Grants to Residential Training Colleges, it is assumed that 100l. represents the cost of training a male, and 70l. that of training a female student, during two years. The College is credited annually with 100l. for each of its male, and 70l. for each of its female students, who, after probationary service as a teacher, obtains a certificate; at the same time the total amount of the grant is limited to 75 per cent. of the approved expenditure, and also depends upon the number of students for the time being in residence. (*See* Articles 122-126 of the New Code.)

Grants are also made to Day Training Colleges, and to Day King's Scholars who attend a Residential College under Article 127 of the New Code.

* It is sufficient to add *five-and-a-half* instead of *seven* months at the increased rate, because payment is ordinarily a few weeks in arrears of inspection.

F.—The rate of grant per *evening* scholar, according to the average number in attendance in the year ending 31st August 1875, was 7s. 5½d.; it *rose* by 1880 to 10s. 0½d.; in 1881 it *fell* to 9s. 9½d.; and for the years ending 30th September 1882 and 1883, to 9s. 4½d.; in 1884 it was 9s. 0½d.; in 1885, 9s. 1d.; in 1886, 8s. 11d.; in 1887, 9s. 8½d.; in 1888, 10s. 1d.; in 1889, 10s. 0½d.; in 1890, 10s. 4½d.; in 1891, 10s. 6½d.; in 1892, 10s. 7½d.; in 1893, 11s. 2d.; in 1894 it *rose* to 20s. 0½d.; in 1895 it was 20s.; in 1896, 19s. 2½d.; in 1897, 19s. 8½d.; in 1898, 19s. 7½d.; in 1899, 20s. 2½d.; in 1900, 20s. 3½d.; and, in 1901, 20s. 7½d.

G.—Section 9 of the Education of Blind and Deaf-Mute Children (Scotland) Act, 1890, enables the Scotch Education Department to give aid from the Parliamentary grants to a school or institution in respect of education and industrial training given to blind or deaf-mute children, to such amount and on such conditions as may be directed by or in pursuance of the minutes of the Scotch Education Department in force for the time being.

H.—Section 67 of the Education (Scotland) Act, 1872, provides, *inter alia*, that "Where in any parish or burgh a school rate of not less than three pence in the pound on the rateable value of such parish or burgh shall be levied, and the whole produce of such rate is less than twenty pounds or than seven shillings and sixpence per child of the number of children in average attendance at the public schools provided by the school boards in such parish or burgh, such school board shall be entitled, in addition to the Parliamentary grant in aid of the public schools provided by them, to such further sum out of moneys provided by Parliament as will, together with the produce of the rate, make up the sum of twenty pounds or seven shillings and sixpence for each such child," and Section 1 of the Education (Scotland) Act 1897, provides a further grant of 4d. per child for every complete 1d. by which a school rate exceeds 3d. in the pound.

M.—Under Article 118 of the Scotch Code, a limited number of pensions may be granted to certificated teachers who were employed in that capacity at the date (6th August 1872) of the passing of the Education (Scotland) Act, 1872. Under a Minute of the Committee of Council on Education, dated the 16th June 1884, it is provided that the limit imposed by Section 7 of Article 118 of the Scotch Code shall not affect the claims of teachers who were employed before August 1851.

R.—In calculating the Estimate for Grants to Training Colleges, it is assumed that 100l. represents the cost of training a male, and 70l. that of training a female student, during two years. The college is credited annually with 100l. for each of its male, and 70l. for each of its female students, who, after probationary service as a teacher, obtains a certificate; at the same time the total amount of the grant is limited to 75 per cent. of the approved expenditure, and also depends upon the number of students for the time being in training. (*See* Articles 86–90 of the Scotch Code.)

Grants are also made under Art. 91 (a) to Local Committees for the training of King's Students; and under Art. 91 (d) for the further instruction of teachers.

* It is sufficient to add five instead of six months at the increased rate, because payment is ordinarily a few weeks in arrear of inspection.

C.—WEST INDIAN ISLANDS (GRANT IN AID OF DEFICIENCY OF GENERAL REVENUE):		
This provision is sought, in accordance with the recommendations made by the West India Royal Commissioners, as a free Grant to be applied, under the direction of the Secretary of State and subject to the sanction of the Lords Commissioners of the Treasury, in supplementing the Revenues of the Islands of St. Vincent, Antigua, St. Christopher and Nevis, Dominica and Montserrat and the Virgin Islands, so far as may be necessary, to defray the ordinary expenditure in any of those Islands up to the 31st of March 1903. The Grant will be paid over to the Crown Agents for the Colonies, and no part of the sum so paid over in the financial year will be surrendered - - - - -	20,000	20,300
D.—WEST INDIAN ISLANDS, STEAMER SUBSIDIES:		
Contracts have been entered into with certain steamship companies, by the Canadian and British Governments respectively, for a line of steamers (a) between Canada and the West Indies, and (b) between Jamaica and the United Kingdom, under which the Imperial contribution amounts to an annual charge of 13,500 <i>l.</i> and 20,000 <i>l.</i> for a term of 5 years and 10 years from 1st July 1900 and 16th January 1901 respectively. A balance is still available out of the grants made in previous years, which, with the 25,000 <i>l.</i> now asked for, will suffice to meet the charge to be incurred under both contracts during 1902-3 - - - - -	25,000	10,000
E.—WEST INDIAN ISLANDS (GRANTS IN AID OF BOTANIC STATIONS AND AGRICULTURAL INSTRUCTION AND EXPERIMENTS):		
This provision is sought for the purpose of assisting the Governments of Tobago, Grenada, St. Vincent, St. Lucia, Antigua, St. Kitts, Nevis, Dominica, Montserrat, and the Virgin Islands in maintaining Botanic and Experiment Stations; for assisting the same Governments and those of Barbados, British Guiana and the Leeward Islands in the experimental cultivation and improvement of the Sugarcane and other Agricultural Products, Stock, &c. for assisting the Government of the Leewards in maintaining a Government Laboratory; for maintaining Agricultural Schools at St. Vincent, St. Lucia, Dominica and St. Kitts, Nevis; and for contributing to the cost of teaching the principles of Agriculture in Public Elementary Schools and Colleges in the West Indies, including the cost of a Lecturer in Agriculture in Barbados and Jamaica - - - - -	12,367	12,620
<i>Note.</i> —The provision made under this Sub-head will be paid over to the respective Colonial Governments to meet their expenditure on such services. Certificates will be furnished to the Comptroller and Auditor General that the payments have been duly received by the Colonial Governments, and applied to the purposes specified; but no part of the sums so paid over in the financial year will be surrendered.

LOAN TO THE GOVERNMENT OF CRETE - - - - -	40,000

In 1898 the British Government agreed with the Governments of France, Italy and Russia to make a loan of 4,000,000 francs to Crete for the initial expenses of the Administration, the loan to be advanced by the four Powers in equal shares. The British share of the Loan was not actually required until the Autumn of 1901, when it was advanced out of the Treasury Chest Fund. This Vote is required to repay to that Fund the amount of the advance.

The Cretan Government has undertaken to repay the Loan by an Annuity of 5 per cent. (including 3 per cent. Interest, and 2 per cent. for Sinking Fund) to continue for 31 years.

* One of the inspectors is in receipt of Salary as an Assistant Legal Commissioner to the Irish Land Commission. and another is occasionally employed as an Examiner under the Civil Service Commission.

† Six Clerks of the Record Office are occasionally engaged on the Calendar of Cecil MSS., or in indexing reports out of office hours.

‡ The Secretary is also in receipt of salary as Secretary of the Public Record Office. (*See* Vote for that Department, Class II.). He also receives remuneration for Calendaring for this Commission out of office hours.

§ Two of the transcribers in the Public Record Office are occasionally employed in copying and arranging documents and in reading proofs out of office hours.

EXTRACT from Letter of the Master of the Rolls, dated 19th December 1901.

During the present year there have been issued the following Volumes of Calendars, &c. of manuscripts belonging to—

Mrs. Frankland-Russell-Astley.

Beverley Corporation.

The Duke of Portland, K.G., Vol. VI., being Vol. IV. of the Harley Papers, with index to Vols. I.—IV.; and Vol. VII., being Vol. V. of the Harley Papers, is expected to be issued in a week or two.

The following reports on collections belonging to—

His Majesty the King—the Stuart MSS. at Windsor Castle, Vol. I.

The Corporations of Berwick-on-Tweed; the Deans and Chapter of Canterbury and Chichester; the Counties of Wilts and Worcester, &c. (in one Volume).

Sir George Wombwell, Bart., the Duke of Norfolk, Lord Edmund Talbot, M.P., Lady Buxton, Mr. Clarke-Thornhill, Miss Wentworth of Woolley, &c. (in one Volume).

Colonel D. Milne-Home, of Wedderburn, and the Marquess of Ormonde, Vol. I., are nearly completed at press, so far as the text of the Volume is concerned.

Other reports in the printer's hands, some of which will be ready for presentation to His Majesty and to Parliament next Session, are on the manuscripts of—

The Marquess of Salisbury, K.G., Part IX., for the year 1599.

The Marquess of Bath, Vol. I.

The Earl of Egmont, Vol. I.

The Duke of Buccleuch—Whitehall Papers—Vol. II., containing the correspondence of the Duke of Shrewsbury, temp. William III. and Anne; and

Materials for succeeding volumes on each of these collections, and on those at Windsor Castle, Belvoir and Welbeck, have been prepared.

With regard to the work in Scotland, besides the report on Colonel D. Milne-Home's MSS. described above, the index to which is now being printed, a great part of a volume of further report on the Duke of Buccleuch's MSS. at Drumlanrig has been completed at press, and the remainder will soon be in the printer's hands; and great progress has been made with the report on the muniments of the Earl of Mar and Kellie, at Alloa House.

In Ireland the chief work has been the compilation of a calendar of the Marquess of Ormonde's manuscripts from the time of Elizabeth downwards, the text of the first volume of which is nearly completed at press and the second volume is quite ready for the printer; but from various causes the completion of the report on the muniments of the Franciscan Convent at Merchants Quay has been further delayed.

The Inspector of manuscripts in the Welsh language states with regard to the progress made by him in the current year, that Vol. II., Part I., of the Report on documents in the Welsh language, deposited at Jesus College (Oxon), at Cardiff Free Library, Wrexham, Merthyr Tydvil and Aberdâr, as well as the "Havod" collection, is now practically completed. It consists of an Introduction, a brief Table of Contents, and 408 pages of text, three-fourths of which have been passed through the press in the course of the last twelve months. The examination of a portion of manuscript included in this volume was also done within the same period, as well as of manuscripts at Cwrtmawr, and in the collections of Sir John Williams, Bart., in London and Llanstephan. A substantial portion of the report on the latter has been in the hands of the printer for some months.

EXTRACT from Secretary's Letter, dated December 1901.

The Committee were appointed in May 1898, and on the 12th July 1901 they issued an interim report. Under the direction of the Commission a large number of chemical and bacteriological investigations in relation to sewage disposal have been made by experts appointed by the Commission. The Commission have undertaken a systematic examination of the land treatment of sewage. This investigation is practically completed. The Commission have also commenced the systematic investigation of the several artificial processes of purifying sewage for the purpose of ascertaining their relative value in different circumstances. The Commission have not been appointed for any definite period, and it is impossible to state with any degree of precision when they will be in a position to make a final report on the questions submitted to them. It is, however, to be pointed out that some of the questions can only be properly determined after careful and prolonged scientific research.

STATEMENT OF PROGRESS OF INQUIRY.

The Secretary reports that the "Commission was appointed on the 4th February 1901, and after holding 18 public sittings and examining 51 witnesses, issued a first Report which was presented to Parliament in July 1901.

"Therein the Commission have formulated their conclusions on certain of the subjects referred to them, and have made *ad interim* recommendations for administrative action in respect of risk from poisoning by arsenic in beer.

"In regard to other matters, chemical, medical, technical, and administrative, the Commission have found it necessary to seek further evidence and to institute chemical and other inquiries for themselves.

"It is impossible at this juncture to state with any degree of precision when the Commission will be in a position to make a final report on the questions submitted to them."

ESTIMATES FOR CIVIL SERVICES

AND

REVENUE DEPARTMENTS,

1902-3.

MEMORANDUM BY THE FINANCIAL SECRETARY TO THE TREASURY.

I.—CIVIL SERVICES.

1. The Estimates for Civil Services, 1902-3, amount to a net total of 26,448,145*l*. The net total of the original Estimates for 1901-2 was 23,637,620*l*.* Thus there is an increase of 2,810,525*l*. But provision is included in the Estimates now presented for a grant of 1,800,000*l*. in aid of the revenues of the Transvaal and the Orange River Colony, for which nothing was provided in the original Estimates of 1901-2. If that special service be excluded from the comparison, the increase over the previous total is 1,010,525*l*.

2. In accordance with the usual practice, the figures of the grants for 1901-2 shewn in the following abstract and throughout the detailed Estimates, are those of the total grants made for the service of that year in the Session of 1901. They include, therefore, besides the original Estimates of the year, Supplementary Estimates amounting to 6,978,910*l*., which were voted last Session. With this addition the total of the grants for the present year is raised to 30,616,530*l*., and the Estimates for next year show, by comparison, a decrease of 4,168,385*l*. In this case again proper comparison is disturbed by the difference in the sums required for the new South African Colonies. The Grant in Aid voted on a Supplementary Estimate in 1901-2 was 6,500,000*l*., while that required in 1902-3 is 1,800,000*l*. Excluding the service of those Colonies from the figures for both years, the comparison is between a total of 24,116,530*l*. voted for all other Civil Services in 1901-2, and a total of 24,648,145*l*. required for such services in 1902-3, an increase of 531,615*l*. This may be compared with an increase in 1901 of 447,157*l*., and in 1900 of 410,467*l*., in the amount of the original Estimates then presented over the total grants of the preceding Sessions.

3. The following Table shews the charges borne in 1901-2 and 1902-3 on the Estimates for Civil Services and Revenue Departments in respect of terminable annuities to repay sums borrowed in past years for capital expenditure. During 1901 borrowings have been required for the purposes of the Land Registry (New Buildings) Act, 1900, the Railways (Ireland) Act, 1896, the Light Railways Act of the same year, the Uganda Railway Acts and the Telegraphs Acts. The additional charge thrown upon 1902-3 for the annuities in respect of these borrowings amounts to 115,300*l*.

* Including 7,500*l*. for services which were provided for on Revenue Departments Votes in 1901-2, but which have since been transferred to Civil Votes.

* The amount of the British Museum annuity is 7,733*l.*, but this is set off by rents from property purchased, which are estimated to yield 7,000*l.* in 1901-2 and 8,000*l.* in 1902-3.

The Table takes no account of the sum of 464,600*l.* borrowed during 1901 for the purposes of the Pacific Cable Act, 1901 (1 Edw. 7, c. 31), as the charge does not fall directly on the Votes but on the funds of the Cable Board, for which a Grant in Aid is provided in Class V., 5.

4. The number of Votes is 105, or two more than the original number for the present year. The special Vote for the Gladstone Monument disappears from Class I. ; but an extra Vote is required next year in Class V. for the Cretan Loan ; and two Votes are added in Class VII., one for the Annual Repayments to the Local Loans Fund, which in 1901 were provided on a Supplementary Estimate, the other for the Expenses of the Coronation.

CLASS I.

5. For Public Works and Buildings, the total requirement is 2,254,602*l.*, or 84,387*l.* more than the amount voted in 1901, which included Supplementary Grants of 63,100*l.* The total increase over the original Estimates for 1901-2 is therefore 147,487*l.* For Royal Palaces and Marlborough House the provision is increased from 59,000*l.* to 72,800*l.*, which includes 10,000*l.* for completion of the alterations at Buckingham Palace and Windsor Castle. In the Estimate for Houses of Parliament Buildings provision is made for carrying out alterations and improvements recommended by the Select Committee on House of Commons Accommodation, at a cost of 5,000*l.* The form of the Estimate for Art and Science Buildings, Great Britain, has been

simplified by placing under single Sub-heads the corresponding services which were formerly provided for on different Sub-heads accordingly as they applied to the British Museum, the Natural History Museum, or the Buildings of the Science and Art Department. The amounts required for the respective institutions are still, however, shown separately in the details of the Sub-heads. The chief increases in this class arise on the services of the Revenue Buildings and Public Buildings, Great Britain. For Revenue Buildings, the increase over the original Estimate of 1901-2 is 28,500*l*. Provision is made for continuing the erection of the new Custom House at Salford, and for completing that at Southampton; for adapting the rooms at Somerset House, now occupied by the Exchequer and Audit Department, for the accommodation of the Inland Revenue Department; for the continuation of works already in progress on Postal and Telegraph Offices at West Kensington, Norwich, Plymouth, Sunderland, Aberdeen, and other places, and for completing those at Brighton, Preston, and Swansea, while a sum of 19,000*l*. is allocated for commencing so far as may prove possible within the year, a list of contemplated new works, which includes new Offices at Burnley, Burton-on-Trent, Southampton, and elsewhere, and a new Parcel Office for Glasgow. Public Buildings, Great Britain, show an increase of 43,500*l*., the principal items being 41,000*l*. in connection with the purchase of property adjoining the National Gallery, 4,400*l*. for fitting up the new Offices of the Exchequer and Audit Department, and a further 13,000*l*. for the additional accommodation required by the Ordnance Survey at Southampton. An increase of 13,583*l*. for Harbours under the Board of Trade is accounted for by the provision of 4,400*l*. to cover the cost of removing the Stag Rock at Holyhead, and of 10,250*l*. for Grants in Aid of Harbour Improvements at Pwllheli and Portknockie. The requirement for Public Works and Buildings, Ireland, is increased by 19,495*l*., largely under the head of Maintenance, for which additional expenditure is found to be unavoidable. The provision for New Works in this Estimate includes a further sum of 5,000*l*. for the Cork Post Office Extension, 2,500*l*. on account of the Government contribution to the re-construction of Newcastle Pier, and 9,500*l*. for expenses connected with the removals of departments which will take place on the acquisition of the site for the proposed new College of Science in Dublin. No provision appears in the Estimate for acquisition of the site, or for construction of the College, as it is proposed to invite Parliament to provide otherwise for the cost of these services.

CLASS II.

6. Salaries and Expenses of Civil Departments are estimated at a net total of 2,607,994*l*., being an increase of 20,642*l*. There is a reduction of 146,852*l*. in the provision for expenses in connection with the Census of 1901, for which sums amounting to 172,324*l*. were included in 1901-2 in the Estimates for the Offices of the three Registrars General, as against 25,472*l*. in 1902-3. Allowing for this reduction, the real increase on the other Services included in Class II. is 167,494*l*. The great bulk of this increase arises on the Vote for Stationery and Printing, which amounts to 770,145*l*., as compared with 648,037*l*., an increase of 122,108*l*. This additional provision is rendered necessary by the growth of demands from the services generally, but mainly by the enhanced requirements of the War Office, which in each of the last three years have had to be met out of Supplementary Votes. In the Estimate for the Board of Agriculture provision is now made for the Salaries of the Temporary Staff employed on Swine Fever business, formerly charged directly to the Cattle Pleuro-Pneumonia Account for Great Britain. The change involves no increase of net cost to the Vote, to which the expenditure will be recouped from the Account,

but it has the effect of bringing the numbers and remuneration of the Staff more immediately under view. The provision for the Department of Agriculture and Technical Instruction, Ireland, shews an increase of 17,439*l.*, which includes a considerable increase in the Staff of the Dublin College of Science and in grants to Secondary Schools.

CLASS III.

7. The Estimates under the Head of Law and Justice amount to a total of 3,862,773*l.* or 20,994*l.*, more than in the present year. The most notable increase is one of 34,216*l.*, in the requirement for English Prisons, owing to the rise in the number of prisoners under detention in Local Prisons, the average number of these prisoners being estimated for 1902-3 at 17,000, as against the original estimate of 15,500 for 1901-2.

CLASS IV.

8. The services of Education, Science and Art are submitted at a total of 13,034,451*l.*, which represents an increase of 240,446*l.* over the original provision for the present year. Out of this total a sum of 9,921,862*l.* is required for the Board of Education, being an increase of 170,884*l.*, which follows upon increases of 190,587*l.* in 1901-2, and of 279,185*l.* in 1900-1, the first year in which the former Departments of Education and of Science and Art were united in one Vote. The chief cause of increase is the anticipated growth in the number of Scholars in average attendance at Day Schools, requiring an addition of 38,733*l.* to the provision for Fee Grants and—in conjunction with an increase in the estimated average rate of grant—an addition of 91,484*l.* for Annual Grants. A partial redistribution under the Sub-heads of the Estimate is rendered necessary by the transfer from the Elementary to the Secondary Branch of the Board of the administration of the grants formerly made under the Evening Continuation School Code, 1900, that Code being now superseded by the Board's Minute of the 3rd July 1901, establishing Regulations for Evening Schools and Classes. The Estimate for Scientific Investigation includes the final instalment of the grant of 45,000*l.* in aid of the expenses of the National Antarctic Expedition, and also the first instalment of a proposed contribution of 42,000*l.*, to be spread over three years, towards the expenses of the International Scheme of Investigations in connection with the Fisheries of the North Sea and adjacent waters. In the Estimate for Public Education, Scotland, as in the Board of Education Estimate, a rearrangement of the provision is required owing to the fact that a Code for Continuation Classes has replaced the former Evening Continuation Schools Code and the Science and Art Directory as relating to Evening Schools. An increase of 43,831*l.* on this Estimate is required partly for increased Grants to Continuation Classes and to Training Colleges, but mainly for the anticipated growth of attendance in Day Schools, which, together with an increase in the estimated average rate of Annual Grant, entails an addition of 32,233*l.* under the heads of Annual Grants and Fee Grants.

CLASS V.

9. Among Foreign and Colonial Services the Estimate for the African Protectorates under the Foreign Office shews an increase of 185,044*l.* The Grant in Aid of the British East Africa Protectorate is increased by 151,000*l.*, which, however, is partly counterbalanced by a reduction of 37,000*l.* in the Grant to Uganda, caused by

the transfer of certain territories from the latter to the former Protectorate. The enhanced requirement for British East Africa is also in part attributable to the provision made to meet an anticipated deficiency on the working expenses of the Uganda Railway and for the purchase of Steamers for Lake Victoria. Further sums amounting to 770,000*l.* have been borrowed for the purposes of the Uganda Railway Acts, and an additional annuity of 46,044*l.* becomes chargeable to this Vote for repayment of those sums. A grant of 25,000*l.* is required for Somaliland in 1902-3 in consequence of the military operations in that region. The Estimate for Colonial Services includes the proposed Grant of 1,800,000*l.* in aid of the Revenues of the Transvaal and the Orange River Colony, the previous Grant of 6,500,000*l.* having been taken on a separate Supplementary Vote in 1901-2. This second Grant is required in order to complete the provision for expenditure up to the 30th June 1902, the close of the financial year in the Colonies, chiefly in respect of the maintenance and equipment of the South African Constabulary and the deficiency on the working of the Railways. Hitherto the charges for outward telegrams on Foreign and Colonial service have been borne on the Votes for the Foreign Office and the Colonial Office respectively. The whole cost of Foreign Service Telegrams, both inward and outward, is now provided for in the Vote for Diplomatic and Consular Services, and similarly for Colonial Service Telegrams in the Vote for Colonial Services. The Estimate for Subsidies to Telegraph Companies is extended to include the Grant in Aid of the expenses of the Pacific Cable, for which purpose a sum of 120,000*l.* is required in 1902-3; thirteen-eighteenths of the expenditure, as defined in the Pacific Cable Act, 1901, will be recoverable from the Colonies concerned. A special Vote is added in Class V. to provide the sum of 40,000*l.*, the British share of a loan made to the Government of Crete, conjointly with France, Italy and Russia. The British loan, the amount of which was advanced from the Treasury Chest Fund in the autumn of last year, will be repaid with interest by Crete.

CLASS VII.

10. This Class includes a special Vote of 100,000*l.* for expenses in connection with the Coronation of His Majesty.

The annual Vote for repayments to the Local Loans Fund, which in recent years has been presented as a Supplementary Estimate at the close of the financial year, is submitted as one of the original Estimates for 1902-3, at a total of 25,141*l.*, being the amount which was directed by the Public Works Loans Act, 1901, to be written off from the Assets of the Fund.

II. REVENUE DEPARTMENTS.

11. The net total of the Estimates for Revenue Departments is 17,791,250*l.*, an increase of 722,262*l.* over the adjusted total for 1901-2, which was 17,068,988*l.*, including a Supplementary Grant of 40,000*l.* for the Customs.

12. The Supplementary Grant for the Customs service in the present year was required for the additional staff rendered necessary by the imposition of new duties on Coal and Sugar. The same cause is mainly responsible for the further increase of 14,200*l.* on the Customs Estimate for 1902-3. Changes of taxation are also in part accountable for the increase of 95,057*l.* for the Inland Revenue Department, which includes provision for additional staff in the Excise and Tax Surveying Departments, and also for increased allowances to Collectors and others in conse-

quence of the higher rate of Income Tax. A special charge of 20,100*l.* falls on the Vote for 1902-3 for the supply of copies of Poor Rates, &c. for the purposes of the quinquennial re-assessment.

13. For Post Office, Packet Service and Telegraphs the total net provision required is 14,751,980*l.*, which compares with a total of 14,138,975*l.* in 1901-2, showing an increase on the three Services under the Postmaster General of 613,005*l.*

An important change of form has been made in the Estimates for the Post Office and for Telegraphs as regards the manner of bringing to account the provision for Services which are common to both administrations. In the Estimates of previous years, while the gross cost of these common services was shown in detail on the Post Office Estimate, a deduction was made, under each service, of that proportion of its cost which was considered to be properly chargeable to Telegraph Account; and the sums thus deducted in detail from the Post Office Estimate were brought separately to charge on the Estimate for Telegraphs. The apportionments under the various heads of service were made in different proportions, and the calculations required for the purpose of allocating payments between the Votes entailed much labour and expense. With a view to the simplification of this procedure, a Committee was appointed by the Postmaster General to advise as to the adoption of a uniform proportion for the division of the common expenditure between the Postal and Telegraph Accounts. The conclusion arrived at by the Committee was that a fair distribution would be attained by charging the Telegraph Vote with 25 per cent. of the aggregate expenditure on common services. Effect has been given to this recommendation in the framing of the Estimates for 1902-3. The Post Office Estimate shows the gross provision both for services purely Postal and for services common to Post Office and Telegraphs. The common services are comprised in four Sub-heads amounting to a gross total of 9,276,620*l.* A sum of 2,319,155*l.*, being 25 per cent. of that total, is deducted from the gross total of the Post Office Estimate, and provided for in the Estimate for Telegraphs. As circumstances may occur to change the relative distribution of the common services between the two Accounts, the present basis of distribution is made subject to revision three years hence.

The number of Examining Officers 2nd Class to be reduced to 821 in 1903-4, corresponding places to be added to Clerks and Tabulators. Out-door Officers, appointed in London prior to 1872, rise to a maximum of 101l., and several receive Allowances in lieu of payments formerly made to them for acting as Examining Officers. Official rooms are occupied by two Outdoor Officers. This Inspector occupies an official residence.

The office of Preventive Surveyor will cease when the present holders retire, two of whom occupy places to be filled by Chief Preventive Officers.

As vacancies arise one place in every five will be filled by a Watcher until 100 places are so filled. Official rooms are occupied by six men.

An allowance of 4½d. a day in lieu of the ration of rum is paid to each of the crew of the "Vigilant." The present engineer has a personal salary of 15l. a month. The pay of the four officers was formerly provided for under B 1c.

** Surveyors of Taxes in Scotland receive remuneration from local sources. See Note under "Out-Door Department, Taxes."

** Collectors of Inland Revenue in Ireland engaged in the collection of Quit Rents, under 10 Geo. IV. c. 50, s. 89, are allowed by the Office of Woods 2 per centum on the amounts collected, but an arrangement has been made by which their Clerks receive one-third of the poundage thus paid, to remunerate them for their assistance in the business. 715*l.* 15*s.* 11*d.* was so paid in the year ended 31st March 1901.

** Certain Officers and Messengers act in some Districts as caretakers of offices, and in some instances occupy spare rooms, besides receiving a small allowance to cover actual cost of cleaning, &c.

** Under Sub-Head E. provision is made for allowances that may be paid to Officers of Inland Revenue, acting as Collectors of Taxes. In the year 1900-1 the payments amounted to 1,776*l.* 2*s.* 7*d.*

** Officers of the Out-Door Department, Excise, receive Rewards (Sub-Head Q.) for detection of evasions of the Revenue Laws.

† About 2,000*l.* of this amount, representing the value of Paper, Forms, and Parchment sold to the public, will be repaid by the Inland Revenue to the Stationery Office.

* Certain Surveyors of Taxes in Scotland, who are Assessors under the Lands Valuation Act, and who have consequently to perform duties of Registrars of Voters, receive various sums from local sources for their expenses and as remuneration for their services in preparing the Voters' Rolls, Register of County Council Electors, &c. According to the returns of those Surveyors, the sums thus received by them for the year 1900-1901 amounted in the aggregate to 6,318*l.* 5*s.* 1*d.*, out of which they claim to have defrayed expenses to the amount of 1,573*l.* 11*s.* -*d.*, leaving 4,744*l.* 14*s.* 1*d.* as the net personal emolument derived from such sources by 19 Surveyors.

† See also under Sub-Head O.

‡ Those Surveyors and Assistant Surveyors who, prior to the 1st November 1888, were entitled to rise to a maximum of 40*l.* retained their former right to do so.

§ Temporary Copyists are eliminated from these numbers, provision being made for them under the sub-item "Copying," above.

¶ This item will eventually replace Risk Money, which has now been made personal to the present recipients (except in the case of four Stampers, p. 29).

EXPLANATIONS.

CIVIL SERVICES.

CLASS I, VOTE 11, *Peterhead Harbour*.—This Excess was caused by the payment of a gratuity of 163*l.* 16*s.* to a late foreman as compensation for injury. The charge could not have been foreseen when the Estimate was framed.

CLASS III, VOTE 7.—*Prisons, England and the Colonies*.—This Excess was due principally to an unexpected rise in the cost of fuel.

<p>This provision is required to enable free grants to be made, under the direction of the Secretary of State, in aid of the Sugar Industry in the West Indian Colonies during the period to 1st September 1903, at which date the Brussels Convention is expected to come into operation. The Colonies to which grants are intended to be allocated include British Guiana, St. Kitts-Nevis, Trinidad, Antigua, St. Lucia, Jamaica, Barbados, St. Vincent, Montserrat. The amount of grant to each Colony and the purposes to which it will be applied will be determined by the Secretary of State according to the circumstances of the Sugar Industry in the Colony and the dependence of the Colony as a whole upon the Industry. The Grant in Aid will be paid over to the Crown Agents for the Colonies, and no part of the sum so paid over within the financial year will be surrendered. The expenditure out of the Grant in Aid will be subject to audit by the Comptroller and Auditor General.</p>

O B S E R V A T I O N S.

- - - - -	Casual variation.
- - - - -	Some of the old timber partitions, after they had been exposed in the course of the operations, were found to be in such a bad state of decay that they had to be removed and renewed. An unexpectedly large amount of repair to the floors, woodwork, finishings, and plasterwork proved to be necessary.
- - - - -	The Well-hole had to be formed in the thickness of an old wall which was solidly built of very hard stone, and the cutting away and making good proved to be more costly than had been anticipated. To improve the ventilation, it was found to be necessary to continue the well-hole up another storey and through the roof.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

- A.—Changes in the staff at Kew Gardens resulted in a saving on the provision for the year.
- B.—Casual variation.
- C.—The payments for cloth were not so great as had been anticipated, and the service was somewhat over-estimated.
- D.—Casual variation.
- E.—*See* Statement of New Works.
- F.—Casual variation. Through a clerical error the sum of £256 intended to be provided under this Sub-Head for the maintenance of Linlithgow Peel was taken under Sub-Head E.
- G.—Casual variation.
- H.—Certain Tithes were not claimed, and the service was slightly over-estimated.
- HH.—Compensation was paid (30*l.*) for injury done to Miss Littlewood by a Buck in Bushy Park. The medical expenses (5*l.* 2*s.* 6*d.*) incurred by the Superintendent of Bushy Park for injury done to him by a Buck were repaid.
- I.—More was realised from the Sale of Timber than had been expected.

EXTRA REMUNERATION.

In addition to his salary provided in this Vote, an Assistant at the Royal Gardens, Kew, received from the Vote for Board of Education, for services as Assistant Examiner, 41*l.* 14*s.* 6*d.*

CLAIMS ABANDONED.

3*l.* 18*s.* 8*d.*, being the amount due in respect of a license to let Cycles for hire in Regent's Park, has, with Treasury authority, been written off as irrecoverable.

The work was postponed owing to difficulties in settling the accommodation. The expenditure is for hoarding.

The necessity for an improvement in the accommodation at this Court was repeatedly pressed by the Judge and Registrar, and a commencement of the alterations was made this year. Provision is made for the completion of the works in Parliamentary Estimate, 1901–2.

VOTE 4.

MISCELLANEOUS LEGAL BUILDINGS, GREAT BRITAIN.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

- Excess.** 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads A, D, F., and G.
- New Works.** 2. The Statement of Expenditure for "New Works" appended to the Account shows various savings and excesses, with observations thereon. As the total amount of the Estimate for New Works under Sub-Head A. in 1900-1901 was reduced by an unapportioned sum of 500*l.* in respect of works which might not be executed within the year, an exact comparison cannot be made between the amounts under the respective items included in the net grant and the amounts actually expended on the several works. The Account shows a net excess of 28*l.* 14*s.* 2*d.* under Sub-Head A. Under Sub-Head G. there is a similar unapportioned deduction of 500*l.*, to which is apparently due the excess of 338*l.* upon this Sub-Head.
- County Courts.** 3. The Statement of New Works also shows that the sum of 658*l.* 14*s.* 10*d.* has been expended, with Treasury sanction, on alterations to the Lambeth County Court, for which no provision was made in the Estimates for 1900-1901; provision is, however, made for this service in the Estimates for 1901-1902. Out of sums of 500*l.* and 1,400*l.* provided for new Courts and Offices at Cardiff and Middlesbrough respectively, only 41*l.* 11*s.* 4*d.* and 135*l.* 19*s.* 2*d.* were spent. The works are stated to have been postponed, in the one case owing to difficulties in settling the accommodation, and in the other owing to the very limited competition and high tenders. I observe that the site at Middlesbrough appears to have been acquired so long ago as in the year 1897-98, and it was stated last year that the work of erecting the new Court had been "necessarily postponed."
- Surplus.** 4. The Amount to be Surrendered is, as shown by the Account, 147*l.* 5*s.* 8*d.*

It is always difficult to estimate the cost of skylights in this building. In this case the roof had to be opened before the position of the girders could be ascertained, and some of the roof principals had to be altered.

DIPLOMATIC AND CONSULAR BUILDINGS.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

New Works. .1. Variations between the sums estimated for New Works and those expended are explained on the Statement of Expenditure for "New Works" appended to the Account. The excesses have been sanctioned by the Treasury.

The amount, 500*l.*, provided for the site of a Consulate at Kinchassa, Congo State, was not spent, the scheme having been abandoned. In anticipation of the provision made in the Estimates for 1901–1902, a sum of 334*l.* 7*s.* 8*d.* was expended on the purchase of a site for a Consulate at Thorshavn, Faroe Islands.

The amounts provided for the Legation Houses at Bangkok and Lisbon, for water service at Téheran, and for the Chancery of Washington Embassy were expended in part only, for the reasons given in the Statement. On the other hand, expenditure was incurred with Treasury sanction, on certain services at Athens, Bangkok, Berlin, and Tangier, for which there was no provision in the Estimates.

2. The Statement of New Works shows an expenditure in 1900–1901 of 369*l.* 16*s.* in respect of the completion of the Summer Residence for the Legation at Peking, making the total expenditure for this service 6,570*l.* 11*s.* 5*d.* It appears from the Statement that the Building was destroyed by the Boxers before it was quite completed, and the Treasury have expressed the opinion that a special record should be kept of the expenditure in connection with the restoration of the Embassy after the war, and that the Foreign Office should be communicated with as to the possibility of recovery.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—*See* Statement of New Works.

B.—Casual variation.

C.—Casual variation.

D.—The expenditure on the Outports, England and Wales, was under-estimated.

E.—Due to increase in price of coal, &c.

F.—*See* Statement of New Works.

G.—Exceeding mainly due to expenditure consequent on a re-arrangement of rooms of the Estate Duty Office, Somerset House, to provide for increased staff.

H.—The excess is partly due to additional furniture having been required for the Estate Duty and Character Departments and to additional shelving for the Joint Stock Companies' Files; and partly to the expenditure for Country Offices having proved to be larger than had been estimated for.

I.—Casual variation.

J.—Increased cost of coal.

K.—*See* Statement of New Works.

L.—A very large expenditure occurred in restoring the Head Post Office, Manchester, after the serious fire which took place in that building. The necessary expenditure on the Offices in the Country exceeded the amount anticipated.

M.—The requirements of the Post Office were much greater than had been anticipated.

N.—Casual variation.

O.—*See* Statement of New Works.

P.—*See* explanation under L.

Q.—Increase of business led to much larger demands for furniture than had been anticipated.

R.—The requirements, particularly for steam coal in connection with the Engineering Branches, proved much greater than had been originally anticipated.

S.—The receipts from the Sale of old Materials, Post and Telegraph Buildings, were much larger than had been anticipated, and there were some unforeseen receipts for rent.

CLAIM ABANDONED.

A claim for 2*l.* 5*s.* 6*d.* (or Piastres 250) being the amount of rent receivable in respect of a portion of the Old Post Office Building at Constantinople, has, with Treasury authority, been abandoned.

The Surplus of 679*l.* 5*s.* 2*d.*, shown on the Account of the Vote "Revenue Buildings," for the year ended 31st March 1900, has been surrendered.

OBSERVATIONS.

Casual variation.

An unexpectedly low tender was received.

For many years efforts have been made to secure a site for Inland Revenue Offices, the accommodation being inadequate and unsatisfactory. During this year the buildings occupied as Inland Revenue Offices and adjoining premises came into the market and were purchased by the Government. These premises are being adapted for the increased requirements of the Revenue. (See Parliamentary Estimate for 1901-2.)

OBSERVATIONS.

The progress of the works in 1899-1900 was much slower than had been anticipated. When the estimate for 1900-1901 was prepared it was expected that it would be possible to expend in 1899-1900 about £10,000 more than was actually provided in the Vote for that year, but this expectation was not realised, and a much heavier charge fell upon 1900-1901 than had been provided for. The total excess is due to the fact that the cost of the new furniture required was under-estimated

In order to meet loss of space in other directions, it became urgently necessary to secure accommodation for the Storage of surplus Parcel Post baskets at Mount Pleasant. Houses in Farringdon Road belonging to the Government have been adapted for the purpose, and a small part of the expenditure fell on this year.

The Lease of 2, Station Road, ran out, and a new office was acquired at 290, Seven Sisters Road. Considerable expenditure had to be incurred upon the necessary adaptations, fittings, and furniture.

This was part of a scheme for the removal of Staff from G.P.O. West to G.P.O. East, in order to meet the urgent need for the appropriation of considerably more space for the increased Telegraph work in the Central Telegraph Office, G.P.O. West, and to provide for an increase of staff in the Offices of the Engineer-in-Chief and Controller of Stores.

These services were urgently required, to meet the growing needs of the Staff.

Required in consequence of increase of Staff.

		297	7	11

The accommodation at the present Office is both inadequate and insanitary, and it is proposed to erect a new office on the termination of the lease. A site has been acquired and the expenditure in 1900-1901 represents the cost of fencing.

The work has outgrown the accommodation, and advantage was taken of a favourable opportunity for purchasing a site for a New Sorting Office. Some preliminary charges in connection with the erection of the building fell upon this year.

Complaint was made of the noise caused by the trolleys conveying the mails between the Station and the Branch and Sorting Offices, there being a steep incline, and alterations were necessary to abate the nuisance and secure the safety of the Staff.

This expenditure was incurred in clearing the site required for the extension of the Post Office Building.

Owing to the continued growth of business, it became necessary to hire two rooms in adjoining premises and to adapt them for Postal purposes.

It became necessary to provide a Branch Post Office in Canning Place, consequent on the transfer of the Head Post Office business hitherto transacted there to the New Head Post Office, and to alter and fit up the building accordingly.

Owing to increase of business the accommodation at the Old Office became inadequate. A site for a New Office was purchased and a new building is being erected. A small preliminary charge fell upon this year.

This office was too small for the business transacted and an enlargement became urgently necessary.

STATEMENT OF EXPENDITURE FOR NEW WORKS—continued.

OBSERVATIONS.

Required to meet the great pressure at Christmas.

[illegible]

The Old Office at Cliftonville was too small for the work, and new premises were acquired and fitted for Postal purposes.

The accommodation at the Old Office was cramped, and new premises were hired and adapted for Postal purposes.

[illegible]

Alterations at this Office were much needed, and part of the cost fell on this year.

Improved accommodation at this Office, especially for the Women Clerks, was urgently needed.

Alterations were made by the London and North-Western Railway Company, to the Sorting Office at St. ord Station, and additional fittings and furniture had to be provided.

Owing to increase of work it became necessary to enlarge this Office and to adapt the additional accommodation for Postal purposes.

The sanitary arrangements were the subject of complaint by the Local Medical Officer, and steps were taken to put the building into a proper sanitary state.

The Excess on provision for the year is due to the damp state of the Building in the early part of 1900 which made it necessary to delay the fixing of the Joiner's work, finishings, and wood floors. The total excess is due to the Tenders for the Building and the cost of the fittings and furniture having proved to be higher than had been anticipated

Required for the use of the Sorting Clerks and Postmen.

Additional accommodation for the storage of parcels was much needed in the General Post Office, and certain vacant space in the adjoining Inland Revenue Office was appropriated for parcel purposes. The expenditure is for the necessary alterations and fittings.

These alterations were for the purpose of providing better ventilation and enabling mechanical means to be used for the conveyance of messages.

The lease of the Old Office at Partick expired at Whitsuntide, 1900, and the lessor demanded a largely increased rent for renewal. New premises were acquired and adapted and fitted for Postal purposes.

These alterations were necessary in the interests of the staff. Serious complaints were made of the bad ventilation, and its effect on the health of the occupants of the room.

Additional space was much needed for dealing with registered packets.

This expenditure represents some small payments which were made in connection with the acquisition of the site.

The Crown Post Office at Hawick is insufficient for the business. The building and adjoining premises have been purchased by the Government with a view to the enlargement of the office. A small preliminary charge fell upon this year.

REVENUE BUILDINGS.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

Excess. 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads B., D., E., F., G., H., J., L., M., P., Q., and R.

New Works. 2. The variations between the Grant and Expenditure upon the several works provided for under Sub-Heads A., F., K., and O., are explained by the Accounting Officer on the Statement of Expenditure for "New Works," appended to the Account.

General Remark. 3. The Statement shows that in seven cases no expenditure has taken place upon works for which sums amounting to 16,750*l.* were provided; whilst in twenty other cases, out of an aggregate provision of 38,075*l.*, the Expenditure amounted to 3595*l.* 9*s.* 7*d.* only. In seventeen of the twenty-seven cases it is explained that in consequence of a higher rate of progress upon certain works and of unforeseen expenditure upon others it was, for financial reasons, found to be either impossible to carry out the works, or desirable to postpone their commencement. In the remaining ten cases there were delays owing to difficulty in obtaining materials, questions of ancient lights, consideration of plans, change of sites, high tenders, and negotiations with local authorities.

On certain other items, including additions and alterations of a minor or unforeseen character, expenditure, amounting in the aggregate to 18,182*l.* 15*s.* 8*d.*, has been incurred in excess of the sums provided in the Estimates; whilst the expenditure (mostly remanets) on works for which there was no provision in the Estimates for 1900-1901, amounted to 7,343*l.* 6*s.* 10*d.* The various excesses have, where necessary, received the sanction of the Treasury, and have been met out of savings upon other items of work.

Sub-Head F. 4. Inland Revenue Buildings.—A sum of 3,467*l.* 16*s.* 3*d.*, for which there was no provision, has been expended on the purchase of property and its adaptation for an Inland Revenue Office at Norwich. Provision for the adaptation is, however, made in the Estimates for 1901-1902.

Sub-Head K. and O. 5. Post Office and Telegraph Buildings.—As the total amount of the Estimate for New Works under Sub-Heads K. and O. in 1900-1901 was reduced by an unapportioned sum of 57,240*l.* in respect of works which might not be carried out during the year, an exact comparison cannot be made between the amounts under the respective items included in the net grant and the amounts actually expended on the several works. The Account shows net savings of 5,836*l.* 13*s.* 2*d.* and 5,033*l.* 4*s.* 5*d.* under Sub-Heads K. and O. respectively.

Excesses. 6. The gross amount of excesses on Post Office and Telegraph Buildings shown at the end of the New Works Statement on page 70 is 20,277*l.* 10*s.* —*d.*, and includes expenditure in the period of this account on Mount Pleasant Parcel Office (Third Section), exceeding the sum of 12,000*l.* provided for that Service by 10,227*l.* 12*s.* 1*d.* The work has been going on for some years, and as shown on the Statement of New Works, the total expenditure up to the 31st March, 1901, had exceeded the Estimate by 1,090*l.* —*s.* 3*d.* only.

After allowing for the deduction of 57,240*l.* from the total of the Estimate alluded to in par. 5, the unexpended balances as shown in the Statement amount to 31,147*l.* 7*s.* 7*d.*, and the excesses to 20,277*l.* 10*s.* —*d.*

Sub-Head L. 7. Maintenance and Repairs of Post Office Buildings.—With reference to the explanation given on the Account as to the excess under this Sub-Head, viz., that "a very large expenditure occurred in restoring the Head Post Office, Manchester, after the serious fire which took place in that building," I observe that the payments in 1900-1901 on account of this service amounted to 3,700*l.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—*See* Statement of New Works.

AA.—The Figures in the Estimate were not exact.

B.—The Expenditure under this Head, which is spread over a very large number of buildings increasing year by year, was under-estimated.

C.—Casual Variation.

D.—Ditto.

E.—Ditto.

F.—The provision for the Supply of Water by Public Companies was inadequate.

G.—Savings were effected in carrying out the work.

H.—*See* Statement of New Works. The cost of ordinary maintenance was less than had been anticipated.

I.—*See* Statement of New Works. The charge for maintenance was less than had been anticipated.

J.—Casual Variation.

K.—The rents received in the year for the use of premises belonging to the Department were unexpectedly large.

EXTRA REMUNERATION.

In addition to their wages paid from this Vote, various Caretakers, Warders, &c., received pensions from Army, Navy, and Police Funds.

The Surplus of 980*l.* 6*s.* 4*d.*, shown on the Account of the Vote "Public Buildings, Great Britain," for the year ended 31st March 1900, has been surrendered.

This is only an apparent Excess. Half of the total cost of the service was chargeable to Sub-Head A. (King's Bench), and half to Sub-Head H. (Probate). The whole of the Expenditure in 1899–1900 was, however, charged to Sub-Head H. An adjustment has been made in 1900–1901, and the Expenditure *ab initio* equalized. The result of the adjustment, so far as 1900–1 is concerned, is to show a large excess under Sub-Head A., and a large saving under Sub-Head H.

There was no charge against this item in consequence of the intention of the London County Council to defer making a claim in respect of the Cross Roads, until the buildings in course of erection have been completed.

Total Estimate	-	161,500	-	-
Amount expended to				
31 March 1901	-	134,200	4	6
Balance	- £.	27,299	15	6

It was found impossible to spend the whole amount anticipated.

- - - - -	Ditto.
- - - - -	
- - - - -	Provision was made for this Service to the extent of £500 in the Estimate in the lump sum provided for Unforeseen and Minor Works. The requirements of the Admiralty were not at first accurately known, and the cost proved to be somewhat greater than had been anticipated.
- - - - -	An item of £150 for this Service is included in the list of Unforeseen and Minor Works, for which a lump sum was taken in the Estimate for 1901-2. There was a small preliminary charge in this year.
- - - - -	
- - - - -	The drain of adjacent premises was blocked by workmen engaged in carrying out certain works at the animal Vaccine Station, and a sum of £50 was paid for damage and expenses.
- - - - -	
- - - - -	This was rendered necessary by changes in the occupancy of 32, Abingdon Street, and 6, Old Palace Yard.

Excess. 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads B., D., and F.

New Sub-Head. 2. Since the last Account a New Sub-Head, AA., has been introduced for the purpose of showing separately the charge on this Vote for Annuities due for the most part in repayment of advances made under the provisions of the Public Offices (Acquisition of Site) Act, 1895, and the Public Offices (Whitehall) Site Act, 1897.

New Works. 3. The usual Statement of "New Works" appended to the Account shows the variations between Estimate and Expenditure in respect of the several New Works, etc., provided for under Sub-Heads A., F., H., and I. Treasury sanction, where required, has been obtained for the excesses.

As the total amount of the Estimate for New Works under Sub-Head A. in 1900-1901 was reduced by an unapportioned sum of £8,360 for services which might not be completed within the year, an exact comparison cannot be made between the amounts under the respective items included in the net grant and the amounts actually expended on the several works.

I notice that, for the reasons explained upon the Statement, no expenditure has taken place on account of the Moiety of the cost of roads on the Millbank Prison Site for which a sum of £2,000 was provided.

The cases in which the expenditure has been less than the estimate of the year include the following:—

	Unexpended.		
	£.	s.	d.
Patent Office Extension: Site and Buildings	1,307	4	5
Installation, &c., of Electric Light in principal Public Buildings	1,009	12	—
General Register House, Scotland, Extension	3,003	8	5
Survey Buildings, Southampton	1,709	7	5

Explanations of the causes of variation are given upon the Statement at pages 77, 81, 85 and 87.

Subsidy for Scientific Investigation 4. Of the sum of £1,200 included in the estimate for alterations in Nos. 77 and 78, Pall Mall, to provide additional accommodation for the War Office, £483 2s. 1d. only was expended; it is explained, at page 79, that the houses were required for another purpose, and the work was suspended. Including the expenditure of the previous year, together with rent amounting to £238 19s. 8d., charged in 1900-1901 under Sub-Head C., the sums expended on these houses out of the Vote for Public Buildings amount to £6,863 18s. 6d.

The accommodation which was to have been provided for the War Office by this purchase has been secured by a lease of Cleveland House at an annual rent of £6,500.

The other purpose served by the houses in question is shown at page 5 of the Estimates 1901-1902, where a sum of £3,000 is provided in the Vote for Royal Palaces for the "Preparation of Nos. 77 and 78, Pall Mall, for occupation as a Grace and Favour residence in substitution for Bushy House, which is to be occupied as a National Physical Laboratory."

For the adaptation and equipment of Bushy House Parliament has granted to the Royal Society a sum amounting in all to £14,000; but it deserves to be noticed that the grant of the occupation of Bushy House to the Society appears to have involved also the charge, upon the Public Buildings Vote, of the large expenditure above mentioned on the two houses in Pall Mall, on which, moreover, a ground rent of £450 a year is payable for an unexpired term of 11 years.

Wallace Collection. 5. Included in the sum of £5,133 0s. 6d., shown upon the Statement as expended upon Hertford House, Manchester Square, are payments amounting to £3,126 19s. 10d., for Furniture, Fittings and Repairs. This Expenditure is in addition to that referred to in my Report on Vote 5, Class IV., "Wallace Collection."

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A. } The staff of officers, non-commissioned officers and sappers provided for was unavoidably incomplete
 B. } during the year, and the expenditure consequently fell below the estimate.

C.—The excess arose from the employment of a larger civil force than was provided for, owing to the deficiency in the military strength. This was authorised by the Treasury on 27th March 1901 (5,249-01).

C 1.—The small saving is due to the amount of contract work completed having been below the estimate.

D.—The saving was due to the force in the field not being so large as was anticipated, and to the completion of revision work on the one-inch map of Ireland.

E.—The excess is attributed to the high price of coal, coke, and gas, and was authorised by the Treasury on 27th March 1901 (5,249-01).

F.—The saving arose from the electric instalment provided for not having been completed.

G.—The expenditure for Postage, Medical Bills, and other incidental expenses fell below the estimate.

H.—The amount realised by the Sale of Maps exceeded the estimate by 2,215*l.* 8*s.* 5*d.*, the receipts from the Land Judges' Court and miscellaneous receipts were also higher than estimated, while the amount received for Special Surveys did not reach the estimate. The receipts on the whole amounted to 1,995*l.* 4*s.* 8*d.* more than the estimate.

Losses have occurred of 15*s.* 6*d.*, and of 6*l.* 12*s.* 8*d.*, through the insolvency of two provincial map-agents. The Treasury authorised these amounts to be written off as irrecoverable in letters dated 9th January 1901 (308-01), and 21st February 1901 (2,991-01).

LETTER referred to in the foregoing REPORT.

19,614—01.

Sir,

Treasury Chambers, 12 December, 1901.

I have laid before the Lords Commissioners of His Majesty's Treasury Mr. Neale's letter of the 30th ultimo (A.G., 1., E. 5185—4068) enclosing an Appropriation Account of the Vote for Peterhead Harbour for 1900-1, which shows a gross expenditure of 24,145*l.* 2*s.* 5*d.* as compared with the total estimate of 24,000*l.* and asking this Board to sanction the application of the surpluses on Sub-Heads C. and D. of the Vote in aid of the deficit on Sub-Head A.

It appears that the deficit in question was caused principally by the payment of a gratuity of 163*l.* 16*s.* 4*d.* awarded to a late foreman employed at the Harbour works; and I am directed to request you to move the Lords Commissioners of the Admiralty to cause My Lords to be informed whether it would not have been possible, when it became known (on 31st January last) that the gratuity would be chargeable to Sub-Head A., either to curtail expenditure on works so as to avoid an excess or to seek a supplementary grant from Parliament. It is a matter of regret to this Board that an excess on the voted provision should have been allowed to arise in 1900-1 as in 1899-1900.

As the matter will be brought to the notice of the Public Accounts Committee of next Session, My Lords, pending the Committee's decision, think that it will be best to take no steps in the direction of applying Savings on Sub-Heads C. and D. to meet in part the greater deficit on Sub-Head A.

The Secretary to the Admiralty.

I have, &c.,

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—

Coast Guard Stations :	£.	s.	d.	
Castletown Bere -	211	13	5	sanctioned by Treasury Letter, No. 8725, 29th May 1897.
Dirkcove -	9	2	6	provision in 1899-1900.
Greenore -	20	-	-	sanctioned by Treasury Letter, No. 19675, 30th December 1898.
Leestones -	60	-	-	sanctioned by Treasury Letter, No. 16451, 9th October 1900.
Cork Inland Revenue -	50	-	-	sanctioned by Treasury Letter, No. 5725, 6th April 1900.
	£. 350	15	11	

The last item was paid as consideration money for surrendering premises.

B.—Reference is requested to the detailed statement which accompanies this return.

C.—The excess was mainly caused by extensive Maintenance Works at the Royal Hospital and at the Office of the Department of Agriculture. There were savings on certain Buildings which were counter-balanced by excesses on others. There is included 20*l.* 2*s.* compensation, viz., 3*l.* paid (to road contractor) for damage to public road, and 17*l.* 2*s.* paid in respect of damage to cottage caused by bursting of stream which runs through the grounds of Cape Clear National School.

D.—There were savings on the provision for certain buildings and excesses on others, including the Office of the newly established Department of Agriculture.

E.—Casual.

F.—Due to increased cost of coal and gas.

G.—The saving arose on the maintenance of the building.

H.—The provision for contingencies was not called into requisition.

HA.—Sanctioned by Treasury Letters, No. 5374 of 23rd March 1900, and No. 6938, 24th April 1900.

I.—The surplus was mainly caused by the amount realised by the sale of old plant and stores (1,013*l.*) and by the amount refunded (285*l.*) in respect of a grant made for a National School which has ceased to be used for that purpose.

CLAIMS ABANDONED.—The sum of 97*l.* 2*s.* 11*d.* was written off in the year in respect of irrecoverable rents, as authorised by Treasury Letter No. 5712, 9th April 1901.

The Surplus of 12,803*l.* 7*s.* 9*d.*, shown on the Account of the Vote "Public Works and Buildings, Ireland," for the year ended 31st March 1900, has been surrendered.

Office of Public Works, Dublin,)

VOTE 13.

PUBLIC WORKS AND BUILDINGS, IRELAND.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

Excess.	1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads C. and F.																									
Expenditure not Estimated.	2. Sub-Head A., Purchase of Sites and Buildings.—No provision was made in the Estimates under this Sub-Head. The expenditure, however, has received the sanction of the Treasury.																									
New Works.	3. Sub-Head B., New Works, Alterations, and Additions.—The detailed statement appended to the Account contrasts the estimated with the actual expenditure for each item of work for which provision was made in the year 1900–1901, and explains the reasons for the differences. It shows a total under-expenditure amounting to 15,778 <i>l.</i> 12 <i>s.</i> 5 <i>d.</i> Inclusive of expenditure incurred on special works (undertaken with Treasury sanction), and on services continued from previous years, for which no provision in 1900–1901 had been made, amounting in all to 5,875 <i>l.</i> 1 <i>s.</i> 7 <i>d.</i> , the over-expenditure on the various items set forth in the statement is shown to be 8,207 <i>l.</i> 19 <i>s.</i> 10 <i>d.</i> , which, being deducted from the under-expenditure stated above, results in a net under-expenditure of 7,570 <i>l.</i> 12 <i>s.</i> 7 <i>d.</i> , as shown upon the Appropriation Account. It will be noticed that in many instances the actual expenditure within the year was considerably less than the amounts provided for the various items of work, and this is especially the case as regards items 12 and 19. Out of sums of 8,000 <i>l.</i> , and 9,000 <i>l.</i> , provided for the Dublin Metropolitan Police Central Bridewell, and the National Gallery Extension, respectively, there remained unexpended, 3,017 <i>l.</i> 13 <i>s.</i> 5 <i>d.</i> and 3,867 <i>l.</i> 14 <i>s.</i> 7 <i>d.</i> The reasons for the short expenditure are explained upon the statement.																									
Special Sub-Head.	4. A special Sub-Head HA. has again been introduced into the Account, for the purpose of recording further expenditure within the period of this Account in connection with the “Visit of Her late Majesty the Queen.”																									
Appropriations in Aid.	5. Sub-Head I., Appropriations in Aid.—The amount which has been realised in excess of the Estimate includes a sum of 48 <i>l.</i> 15 <i>s.</i> 9 <i>d.</i> , being part of the purchase money received by the Commissioners of Public Works for the Queen’s Excise Stores, North Wall, which was sold, under the sanction of the Treasury, for 1,000 <i>l.</i> The balance will be brought to account in 1901–1902.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Provision was made for a payment of 433*l.* to the Co. Cavan Council in respect of the Cavan and Leitrim Railway for which they did not qualify in time. The remaining difference arose from savings on certain estimated payments.

Extra Receipt.—A refund from Surplus Receipts of 4*l.*, the amount contributed by the Treasury in aid of Guaranteed Dividends of the Finn Valley Railway (Stranorlar to Glenties) Order 1891 for the Half-Years ended 1st May 1897 and 1st May 1898.

The Surplus of 40*l.* 10*s.* 8*d.*, shown on the Account of the Vote "Railways, Ireland," for the year ended 31st March 1900, has been surrendered.

ACCOUNT UNDER LIGHT RAILWAYS (IRELAND) ACT, 1889.

Light Railways (A.) 5. A Statement (A) is appended, which has been prepared by the Board of Works, in accordance with the provisions of the Light Railways (Ireland) Act, 1889 (52 & 53 Vict. c. 66, s. 8), showing the moneys issued to and expended by the Board of Works in Ireland, on account of Light Railways, &c., in Ireland, under various Acts, to 31st March 1901.

As shown by Part II. (1) of that Statement, the amount borrowed up to 31st March 1901, from the National Debt Commissioners, was 542,600*l.*, which, with the amount previously expended out of Parliamentary Grants, makes up the total capitalised value of the authorised contribution from Public Funds, viz., 1,142,599*l.* 7*s.* 1*d.*, and this sum, as shown by the Statement, has been wholly expended.

Stranorlar and Glenties. The Expenditure recorded during the year, as shown in Part II. (2), was 5,565*l.* 19*s.* 8*d.*, and was on account of the Stranorlar and Glenties Railway. Of this sum, 5,435*l.* 19*s.* 8*d.* forms part of an amount of 11,092*l.* 16*s.* 2*d.* which has been paid under an Arbitration Award to the Contractors for the construction of the line: the balance, viz., 5,656*l.* 16*s.* 6*d.*, has for the present been charged to a Suspense Account, and together with a further sum of 611*l.* 15*s.* 2*d.*, which has been paid into the Supreme Court, awaits the result of an Action between the Office of Works and the Contractors.

ACCOUNT UNDER TRAMWAYS (IRELAND) ACT, 1895.

Tramways (Ireland) Act, 1895. 6. The Statement (A) also shows (Part III.) that 115,833*l.* has been issued to and expended by the Board of Works under the provisions of the Tramways (Ireland) Act, 1895 (58 & 59 Vict. c. 20), for the redemption of Treasury liabilities to Tramway Guarantees under the Act 46 & 47 Vict. c. 43.

Penalty for Inefficiency. In view of the principle, established by sec. 3 of the Tramways (Ireland) Act, 1895, that if railways for which Treasury liabilities have been commuted are not efficiently maintained, the Local Authorities shall pay the penalty of 3 per cent. on the capital sums paid by the Treasury, I inquired whether the Commissioners of Works had been furnished with satisfactory evidence that the "West Donegal," the "Tralee and Dingle," and the "Mitchelstown and Fermoy" Railways had been efficiently maintained and worked. In reply, I was informed that the Board's views in the cases of "West Donegal" and "Tralee and Dingle" were, that the section referred to does not provide for a periodical certificate that the lines have been efficiently maintained and worked,—it being

CLASS I.—*continued.*VOTE 14.—RAILWAYS, IRELAND—*continued.*

added that, if the lines were not being efficiently worked, they would not fail to hear of it; and it would be within their province to report the circumstances to the Board of Trade; but as regards the "Mitchelstown and Fermoy" Line they assumed that as the commutation was carried out under the Great Southern and Western Railway Act, 1900 (63 & 64 Vict. c. cxiv., local), and the Public Works Loans Act, 1900 (63 & 64 Vict. c. 36), section 3 of the Tramways (Ireland) Act, 1895, did not apply.

ACCOUNT UNDER RAILWAYS (IRELAND) ACT, 1896.

7. A Statement (B) is also appended, which has been prepared by the Board of Railways Works, showing the money issued to and expended by the Board of Works in Ireland (Ireland) under the provisions of the Railways (Ireland) Act, 1896 (59 & 60 Vict. c. 34), for the Act, 1896 period ended 31st March 1901.

For the purposes of that Act the Treasury are empowered to advance sums not exceeding 500,000*l.* out of money to be borrowed from the National Debt Commissioners. (B.)

The expenditure upon railways and coach and steamer services to 31st March 1901 has been 244,658*l.* 18*s.* 1*d.*, which has been provided by means of loans amounting to 250,000*l.* obtained from the National Debt Commissioners under the authority of Section 4 of the Act, leaving a balance of 5,341*l.* 1*s.* 11*d.*, in addition to which there was a balance in the hands of the Board of Works on 31st March 1901 of 2,995*l.* 8*s.* 1*d.*, being the amount of the net traffic and other receipts arising from coach and steamer services to 31st March 1901.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

- A.—This was an over-estimate on the Messenger's salary.
- B.—An annual increment of 1*l.* 5*s.* on a Messenger's salary was sanctioned after the preparation of the Estimate.
- C.—The office of Reading Clerk was vacant during the greater part of the financial year, and there was but one small charge on the item "Indexing Reports of Select Committees."
- D.—There was an excess of charge for delivery of "Minutes, Papers and Journals" owing to the unusually large number of Papers laid before Parliament.
- F.—A saving accrued on this Sub-Head owing to the death of the Attendant in the Library, and the appointment of his successor at a lower initial salary after a vacancy of two months.
- G. } The charges were severally below the Estimate.
H. }
- I.—The excess on this Sub-Head was mainly caused by the additional charges arising on the Opening of Parliament by the King in Person.
- K.—There were no Witnesses called on any Committee of the House on Public matters.
- L.—Savings arising from the small amount of Public Committee Business.
- M. }
N. } The charges on these Sub-Heads were severally below the Estimate.
O. }
- P.—Appropriations-in-Aid.—The receipt of Fees on Private Bills and Oppositions thereto was considerably above the Estimate. The Private Bills for the ensuing Session not being deposited until after the preparation of the Estimate, it is almost impossible to calculate the probable amount of Fees thereon.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This saving was principally due to (1) the non-payment of Salary to a Junior Lord of the Treasury while on active military service in South Africa, and (2) changes in the staff consequent upon retirements, &c.

B.—Cannot be accurately estimated.

C.—No inquiries were held during the year.

D.—Casual variation.

E.—Casual variation.

F.—The Fees depend upon the number and nature of the Bills required to be drafted, and cannot therefore be accurately estimated.

G.—Casual variation.

H.—Less progress was made with the revision of the Scotch Pre-Union Acts and the preparation of the Index to the Local and Private Statutes than had been anticipated. The provision for the attendance of draughtsmen before Committees of Parliament was not required.

J.—This saving was due principally to retirements. It would have been larger but for the employment of Second Division Clerks in excess of the number provided for, owing to increase of work.

L.—Due to vacancies and to appointments thereto at lower rates of salary.

M.—Cannot be accurately estimated.

N.—Due to the employment of additional Boy Copyists in connection with the work of Registration of Joint Stock Companies under the Companies Act, 1900.

O.—The amount provided for Clerical Assistance was in excess of actual requirements.

P.—The expenses of the Superintendent and Actuary in connection with the quinquennial valuation of the Pension Fund were greater than had been anticipated.

R.—Casual variation.

CLASS II.—*continued.*VOTE 4.—HOME OFFICE—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Due to savings consequent on (1) changes in personnel, and (2) the absence of a Clerk on Military Service in South Africa.

B.—A casual variation.

C.—The expenditure under this Sub-Head is subject to considerable fluctuations, and cannot be estimated with exactness.

D.—A casual variation.

E.—Due to the following causes :—(1) savings consequent on (a) the death of an Inspector ; (b) the retirement of two Inspectors ; and (c) the absence of an Inspectors' Assistant on Military Service ; and (2) numbers having been below strength in consequence of the appointment of the additional Staff not having been entirely completed within the financial year.

F.—This surplus arises as follows :—(1) as stated under the previous Sub-Head, the Staff was not up to its full strength ; (2) several Inspectors were absent on sick-leave ; and (3) owing to special causes, a larger demand was made upon the time of the Inspecting Staff for office work, causing a corresponding diminution in their visiting power, especially as regards the outlying portions of the various districts.

G.—Due to an under estimate of the number of accident reports which would be received.

H.—The estimate under this Sub-Head is necessarily only approximate. In 1900-1 the expenditure was exceptionally heavy owing to payments in connection with the investigation into the lucifer match industry and an Arbitration in regard to special rules for lucifer match works.

I.—A casual variation.

K.—Fractional part of a £.

L.—The Inspectors found it necessary to devote more time than was expected to the testing of mining explosives at Woolwich, and the Chief Inspector was detained in London by official business to a greater extent than was anticipated.

M.—A casual variation.

N.—A nominal sum only is taken under this Sub-Head as Inquiries involving expense are of rare occurrence.

O.—A casual variation.

P.—Due partly to slight savings on the estimate for clerical allowances, but mainly to the absence towards the end of the year of an Assistant Inspector on Military service.

Q.—A casual variation.

R.—The estimate is necessarily only approximate. In the year 1900-1 it was not found necessary to hold any Inquiry of long duration or involving much expense ; but, on the other hand, the expenditure at the Home Office Station for testing Mining Explosives was considerably in excess of the estimate, owing to the charges made by the War Office for the construction and re-lining of guns having proved unexpectedly heavy.

S.—A casual variation.

T.—The number of candidates attending the examinations was slightly over-estimated.

U. } Casual variations.
V. }

W. } Owing to the passing of the Burial Act, 1900, the office of Inspector of Burial Grounds was abolished
X. } on the 31st December, 1900.

Z.—The excess is due to an increase both in the number of registered places, and in the number and duration of visits of inspection.

BB.—The Inspector's requirements were slightly over-estimated.

CC.—The establishment of Certified Inebriate Reformatories by Local Authorities and private enterprise proceeded much less rapidly than there was reason to anticipate at the time of preparing the estimate.

CCC.—During the year 1900 it became necessary to certify three inmates of Certified Inebriate Reformatories as criminal lunatics, and to transfer them to Local Asylums.

DD.—It is impossible to forecast with exactness the number and cost of the references which will be made by the County Court Judges and Arbitrators.

EE.—A detailed statement is appended.

NET SURPLUS - £.949. 16.

1. These receipts cannot be estimated with exactness. The surplus is mainly due to the receipt of fees in respect of an exceptionally large number of extra names included in a Charter of Incorporation.

2. The number of applications for naturalisation proved smaller than was expected.

3, 4, and 5.—Casual variations.

6. The estimate is necessarily only approximate, and in 1900-1 there was a large and unexpected increase in the amount yielded.

7. Costs allowed to an Inspector in excess of expenditure actually incurred

EXPLANATION of the Causes of Variation between Expenditure and Grant

A.—The saving is mainly attributable to personal changes :—

(1.) The Permanent Under Secretary of State retired, and his permanent successor was not immediately appointed.

(2.) A Principal Clerk was appointed to be a Crown Agent for the Colonies, two Second Division Clerks were temporarily lent for Service abroad, and the consequent promotions and appointments were made at the minimum of their scale.

(3.) An Assistant Clerk was not appointed, and a Third Class Messengership was not filled up.

On the other hand, a special payment of 105*l.* in respect of the preparation of a model Criminal Code for Crown Colonies was charged to this Sub-Head with Treasury sanction.

B.—Owing chiefly to the War in South Africa, and other causes, the expenditure under this Sub-Head was estimated to amount to 17,800*l.* altogether; but as a Saving was expected under Sub-Head A., only 7,200*l.* was asked for in the Supplementary Estimate.

C.—The Expenditure under Housekeeping and Petty Disbursements was somewhat less than had been expected, the messengers' bills were lower than usual, and very little was incurred for travelling of other members of the Department.

EXTRA REMUNERATION.

(1.) The Permanent Under Secretary of State drew at the rate of 400*l.* per annum from the Crown Agents' Office Fund from the 7th June, 1900.

(2.) The Chief Clerk received about 120*l.* from Army Votes in connection with the Imperial Yeomanry.

(3.) A Second Class Clerk received 75*l.* from the Treasury for services in connection with the Pacific Cable Committee.

(4.) One of the First Class Clerks drew in addition to part of his salary as such, half-pay as Colonial Secretary of Jamaica.

(5.) A payment of 233*l.* 6*s.* 8*d.* was made to a retired Under Secretary, in addition to his pension, for assistance rendered while the post of Permanent Under Secretary was vacant.

EXPLANATION of the Causes of variation between Expenditure and Grant.

A.—The saving is due to a reduction of staff on the Establishment of the Judicial Committee of the Privy Council, and to a saving on the amount allowed for shorthand writing.

B.—Fewer special trains than were expected.

NOTE BY THE REGISTRAR.

D.—For an explanation of the amount of Office Fees received in excess of the Estimate for 1900–1, I desire to refer to my Memorandum of last year. I have to point out that the statement contained in the last paragraph of my Memorandum has been borne out by the reduction of the excess from 911*l.* to 374*l.*, as compared with the previous year.

(Signed) E. S. HOPE, Registrar.

The Surplus of 1,094*l.* 13*s.* 8*d.*, shown on the Account of the Vote "Privy Council Office," for the year ended 31st March 1900, has been surrendered.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. This Grant was taken on a Supplementary Estimate to provide for the Salaries and Expenses of the Office of the Lord Privy Seal. Nature of Account.

The payment of Salary to the Lord Privy Seal was discontinued in the year 1883, and has been reassigned to the Office from the 13th November 1900, under the authority of Treasury Minute of 17th November 1900. The salary is to continue to be payable so long as Lord Salisbury holds the office, and receives no other salary as a Minister of the Crown.

The Account also includes the Salaries of the Private Secretaries to the Prime Minister from the 13th November 1900, which had theretofore been paid out of the Vote for the Foreign Office (Class II., Vote 5), in which provision was made for these Salaries for the year 1900-1.

CLASS II.—*continued.*VOTE 8.—BOARD OF TRADE—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—The saving is mainly caused by the cessation of pay of certain officers who were abroad during a portion of the year.

Note.—One of the First Class Clerks was paid 30*l.* for acting as Secretary to the Committee on International Code of Signals, two of the Second Class Clerks were paid 45*l.* and 25*l.* for acting as Secretaries to the Committees on Steel Rails, and Continuous Discharges respectively, and one Second Class Assistant Clerk was paid 20*l.* for acting as Secretary to the Patents Committee. All out of Sub-Head C.,—Special Services.—Certain Second Division Clerks were paid 405*l.* 5*s.* 11*d.* for overtime, partly owing to the absence of one of the staff in South Africa from whose pay the amounts so paid have since been deducted.

B.—Under-estimated.

C.—The expenditure on Special Inquiries was less than was expected.

D.—Under-estimated.

E.—Excess chiefly due to advertisements and shorthand notes in connection with Light Railway Orders.

F.—The saving is caused by the retirement of the Solicitor during the year and the appointment of his successor at the minimum scale of pay. In addition to this sum, 200*l.* was paid out of Vote 9 for services in connection with Boiler Explosion Inquiries.

G.—Over-estimated.

H.—The cost of Wreck Inquiries and the expenditure under Patents, Designs, and Trade Marks Act were less than were anticipated.

I.—Slight variation.

K.—Slight variation.

L.—The expenditure on Plant and Maintenance was greater than anticipated.

New Sub-Head opened in accordance with Treasury Letter, No. 14,799, of 18th September, 1900. Additional expenditure incurred in connection with new plates required to replace those sold to the Perth Branch of the Royal Mint. Former expenditure charged in 1897–8.

Note.—Of this sum 50*l.* was paid to three officials of the Royal Mint.

M.—Saving due to death of a 2nd Division Clerk, and resignations &c. of Abstractors.

Note.—50*l.* was paid to one of the Staff Clerks out of the Customs Vote B. 1. c. for revising the Official Instructions to Registrars of Shipping. Certain Second Division Clerks were paid 37*l.* 2*s.* 6*d.* for overtime.

N.—Over-estimated.

O.—Over-estimated.

P.—The saving is due to a vacancy and to a smaller expenditure than was anticipated on temporary wirers.

Q.—Under-estimated.

R.—Slight variation.

Note.—One of the First Class Clerks was paid 60*l.* out of Sub-Head T 2 for services in connection with Commercial Intelligence.

S.—Over-estimated.

T.—Over-estimated.

T. 1.—The expenses under this head were greater than anticipated.

T. 2.—Nil.

U.—The extra Assistant Examiners and Clerical Staff provided for in the Estimate were not appointed till late in the year. There were also small savings on Copying and Temporary Searchers at Manchester.

Note.—Three of the Assistant Examiners received between them the sum of 185*l.* out of the Vote for the Board of Education for acting as Assistant Examiners of Science.

V.—Slight variation.

W.—The number of cases for report was less than was anticipated.

X.—Slight Variation.

Y.—The expenses of the delegates to the Industrial Property Conference were over-estimated.

CLASS II.—*continued.*VOTE 8.—BOARD OF TRADE—*continued.*EXPLANATION of the Causes of Variation between Expenditure and Grant—*continued.*

BOARD OF TRADE

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

- Excess. 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads B, D., E., L., Q., T. 1., and AA.
- New Sub-Head. 2. A new Sub-Head has been introduced into the Account, with Treasury sanction, for the purpose of recording additional Expenditure in connection with new Trial Plates for Standard and Fine Gold and Silver. The sum of 643*l.* 15*s.* 7*d.* was charged for this service in the Account for 1897–1898.
- Grant in Aid. 3. The Grant in Aid under Sub-Head T. 2. has been accounted for in a separate Account which is further noticed in paragraph 6.
- Extra Re-muneration. 4. The Accounting Officer has omitted to mention that the late Permanent Secretary, and one Assistant Secretary received 186*l.* 13*s.* 4*d.*, and 93*l.* 6*s.* 8*d.* respectively out of Sub-Head C., for the hearing of cases for Light Railway Orders.

MERCANTILE MARINE SERVICES.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

Excess. 1. Expenditure in excess of the Estimate has been incurred under Sub-Heads B., I., and L.

Recoveries from Shipowners. 2. In paragraph 4 of my Report for the year 1899-1900, reference was made to a sum of 572*l.* 4*s.* 7*d.* being a balance of charges to the Mercantile Marine Fund, as to the correctness of which satisfactory evidence had not then been produced. I have now to report that during the year sums amounting to 220*l.* 5*s.* 4*d.* have been recovered from shipowners and others, and credited to the present Vote under Sub-Head R., and that satisfactory evidence has been furnished for further charges amounting to 240*l.* There remains a balance of 111*l.* 19*s.* 3*d.* still awaiting evidence of correctness of charge.

Abandoned Claims. 3. The following claims in connection with the relief of distressed British Seamen were abandoned during the year with the sanction of the Lords of the Treasury:—

Bankruptcy.

Fees making up the sum of 63,456*l.* 13*s.* 6*d.* have been duly audited and found correct, and have been reported to the Finance Department of the Board of Trade for transfer to the Treasury, and they represent the total amount of Fees charged by Official Receivers against Bankrupts' Estates (56,426*l.* —*s.* 5*d.*), received in cash by Official Receivers (227*l.* 1*s.* 6*d.*); and charged against Bankrupts' Estates under the Treasury Order of 2nd February 1899, for *ad valorem* duty chargeable under Table A. of the Scale of Fees (a) on the audit of accounts of Trustees in Bankruptcy, and (b) on applications for release made by Trustees in Bankruptcy (6,803*l.* 11*s.* 7*d.*).

Companies (Winding-up).

Fees making up the sum of 12,460*l.* 4*s.* 9*d.* have been reported to the Finance Department of the Board of Trade for transfer to the Treasury, and they correctly represent the total amount of Fees charged by Official Receivers against companies in liquidation (11,420*l.* 2*s.* 1*d.*), received in cash by Official Receivers (120*l.* 14*s.* 7*d.*); and charged against companies in liquidation under the Treasury Order of 2nd February 1899 for *ad valorem* duty chargeable under Table A. of the Scale of Fees on the Audit of Accounts of Liquidators (919*l.* 8*s.* 1*d.*). The accounts in which the above-mentioned Fees have been charged have been duly audited.

Issues to the extent of 123,000*l.* have been made in aid of the Vote of Parliament (Section 77 of the Bankruptcy Act, 1883, and Section 19 of the Companies (Winding-up) Act, 1890).

The unexpended Grant of 9*l.*, shown on the Account of the Vote "Bankruptcy Department of the Board of Trade," for the year ended 31st March 1900, has been surrendered, and the unexpended balance (572*l.* 6*s.* 10*d.*) of Treasury advances has been refunded to the Treasury.

VOTE 10.

BANKRUPTCY DEPARTMENT OF THE BOARD OF TRADE

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Head G. 1. Excess.

2. Certain debit balances of Estates Accounts, which have arisen through insufficiency of assets, have been written off during the year, with the sanction of the Treasury, as irrecoverable, and charged as follows:— Debit Balances on Estates.

To the Vote (under the proper Sub-Heads):

	£.	s.	d.
Bankruptcy - - - - -	716	15	4
Companies (Winding-up) - - -	181	2	3

To the Fees Accounts:

	£.	s.	d.
Bankruptcy - - - - -	427	7	8
Companies (Winding-up) - - -	340	10	11

3. The unexpended Parliamentary Grant to be surrendered to the Exchequer is 8*l.*; and, as the Treasury advances have exceeded the actual expenditure by 616*l.* 10*s.* 10*d.*, this amount will have to be repaid to that Department or otherwise adjusted. Surrender of Grant and Repayment to Treasury.

4. A Statement (A.) appended to this Report, which has been made up in my Department, shows that the total amount received in the year in respect of proceedings in Bankruptcy and Companies Liquidation, and for dividends on funds invested, was 165,748*l.* 17*s.* 2*d.* This sum includes the fees charged by Official Receivers against Bankrupts' Estates and Companies in liquidation, under the Bankruptcy Acts, 1883 and 1890, and the Companies (Winding-up) Act, 1890, respectively, which are referred to by the Accounting Officer in the Note as to Extra Receipts. Fees, &c. received during the year. (A.)

5. From the appended Statements furnished by the Treasury, it appears that, in addition to the expenditure shown in the Account for 1899–1900, expenses in connection with Bankruptcy proceedings and with Companies administration, amounting to 55,477*l.* 13*s.* 5*d.* and 8,268*l.* 18*s.* 10*d.*, respectively, were charged against other Votes of Parliament. Additional Expenditure on other Votes of Parliament.

In respect of the first of these amounts a net sum of 17,330*l.* 16*s.* 9*d.* is shown in the Statement as payable to the Exchequer, and this, together with the above-mentioned sum of 8,268*l.* 18*s.* 10*d.*, has been duly paid to the Exchequer. (B.) to (B. 2).

6. Two further Statements, compiled in my Department, are appended, showing the receipts into, and payments out of, the Bankruptcy Fees and the Companies (Winding-up) Act Fees Accounts, respectively, during the year ended 31st March 1901, and the balances in the hands of the Paymaster General on that date. Statements of Annual Receipts and Payments. (C.) (C. 1).

Sir,

Treasury Chambers, 8 March 1901.

I AM directed by the Lords Commissioners of His Majesty's Treasury to transmit to you herewith copies of Accounts for the year 1899-1900 showing the cost of administration under the Bankruptcy Act, 1883, and the Companies (Winding-up) Act, 1890, respectively. (B. 1), (B. 2).

I am to state that, with the concurrence of the Board of Trade, my Lords propose to prefer a claim against the Bankruptcy Fees Account for 17,330*l.* 18*s.* 9*d.*, and against the Companies (Winding-up) Act Fees Account, for 8,268*l.* 18*s.* 10*d.*, and to pay these balances to the Exchequer.

The Comptroller and Auditor General.

I am, &c.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Salaries and Wages - - - - -	This saving was principally due to changes in the staff consequent upon deaths and retirements, also to the absence of an Inspector on special military service in South Africa. A considerable saving was effected on the amount allowed for "Extra Copying" and for "Extra Temporary Messengers."
B.—Travelling Expenses - - - - -	The absence of an Inspector on military duty in South Africa, and appointments to vacancies which occurred in the Staff of Inspectors not being immediately made, were the cause of the saving.
C.—Special Services, Legal and Incidental Expenses - - - - -	The expenditure under this Sub-Head cannot be accurately estimated.
D.—Collection of Agricultural Statistics - - - - -	The Expenses of Collection were less than the sum estimated.
E.—Agricultural and Dairy Education - - - - -	The excess is attributable to the development of the Collegiate Centres at Cambridge and Leeds, where farms have been acquired for the purpose of extending the facilities provided for Agricultural Instruction and Experimental research.
G.—Expenses Repayable - - - - -	The saving was chiefly in respect of Tithe Redemption business, the Expenditure on which was over-estimated owing to insufficient data, the work being new.
H.—Appropriations in Aid - - - - -	Under-estimated.

EXTRA REMUNERATION.—A Temporary Veterinary Inspector received 50*l.* for special duties performed when the post of Assistant Veterinary Officer was for a time vacant. Gratuities of 25*l.* 15*s.* 7*d.*, 28*l.* 12*s.* 11*d.*, 14*l.* 6*s.* 6*d.*, and 14*l.* 6*s.* 6*d.* were paid to a Superintending Inspector, a Chief Clerk, a First Class Clerk, and an Assistant to the Head of a Branch respectively for extra services during the absence of one of the Board's Assistant Secretaries as Secretary to the Royal Commission on South African Hospitals. Gratuities were also paid out of Class VII., Vote 1, as follows :—50*l.* to an Assistant to Head of Branch, as Secretary to the Milk Standards Committee ; 30*l.* to an Inspector of the Board, as Secretary to the Agricultural Seeds Committee ; and 25*l.* to a Second Division Clerk for Services performed for South African Hospitals Commission. An Assistant to Head of Branch received 42*l.* 11*s.* 8*d.* for the Supervision of Ordnance Survey Business from 25th October 1900, in respect of an allowance at the rate of 100*l.* per annum. Two permanent Writers were paid 90*l.* 18*s.* 10*d.* and 75*l.* 0*s.* 9*d.* respectively for Engrossing and Copying documents for which the cost is repaid by the persons interested. A Temporary Assistant Inspector, whose salary is charged to the Cattle Pleuro-Pneumonia Account for Great Britain, is in receipt of 120*l.* Army retired pay.

BOARD OF AGRICULTURE.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

1. Expenditure in excess of the Estimate has been incurred under Sub-Head E.

Excess.

The total amount expended under this Sub-Head, viz.:—7,850*l.* was distributed in grants ranging from 300*l.* to 800*l.* to ten Educational Institutions in England and Wales for Agricultural instruction, to six of which further grants were made in aid of Experimental Farms.

2. The Grant in Aid (500*l.*) of the Cattle Pleuro-Pneumonia Account for Great Britain and the further Grant in Aid (33,000*l.*), for expenses in connection with Swine Fever, have been paid over to the separate account at the Bank of England.

CATTLE PLEURO-PNEUMONIA ACCOUNT FOR GREAT BRITAIN.

5. The Account of the receipts and expenditure in respect of the Cattle Pleuro-Pneumonia Fund for Great Britain is appended. This Account has been rendered to my Department under the provisions of the Second Schedule of the Diseases of Animals Act, 1894. A Balance of 2,808*l.* 18*s.* 11*d.* was brought forward from the preceding Account, and, it will be seen that besides the Grants in Aid of 33,500*l.* already referred to, the sum of 6,624*l.* 2*s.* 1*d.* was received for salvage of animals slaughtered. Further sums amounting to 25,000*l.* were also paid to the credit of the Account out of the Local Taxation Accounts, England and Scotland, under the provisions of Section 18 (2) of the Diseases of Animals Act, 1894. The total receipts within the year, including the balance at its commencement, were 67,933*l.* 1*s.*, the expenditure amounted to 67,877*l.* 8*s.* 11*d.*, and the balance remaining unexpended on the 31st March 1901 was 55*l.* 12*s.* 1*d.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—(1) The Assistant Commissionership vacated by Mr. Durnford, on his appointment as Secretary, remained unfilled until 26th July 1900, upon which date Mr. Bowyear, a Principal Clerk, was promoted to it. The changes in the staff following this promotion resulted in a further saving.

(2) Mr. Marchant Williams, one of the Assistant Commissioners engaged upon Inquiries under the Charity Inquiries (Expenses) Act, 1892, resigned before the beginning of the financial year, and no fresh appointment was made.

No Inquiry under the above mentioned Act was held in any of the Boroughs in Lancashire for which purpose a grant of £100 was taken.

(3) Mr. Casson, a 2nd Class Clerk and Mr. Payne, a Clerk of the 2nd Division, were, on the 1st November 1900, transferred to the Secondary Branch of the Board of Education.

B.—The circumstances mentioned in Note A. (2) were the cause of a saving, but irrespective of these this Sub-Head was over-estimated.

C.—This Sub-Head was over-estimated.

D.—This Sub-Head, which was an account of Remanets after the transfer of the Law Business of the Commission to the Solicitor's Department of the Treasury, was over-estimated.

DA.—The loss of £1 was a further case of theft on the part of an Extra Messenger in circumstances detailed in connection with the Account for the preceding financial year; and was covered by Treasury Authority which had been granted to a limited extent to meet any fresh cases which might come to light.

E.—Two of the Assistant Commissioners, employed under the provisions of the Endowed Schools Acts were transferred in the course of the financial year to the Board of Education (Secondary Branch).

F.—The transfer of Assistant Commissioners, mentioned in Note E., was the cause of the saving on this Sub-Head.

G.—The same remark applies to this Sub-Head.

H.—The Note under Sub-Head D. also applies to this Sub-Head.

EXTRA REMUNERATION.

Mr. A. K. Kennedy Purvis and Mr. T. E. Wells, 2nd Class Clerks, received 40*l.* each for taxing Bills of Costs.

The following amounts were paid for overtime:—

	£.	s.	d.
Mr. F. Lewis, 2nd Division Clerk	26	—	—
„ A. E. Large	27	8	9
„ D. Hanneford, Assistant Clerk	31	14	8

„ J. Topple	40	3	10
„ F. J. Tribe	29	17	4

Extra Receipts.—This Sub-Head consists of repayments by Councils of Counties and Boroughs of a proportion of the expenditure incurred in connection with Inquiries under the Charity Inquiries (Expenses) Act, 1892. No certain Estimate can be made, inasmuch as the Commissioners are possessed of no power to compel a repayment within any given time.

The Surplus of 4,359*l.* 19*s.* 2*d.*, shown on the Account of the Vote “Charity Commission,” for the year ended 31st March 1900, has been surrendered.

CLASS II.—*continued.*VOTE 18.—THE MINT, INCLUDING COINAGE—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

SAVINGS.

A.—The amount estimated in the first instance for this Sub-Head, 29,000*l.*, was increased by the Treasury to 36,500*l.* to allow a margin for unforeseen expenditure. The employment of a large staff of temporary workmen in connection with the manufacture of War Medals, for whom no provision had been made, raised the total outlay to 31,409*l.* 4*s.* 8*d.*, showing a saving of 5,090*l.* 15*s.* 4*d.* on the amount voted.

F.—The bullion used for Colonial silver coinages was less than had been anticipated, and there was a saving, therefore, in the amount of copper required for alloying purposes.

I.—This saving is due to the necessity which arose early in the year to refuse the execution of large Colonial coinages owing to the continued demand for Imperial coins of all denominations.

K.—The worn coin withdrawn for re-coinage in the United Kingdom was considerably less than that for which provision was made, and the amounts shipped to this country by the Australian Colonies were below the average of recent years.

EXCESSES.

C.—This excess is explained by charges for Stamp Duty on Bills of Exchange, received from the Sydney and Melbourne Mints in payment for silver and bronze coin having, in consequence of very large remittances, been greater than was expected.

D.—This excess of expenditure over the sum voted is attributable to various minor causes, amongst which may be mentioned larger expenses than were anticipated in connection with the electrical fittings of the new Medal Department, payments in connection with machinery for the telling of coin and the preparation of dies, and with the fittings for the new coal store erected by the Office of Works towards the close of the preceding financial year.

E.—This excess is entirely attributable to the necessity which arose for obtaining the assistance of private firms in the manufacture of medals issued in connection with the South African war, no provision having been made for this service when the original Estimate was framed.

G.—The fact that a much larger quantity of silver bullion was purchased for coinage than had been anticipated accounts for this excess.

H.—Although increased provision was made for this service when the Estimate was framed in view of an anticipated increase in the amount of the gold coinage, the actual amount of the coinage exceeded this increased estimate by about 3,000,000*l.*, and the loss incurred in coinage operations was therefore greater.

L.—The large shipments of silver coin to South Africa, West Africa, and Australia, involved payments for freight in excess of those provided for. Coin of the total nominal value of over 1,000,000*l.* was forwarded to various British Colonies.

NOTE.

The payments made to the Standard Bank of South Africa at the rate of 10*s.* per cent. on silver coin transmitted to its inland branches throughout South Africa, authorised by the Treasury, No. 11,959—94, amounted in 1900–1901 to 1,665*l.* 12*s.*

In the year 1900–1901 the Fireman to the Assayer received 30*l.*, and the two Assistant Firemen 10*l.* each from the Board of Trade for work performed in connection with the preparation of new Trial Plates.

EXTRA RECEIPTS.

The large excess of the Extra Receipts actually accrued over the Estimate is principally due to the abnormally large amount of silver bullion purchased, nearly three million ounces more than the average of the previous five years having been required to meet the demands for coinage. The receipts from the bronze coinage were also very much larger than for many years past.

The amount of the expenses incurred and recovered in connection with the manufacture of coinage appliances for the Branch Mints was 242*l.* 5*s.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This saving was caused by the resignation of an Assistant Keeper, after the Estimates for the year were framed, and by the Salary estimated for one of the Clerks being greatly reduced on account of his long absence from illness; also by unavoidable delays in filling up many subordinate appointments, which became vacant during the year.

B.—This excess was chiefly caused by the increased cost of the uniforms, &c., supplied to some of the subordinate staff.

C.—This excess was caused by the progress made by some of the editors of the publications having been greater than was anticipated.

EXTRA REMUNERATION.

The Secretary received 100*l.* as Secretary to the Historical Manuscripts Commission, and 85*l.* for calendaring the Harley MSS. of the Duke of Portland; paid out of the Vote for Temporary Commissions.

Five Clerks received respectively, 40*l.* 15*s.*, 27*l.* 10*s.*, 29*l.* 10*s.*, 30*l.*, and 30*l.* for calendaring the MSS. of the Marquess of Salisbury; and two Clerks received 32*l.* and 36*l.* 15*s.*, for indexing reports of the Historical MSS. Commission.

Seven Clerks received respectively 88*l.* 2*s.* 6*d.*, 75*l.* 12*s.* 6*d.*, 60*l.*, 47*l.* 10*s.*, 45*l.*, 40*l.*, and 20*l.* for indexing Calendars; and the Clerk in charge of Chancery Master's documents received 37*l.* for indexing Calendars. All these payments were made out of Sub-Head C. of the Vote of this office.

One Transcriber received 49*l.* for copying and arranging manuscripts at the House of Lords, paid out of the Vote for the House of Lords.

The Surplus of 159*l.* 11*s.* 7*d.*, shown on the Account of the Vote "Public Record Office," for the year ended 31st March 1900, has been surrendered.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—The surplus has arisen from the retirement of the Principal Clerk and the appointment of his successor at the initial salary of his post (allowed by Treasury letter of 13th November 1900), and from a saving in temporary salaries.

B.—The amount required under this Sub-Head was less than was estimated.

C.—No occasion has arisen for employing an Engineer at this Board's expense.

D.—The surplus has arisen from the death of the late Solicitor and the appointment of the former Chief Clerk as his successor at the initial salary of the post (allowed by Treasury letter of 14th December 1900), and the appointment of a new Chief Clerk at the initial salary of his post (allowed by Treasury letter of 24th November 1900), and to the sum required for the services of clerks being less than was estimated.

E.—The surplus has arisen from the small amount of litigation pending during the year.

F.—The amount realised under Appropriations in Aid amounted to 21,641*l.* 15*s.* 1*d.*, being 10,741*l.* 15*s.* 1*d.* in excess of the estimate of 10,900*l.* applicable in aid of the Exchequer Grant. This excess was due to a much larger number and amount of advances for loans (upon which fees are payable) than anticipated. The excess of 10,741*l.* 15*s.* 1*d.* has been paid into the Exchequer in August 1901.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

Sub-Head A.—The saving under this Sub-Head was mainly due to the superannuation of the Superintendent of Records who was in receipt of his maximum salary, the vacancy thus caused being filled by the promotion of an Assistant Superintendent who was succeeded in turn by a Senior Clerk. The vacancy thus occasioned in the clerical staff was filled by the appointment of a Second Division Clerk at his initial salary. In addition to this a Senior Clerk at his maximum salary was superannuated on the ground of age, whereby the number of his class was reduced to four, and under the Treasury scheme of re-organisation of 1895 (Letter No. 12,370-95, August 30th) it accordingly became necessary to create the first of the five Staff Clerkships which will ultimately supersede the existing class of Senior Clerks. A Higher Grade Clerk received this appointment, and was succeeded in the Second Division by a Clerk at the minimum salary.

A further saving under this Sub-Head resulted from the disappearance of the two remaining Men Copyists, one of whom resigned through infirmity of age early in the financial year. He was succeeded after some delay by an Assistant Clerk at a salary of 55*l.* per annum (Treasury Letter No. 20,586-00, January 22nd 1901). The other Man Copyist, who for some years had been in receipt of a special rate of pay for acting as Clerk in charge of the Census Room in the General Register Office, received a Temporary Staff Clerkship at the Census Office, the salary of which was charged against Sub-Head E, while the two Boy Copyists who had been engaged under him were reduced upon his leaving to take up the duties of his new appointment.

Sub-Heads B., C., D.—Casual differences between Estimate and Expenditure.

Sub-Head E.—The Estimate of 1,000*l.* had necessarily to be made before the extent of the preparatory work incidental to the Census of 1901 could be more than approximately gauged, and before the conditions under which it would be dealt with were finally determined. It proved to be of greater magnitude than had been anticipated, but the employment of a larger staff upon the earlier stages of the work cannot fail to contribute to the simplification of the subsequent processes, and consequently to an ultimate economy. The authority of His Majesty's Treasury to meet the excess under this Sub-Head out of savings under other Sub-Heads of the Vote was conveyed by Letter No. 3,806-01, March 6th 1901.

CLASS II.—*continued.*VOTE 22.—REGISTRAR GENERAL'S OFFICE, ENGLAND—*continued.*

Sub-Head F.—The chief item of expenditure under this Sub-Head is for the carriers' charges for the conveyance of the necessary materials for the Census Enumeration to the Registration Officers throughout England and Wales, the cost of which it is impossible to estimate closely and the sum granted proved to be in excess of requirements. A further cause of saving was due to the sufficiency of certain rooms which had been recently vacated by the late Resident Office Keeper at the General Register Office, for the accommodation of the nucleus of the Census staff, in consequence of which it became unnecessary to open the temporary office at Millbank until a very advanced period in the financial year.

APPROPRIATIONS IN AID.

Sub-Head G.—The uncertain and irregular growth of this source of income from year to year prevents a closer estimate.

EXTRA REMUNERATION.

The sum of 12*l.* 2*s.* 8*d.* was paid, by authority of Treasury Letter of February 23rd 1901 (No. 3,070-01) to certain clerks at the Census Office for work in connection with the despatch of materials for the Census Enumeration which was performed in extra-official hours.

The Surplus of 2,145*l.* -*s.* 3*d.*, shown on the Account of the Vote "Registrar General's Office, England," for the year ended 31st March 1900, has been surrendered.

CLASS II.—*continued.*VOTE 23.—STATIONERY AND PRINTING—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Salaries. Excess, 597*l.* 5*s.* 1*d.*

During the year, two Second Division Clerks, and one Abstractor were added to the permanent establishment. A new temporary staff post was created to which a Second Division Clerk was promoted. A special allowance by way of accelerated increment of salary was granted to a posting clerk: the maximum of the salary of the Clerk of Publications was raised, and an immediate advance granted to that officer. Owing to the exceptional pressure of business an unusual number of copyists and porters were employed.

For all these Treasury sanction was duly obtained.

B.—Horses and Carts. Excess 84*l.* 4*s.*

The excess is almost entirely due to a postponed claim for a transfer to the Post Office of three years charges for the carriage of certain waste paper, etc.

C.—Police. Saving, 13*l.* 8*s.* 8*d.*

The expenditure for policemen and commissionaires was rather less than was anticipated.

D.—Incidents. Excess, 583*l.* 1*s.* 8*d.*

Owing to the pressure of the war it was found necessary to make special arrangements for packing outside the Department. The expenses incurred for advertisements and travelling, and consequently personal allowances,—were also all unexpectedly high.

K.—Printing, &c. for Stationery Office Publications - - - - -	709	10	—	2,519	2	10
Net Saving - - - - -	£.	232	6	11	—	—

These Sub-Heads are practically inseparable. A closer estimate would be impossible.

F.—Paper for Public Departments. Saving, 2,488*l.* 10*s.* 4*d.*

The demands for Paper were unprecedentedly heavy, but when the Supplementary Vote was asked the proportion of the charge falling against this Sub-Head was rather overestimated.

J.—Parliament (Printing, &c. for). Saving 11,695*l.* 19*s.* 2*d.*

The average expenditure under this Sub-Head during the five years last completed when the Estimate for 1900-1 was prepared was 83,263*l.* The expenditure of the year has unexpectedly proved to be 11,959*l.* less than the average. Hence the saving.

I.—Small Stores for Public Departments. Excess, 12,433*l.* 12*s.*

The expenditure of the year, owing mainly to causes consequent on the War, was quite unprecedented, but the actual excess of expenditure over the Vote is almost entirely accounted for by the fact that contractors' bills were at the end of 1900-1 more closely paid up than at the corresponding date of the previous year, and, to meet urgent demands, the actual stocks had been increased.

G.—Parchments for Public Departments. Excess, 769*l.* 10*s.* 10*d.*

The excess is entirely attributable to the heavy demands for parchment certificates, &c., for the War Department.

L.—Printing, &c. for Gazettes. Saving, 296*l.* 6*s.* 3*d.*

The Vote under this Sub-Head having been exceeded in the two previous years, an increased sum—as the result has proved unnecessarily large—was taken in the Estimate.

M.—Parliamentary Records. Saving, 189*l.* 7*s.* 7*d.*

A closer estimate is impossible.

N.—Printing, &c., for Bills of Entry. Excess, 425*l.* 9*s.* 6*d.*

The excess is mainly attributable to an increase in the size of the Liverpool Bill.

O.—Editing Brehon Laws. Saving, 300*l.*

No claim was made during the year on account of this service.

P.—Parliamentary Papers for Free Libraries. Excess, 49*l.* 17*s.* 7*d.*

The excess is owing to increased demands from Free Libraries. Treasury authority was obtained to exceed the Vote.

Q.—Appropriations in Aid. Realised excess 2,662*l.* 9*s.* 7*d.*

The excess is owing to increased amounts realised by sales of Stationery Office Publications, Parliamentary Papers, &c., and Waste.

EXTRA REMUNERATION (Sub-Head A).

Payments in excess of 25*l.* were made to two Clerks (Second Division) three Posting Clerks, and three Abstractors for overtime, the amounts being 28*l.* 13*s.*, 25*l.* 8*s.* 6*d.*, 31*l.* 19*s.*, 54*l.* 18*s.* 10*d.*, 40*l.* 16*s.* 6*d.*, 28*l.* 8*s.* 5*d.*, 28*l.* 5*s.*, 25*l.* 14*s.* 7*d.* Mr. Pulling, who as Editor of Statutory Rules &c. received 420*l.*, out of Sub-Head A., was also paid 236*l.* 5*s.*, out of the Vote for Treasury, &c., (Statute Law Committee) for editing New Index to Statutory Rules and Orders, and Chronological Table and Index of Statutes.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

- Provision by Estimate and Supplementary Estimate. 1. OUT of a total provision of 800,165*l.* for this Service, sums amounting to 110,000*l.* were granted on the presentation of a Supplementary Estimate which showed that an additional sum of 100,000*l.* was required to meet unforeseen expenses thrown upon the Vote in connection with the war in South Africa.
- Excess. 2. Expenditure in excess of the Estimate has been incurred under Sub-Heads A, B, D, G, H, I, K, N, and P.
- Purchases by the War Office in South Africa. 3. Included in the expenditure under Sub-Heads E, F, H and I, are sums amounting together to 1,074*l.* 6*s.*, repaid to the War Office in respect of disbursements by that Department in South Africa. The vouchers in support of these charges were lost in transit in the wreck of the SS. "Mexican." The charges however are supported by certificates of the Paymasters that the amounts were duly spent and receipts obtained. In these circumstances, and having regard to the recommendation of the Public Accounts Committee in the 2nd paragraph of their Third Report for 1901, in reference to charges in the Army Account under similar conditions, I am of opinion that the certificates produced may be accepted as adequately supporting the payments in question.
- Advances to Contractors. 4. In continuation of paragraph 2 of my Report on this Vote for the year 1899–1900, I have again to report that further progress has been made in the reduction of the arrears in the examination of the Contractors' bills for printing.
- Outstanding Balances. 5. The balances remaining unpaid on 31st March 1901, in respect of advances on behalf of various Repaying Departments amounted to 4,931*l.* 6*s.* 11*d.* This amount includes the sum of 971*l.* 5*s.* 9*d.*, noticed in my Report of last year as due from the Government of Canada on account of its share of the expenses of printing the papers, &c., of the Behring Sea Arbitration. The balances remaining unpaid on the 31st March 1901 (whether claimed or not yet claimed from Repaying Departments) on account of the value of Stock issued by the Stationery Office amounted to 19,742*l.* 6*s.* 9*d.*
- Agents' Balances. 6. The amount of the balances due to the Stationery Office on the 31st March 1901, on the Accounts of the various Agents for the Sale of its Publications, &c., was, as certified by the Agents, 16,478*l.* 7*s.* 1*d.*, as against 15,344*l.* 4*s.* 1*d.* on the 31st March 1900.
- Appropriations in Aid. 7. Sub-Head Q., Appropriations in Aid. A local test examination of these receipts has been made, and the result may be regarded as satisfactory.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—The reduction to half-pay for a period and ultimately cessation of Salary, owing to death, in the case of a Senior Clerk, and the ordinary increase and diminution in the Salaries and Emoluments of Officers.

B.—A less expenditure than anticipated.

D. to F.—The impossibility of forming any sound estimate as to the amount of litigation and legal investigations, which may necessarily arise, and have to be made in any particular year.

G.—NOTE.—The Land Revenue Record Keeper is now paid for his services as Keeper and Record Agent by salary. The fees formerly received from public Departments for Record Agency, Searches, &c., are no longer chargeable. If chargeable, they would have been for the year to 31st March, 1901 as follows:—

CLASS II.—*continued.*VOTE 27.—OFFICE OF THE SECRETARY FOR SCOTLAND—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Salaries, &c.—Excess owing mainly to a new appointment of a temporary Staff Clerk, and an unusual amount of payments for overtime partly in connection with work occasioned by the death of her late Majesty. The excess was sanctioned by the Lords Commissioners of H.M. Treasury in letter 13403/01 of 12th August 1901.

B.—Travelling.—Estimated as closely as possible. The expenditure on certain items of the Sub-Head indicate a tendency to decrease.

C.—Special Inquiries.—Excess due to a somewhat extensive inquiry which the Consulting Engineer was directed to undertake. Sanctioned by Treasury letter 13403/01 of 12th August, 1901.

D.—Incidental Expenses.—The explanation as to Sub-Head B. applies also to D.

E.—Congested Districts, &c.—The sum voted is paid over to the Congested Districts Board.

F.—Expenses under the Private Legislation, &c. Act. This year was the first in which the Act was in operation.

Assistance rendered to the Secretary to the Lord Advocate, &c.—A new Sub-Head. Excess sanctioned by Treasury Letter 13403/01 of 12th August, 1901.

G.—Appropriations in Aid.—The first year of the Sub-Head. Estimated as closely as possible

CLASS II.—*continued.*VOTE 28.—FISHERY BOARD FOR SCOTLAND—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Salaries and Allowances.—Surplus, 141*l.* 9*s.* 10*d.* From savings arising from (1) the retirement of a First Class Officer at the maximum salary of his class, and consequent promotion and appointment to the vacancies on the staff at minimum rates, and (2) the discontinuance of the payment to commanders of gunboats other than H.M.S. "Jackal" and H.M.C. "Daisy," which was decided upon after the sum involved had been included in the Estimate.

B.—Travelling.—Surplus, 75*l.* 17*s.* 9*d.* Owing to the failure of the great summer herring fishing in 1900, involving much less travelling by the Board's outdoor officers during the season when most of their outlays under this head are incurred.

C.—Postage.—Surplus, 11*l.* 15*s.* 3*d.* The expenditure under this Head varies, and was somewhat less than usual in the year 1900–1901. The estimate is only for the postages of the outdoor staff to correspondents other than the head office.

F.—Scientific Investigation.—Surplus, 1*l.* 1*s.* 6½*d.* The expenditure was restricted to the amount of the Vote.

G.—Incidental Expenses.—Surplus, 105*l.* 5*s.* ½*d.* Owing to savings on the provisions for branding-irons and newspapers and advertising.

EXTRA RECEIPTS.

Deficit, 1,352*l.* 12*s.* 3*d.* Owing to the comparative failure of the great summer herring fishing of 1900, and the consequently small number of barrels of herrings presented for the official brand.

The Surplus of 675*l.* 5*s.* 4*d.* shown on the Account of the Vote "Fishery Board for Scotland," for the year ended 31st March 1900, has been surrendered.

VOTE 34.—DEPARTMENT OF AGRICULTURE AND TECHNICAL INSTRUCTION, IRELAND.

EXPLANATION of the causes of variation between Expenditure and Grant.

A.—The surplus on this Sub-Head was caused by the Estimate being mainly an approximation, and by a large number of the appointments provided for not having been made until an advanced period of the financial year.

B.—The Estimate under this Sub-Head was necessarily approximate for the first year of the Department's work. The Expenditure for the earlier portion of the financial year was comparatively small, owing to the full Inspection Staff not having been appointed, and a saving consequently occurred.

C.—Small casual saving.

D.—Provision was made for the payment of twelve months' remuneration to Officers of Inland Revenue, Scrutineers at Fairs, &c., for furnishing Statistics, but as only three quarterly payments fell within the financial year, a surplus resulted.

E. and F.—No variation.

G 1.—Changes on Staff and smallness of overtime mainly account for this saving.

G 2 and G 3.—No variation.

G 4.—The excess on this Sub-Head was caused by the purchase of additional Furniture, Fittings, &c., urgently required for the Science and Art Museum, as sanctioned by Treasury Letter of 5th March 1901 3697/01.

G 5.—Casual variation.

G 6.—This excess was due to payment of maintenance allowance and travelling expenses of Teachers in training at the Royal College of Science (Treasury Letter, 1st November 1900, 17433/00), and to payment of Fees to the Professors in respect of same (Treasury Letter, 1st April 1901, 4627/01).

G 7.—Living models not having cost as much as anticipated, caused this saving.

G 8.—Casual variation.

G 9.—A saving on car-hire accounts for this surplus.

G 10.—Less advertising than anticipated principally accounts for this surplus.

H.—No variation.

I.—The amount realised is less than anticipated, as a sum of 63*l.*, included in the Estimate as a contribution from the General Cattle Diseases Fund in respect of the Salary of a Staff Clerk, Veterinary Branch, who acted as Accountant to that Fund, was not transferred to the Vote, he having ceased to act in that capacity on 31st March 1900.

VOTE 34.

DEPARTMENT OF AGRICULTURE AND TECHNICAL INSTRUCTION,
IRELAND.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. THIS is the First Account of the Department of Agriculture and Technical Instruction, Ireland, which was established under Section 1. of the Act 62 and 63, Vict., c. 50.

Agriculture
and Techni-
cal Instruc-
tion (Ireland)
Act, 1899.

By Section 2 of the Act, provision is made for the transfer to the Department of the powers and duties of certain Public Authorities in regard to services previously administered by them, and, as a consequence, the provision for such services is made in the Vote for the Department, instead of in the several Votes under which provision had formerly been made. The details of the changes will be found set forth in the note appended to the Estimates.

2. Expenditure in excess of the Estimate has been incurred under Sub-Heads G4, and G6. Excess.

3. Expenses incurred by the Department in making enquiries, experiments and research under the provisions of Section 5 of the Act have been charged, with the approval of the Treasury, to Sub-Head C., "Special Services, Legal and Incidental Expenses," but subject to the conditions: (a) That no emoluments should be paid therefrom to officers otherwise paid from voted moneys, without the previous sanction of the Treasury, and (b) That no permanent charge on the Sub-Head shall be created. The expenditure charged during the year was chiefly incurred in connection with Seed-testing and experiments in Tobacco and Flax culture. The legal business of the Department has, with Treasury authority, been performed by the Chief Crown Solicitor, all expenses in connection therewith being charged to Class III. Vote 14. The Estimates for 1901-1902 have accordingly been altered by the omission of the word "Legal" from the title of the Sub-Head.

Sub-Head C.
Special
Services,
Legal and
Incidental
Expenses.

GRANTS IN AID.

4. The Grants in Aid under Sub-Heads E, F., G2., and G3., will be found accounted for in the separate accounts marked A, B, and C, appended to the Appropriation Account, all of which have been audited in my Department. My remarks on these separate Accounts will be found in paragraphs 8 to 15 of this Report.

Grants in
Aid. Sub-
Heads E., F.,
G2, and G3.

5. The Grant in Aid of the Congested Districts Board, Ireland, of 25,000*l.* has been paid over to the separate account of that Department at the Bank of Ireland. It has been made under the following conditions, viz: "that it shall be applied only to "Administration, Improvement of Estates, and Technical Instruction, and that for any "sum so applied the Congested Districts Board is to contribute from its other resources "an additional sum equal to one half." The examination of the account has shown that these conditions have been duly complied with.

ACCOUNTS OF FUNDS ADMINISTERED BY THE DEPARTMENT.

7. Under Section 25 of the Act 62 and 63 Vic. c. 50, accounts of the receipts and expenditure of the funds administered by the Department are to be prepared, and to be transmitted to the Comptroller and Auditor General to be audited, certified, and reported upon in conformity with regulations made by the Treasury. These Accounts have been rendered accordingly and are dealt with in the following paragraphs.

ACCOUNT A. THE ENDOWMENT FUND ACCOUNT.

Endowment Fund. 8. This Account was established for the purpose of recording the receipts and expenditure under Sections 15, 16 and 17 of the Act.

RECEIPTS.

Receipts. 9. The Receipts in the year as shown in the Account amounted to 355,792*l.* 15*s.* 8*d.*, and comprise the whole of the Receipts placed at the disposal of the Department for the purposes of the Endowment Fund by Section 15 of the Act, with the following exceptions; (1) Under Section 15 (c), the portion of the Sea and Coast Fisheries Fund reserved for expenditure elsewhere than in the Congested Districts, should have been transferred from the Account of Public Works, Ireland, to the Department. In reply to an enquiry why this transfer had not taken place, I was informed that the Board of Works have continued to administer the Fund, but that it is hoped that the Fund and all powers and duties connected therewith, will be taken over by the Department of Agriculture on the 1st April next. (2) Under Section 15 (g), all sums paid to the Local Taxation (Ireland) Account which are not required for the purposes of the Local Government (Ireland) Act, 1898, are to be paid over to the Department of Agriculture. The amount which will be receivable from this source has not yet been ascertained, but a sum of 166,886*l.* has been received during the year as a payment on account.

EXPENDITURE.

Expenditure. 10. Out of the Endowment Fund the following amounts have been set apart for the undermentioned purposes, in accordance with the provisions of the Act:—

For buildings etc. Royal Veterinary College (Sec. 16, 1 a.)—15,000*l.*
 Munster Institution: For purchasing and stocking lands, and for buildings (Sec. 16, 1 b.)—10,000*l.*
 Technical Instruction (Sec. 16, 1 c.)—55,000*l.*
 Sea Fisheries (Sec. 16, 1 d.)—10,000*l.*

The actual Expenditure in the year, however, upon these services has been but small, as will be seen by reference to the Account. Of the sum set apart for Technical 25,000*l.* has been allocated to County Boroughs, and 30,000*l.* elsewhere, and for inquiries, &c., but of these amounts only 53*l.* and 892*l.* 12*s.* —*d.* respectively have been expended. The latter amount consists of:—

	£	s.	d.
Payments for Pioneer Lectures	445	13	3
Payments for making enquiries, etc.	146	18	9
A Grant to the Association for the Training, etc. of Women, Kildare Street	300	—	—
	£ 892	12	—

The unexpended Balance of 29,107*l.* 8*s.* —*d.* has been set aside as a Reserve Fund, “for such general purposes as providing assistance for equipment and apparatus where special assistance seemed desirable. It has also been decided to set aside annually “during the first triennial period out of the 30,000*l.* referred to a sum of 3,000*l.*, as a provision for certain schemes” to be carried out by the Department, e.g., Senior Scholarships, Expenses of certain examinations, and of the Training of Teachers, &c.

Sea Fisheries.

Out of the sum of 10,000*l.* which, under the provisions of Section 16 (1 d.) of the Act, is to be annually applied for the purposes of Sea Fisheries, 2,525*l.* 6*s.* 7*d.* only has been expended. The expenditure consists mainly of charges for the pay of the officers and crew, and for maintenance of the *s.s. Helga*, (to the purchase of which reference is made in a subsequent paragraph) and of similar charges for the Marine Laboratory. The work in connection with the latter had previously been carried on by the Royal Dublin Society, to which a grant in Aid of 1,400*l.* was made out of Class IV., Vote 7, in 1899–1900, on condition that an equal amount was expended out of the Society's other Funds within a period of five years. As a result of a conference between the Royal Dublin Society and the Department of Agriculture in June 1900, operations are now conducted by a Joint Committee, the Department paying all expenses, and the Society placing at its disposal the unexpended Balance of the original Fund. Of this Balance 129*l.* 13*s.* 4*d.* has been received from the Society during the year. At the close of the five years, the Laboratory and its equipment are to become the property of the Department.

CLASS II.—*continued.*VOTE 34.—DEPARTMENT OF AGRICULTURE AND TECHNICAL INSTRUCTION,
IRELAND.—*continued.*

After provision in Sec., 16 (1.) (e.) and (f.) for the Salaries of officers transferred from the National Education Office which are included in the expenditure of the Albert and Munster Institutions, and for the travelling and subsistence of members of the Council and Boards as constituted by the Act, Section 16 (1.) (g.), directs that the surplus shall be applied, subject to the concurrence of the Agricultural Board, for the purposes of Agriculture and other rural industries or sea fisheries. The Expenditure has been chiefly on the following purposes:

- a. Expenses of the Albert Institution, and Farm and Garden, of the Munster Institution and Farm, and of Itinerant Dairy Instructors. The gross expenditure at the Institutions and Farms amounted to 10,781*l.* 14*s.*, but this does not include the whole cost of maintenance, furniture, and fuel and light, for which, at the close of the year, there was an outstanding claim by the Office of Works, of 448*l.* 1*s.* 7*d.*, on account of work done for these Institutions. The receipts consisting of Fees from Students and from sale of produce, reached a total of 6,757*l.* —*s.* 9*d.*, the expenditure being thus reduced to 4,024*l.* 13*s.* 3*d.*
- e. Agricultural Instruction. The Agricultural Instruction formerly carried on by the Irish Agricultural Organisation Society in connection with Agriculture, Creameries, Egg-packing, Poultry, Fruit-growing, and Flax cultivation, was taken over by the Department as from 1st April 1900, with the concurrence of the Agricultural Board, and the cost of such instruction from that date is charged to this head of account. Purchases of seeds, potatoes, and manures, for re-sale and for free distribution are charged to the same account. The sums received on re-sale amounting to 982*l.* 18*s.* 9*d.* are largely in excess of the payments for the purchases within the year, as a considerable quantity of the potatoes supplied were not paid for by the Department until after the close of the financial year.
- g. Rural and other Industries. The expenditure consisted chiefly of grants to Lace Schools. All expenditure under this head is made with the concurrence of the Board of Technical Instruction.
- l. Horse-breeding and other Live Stock Schemes. The initial expenses only of these schemes have fallen on this year's account, and consist mainly of salaries and expenses of inspectors.
- m. Grants to Counties' Agricultural Schemes. The expenditure represents the salary of an inspector for a portion of the year.
- n. Sea Fisheries. Purchase &c. of *s.s. Helga*. The *Helga* was purchased and fitted out with the concurrence of the Agricultural Board as a steam cruiser for the protection of the fishing grounds and has been completely equipped as a trawler, in order to be utilised for scientific investigations.
11. No expenses appear to have been incurred by the Department during the year under section 17 (1) and (2) of the Act for appearing before Railway and Canal Commissioners or for prosecuting under 56 and 57 Vic., c. 56, s. 7,
12. A sum of 199,724*l.* 8*s.* 2*d.* was invested in 200,000*l.* Local Loans Stock under the provisions of Section 16 (4) of the Act.
13. The Balance of Cash remaining in hand on the 31st March, was, as shown by the account, 129,292*l.* 15*s.* 2*d.*

ACCOUNT B. GENERAL CATTLE DISEASES FUND, INCLUDING CATTLE PLEURO-PNEUMONIA ACCOUNT FOR IRELAND.

14. Under Section 2 (1.) (a.) of the Act, the Administration of these Funds has been transferred to the Department. A Balance of 12,143*l.* 6*s.* 11*d.* which remained in the hands of the Chief Secretary on the 31st March, 1900, on account of the General Cattle Diseases Fund has been transferred to the Account of the Department, as has also the Balance of 4,084*l.* —*s.* 3*d.* on the Cattle Pleuro-Pneumonia Account to which reference is made in paragraph 6 of the Report on the Board of Agriculture, England (Class II., Vote 11). The Balances remaining on hand at the close of the year were, as is shown by the Account—on the General Cattle Diseases Fund 8,830*l.* 19*s.* 5*d.* and on the Cattle Pleuro-Pneumonia Account, 8,069*l.* 7*s.* 4*d.*

Administration vested in the Department of Agriculture.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

- A.—**Excess.**—Appointment of five additional Inspectors in the year, sanctioned by Treasury letters of the 9th June and 8th September 1900 (Nos. 9,501 and 15,054), increased salary to legal assistant, overtime, and increased cost of copying; the excess thus caused being reduced by saving in the amount estimated to carry out the Scheme submitted for the re-organisation of the Office Staff.
- B.—**Saving.**—Travelling, &c., expenses proved less than anticipated.
- C.—**Excess.**—A new scale of salary fixed by Treasury letter of the 14th March 1900, No. 4339, consequent on the re-organisation of the Staff of Auditors, after the Estimate was forwarded. In addition, two temporary Auditors were employed under authority of Treasury letters, dated 29th May 1900 and 12th February 1901 (Nos. 8,803—00 and 2,585—01). Four Auditors, whose salaries were provided for in the Sub-Head, were not, however, appointed at as early a date as was contemplated.
- D.—**Saving.**—Travelling, &c. expenses proved less than anticipated.
- E.—**Excess.**—The action of Local Authorities in contesting and bringing into the Court of Queen's Bench, and also into the Court of Appeal, the decisions of the Local Government Board, as conveyed by Sealed Orders and otherwise.
- F.—**Saving.**—The expenses of inquiries under Acts, other than the Labourers Acts, and of arbitration proceedings were much less than anticipated; but the saving was reduced by greatly increased expenditure for inquiries under the Labourers Acts. Owing to the numerous inquiries held under these Acts, and having regard to the extent of the Schemes and the large resulting correspondence, it was not possible to make Provisional Orders, and, accordingly, arbitration proceedings did not mature, in the great majority of cases. By Treasury letter, dated the 25th January 1901, No. 1,294—01, authority was given to employ a pharmaceutical chemist, and the sum paid to him is included in this Sub-Head.
- G.—**Saving.**—Casual variation.
- Castlelake Workhouse (Cashel Union).—**Excess.**—No provision is made in the annual estimate for this Sub-Head. It was first opened in 1887–88.
- Note.*—The Lords Commissioners of His Majesty's Treasury, by letter dated 30th March 1901 (5067—01), sanctioned the excesses, Sub-Heads A., C., E., and Castlelake Workhouse being met out of savings on the other Sub-Heads of the Vote.
- H.—**Appropriations in Aid.**—The amount realised for Auditors' Salaries exceeded the sum estimated.

VOTE 36.

LOCAL GOVERNMENT BOARD, IRELAND.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. EXPENDITURE in excess of the Estimate has taken place under Sub-Heads A., C., ^{Excess.} and E.

2. Sub-Heads E., and F.—These Sub-Heads include expenditure to the amount of ^{Outstanding} 4,944*l.* 18*s.* 11*d.* in connection with the grant of Provisional Orders, &c., the cost of which is ^{Advances} recoverable from Local Authorities. The balance outstanding on the 31st March 1900 was 2,846*l.* 6*s.* 10*d.*, the repayments received in the year amounted to 3,437*l.* 6*s.* 10*d.*, and on the 31st March 1901 there was a balance of 4,353*l.* 18*s.* 11*d.* to be recovered.

3. Castl lake (Cashel Union) Workhouse Rent.—This special Sub-Head is still ^{Castl lake} continued under the sanction of the Treasury, under the circumstances explained in ^{Workhouse} evidence before the Public Accounts Committee in 1898 (Question 1,535, Second Report, 1898). The total charge in the present Account of 150*l.* is reduced to 105*l.* by a receipt from the Guardians of 45*l.* which has been credited to Appropriations in Aid.

4. Besides the sums stated as having been paid as extra remuneration, Mr. W. H. ^{Extra Re-} Wilson, Junior Clerk, Higher Division, received a gratuity of £50 for services as Secretary ^{muneration.} to the Committee of Inquiry into the Public Health of Dublin; and Mr. T. P. EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Certain savings arose on this Sub-Head which were counterbalanced by special items of remuneration duly sanctioned by the Treasury, amounting to 150*l.*

B.—Not quite so much progress as anticipated was made and therefore less travelling was required in connection with New Works. It is also estimated that a saving of about 60*l.* resulted from the use of Bicycles.

C.—The excess was caused by the increased amount paid for Advertisements viz., 266*l.* as against the provision of 100*l.* There were savings on the other items included in the Sub-Head.

D.—A saving of 338*l.* resulted on the provision for Travelling Expenses and 142*l.* on Advertisements.

E.—There was a considerable increase in the amount received as penalty interest on unpunctual loan repayments which more than counterbalanced the decrease in the amount received for Preliminary expenses on Land Loans.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Owing to changes in the staff.

B.—The Inspector of Registration was employed on special inspection for several weeks, during which time only a small amount was paid for Travelling Expenses. He was also engaged in Dublin and its vicinity, for which period no subsistence allowance was payable. Owing to the pressure of work in connection with the Census it was not possible to spare members of the staff for special inspection duty.

C.—The claims of the Superintendent Registrars and Registrars, which are made under various heads, were less than the amount estimated.

D.—The expenditure is variable and depends on the number of prosecutions undertaken, and the amount of costs recovered from the Defendants.

E.—Casual saving

F.—Only a slight surplus under each of the items estimated.

G.—This saving is mainly owing to the fact that it was found possible to employ Boy Copyists on the preliminary work to a larger extent than originally proposed.

H.—The apparent saving was owing to a considerable quantity of the Census forms having been forwarded by Parcel Post to the District Inspectors, Royal Irish Constabulary, who acted as Superintendents, instead of by Carrier.

I.—The amount received in excess of the estimate was owing to the number of applications for Searches and Certified Copies being larger than was anticipated.

CLASS II.—*continued.*VOTE 40.—VALUATION AND BOUNDARY SURVEY, IRELAND—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Salaries.—The saving of 325*l.* 17*s.* 5*d.* upon this Sub-Head is due chiefly to deaths, retirements, and the transfer of a Second Division Clerk to another Department.

B.—Travelling and Subsistence Allowance.—The large excess on this Sub-Head is due to the operation of the Local Government (Ireland) Act, 1898, by which the date for receiving applications for revision was altered from November to June. This alteration made the revision of 1899–1900 (the transition period) unusually light, and, as a result, the work of the 1900–1901 revision was correspondingly increased. The excess this year is practically the same amount as the saving in 1899–1900.

C.—Labour.—The surveying work of the re-valuation of Belfast to a great extent covered that of the revision, and effected a considerable saving in the Labour Sub-Head.

D.—Legal Expenses.—The expenditure under this head is very variable, and is practically beyond control of the Department.

E.—Incidental Expenses.—The saving on this Sub-Head is due to the reduced cost in the carriage of parcels. The Valuation Lists of the rural districts are now forwarded in bulk to the County Councils, instead of being sent in small parcels to each Union, as formerly. The Urban District Lists and County Abstracts are now transmitted separately by Parcel Post, and a considerable saving is by these means effected.

F.—Valuation Lists and Maps.—The increase on this Sub-Head was caused by an extra expenditure of 150*l.* (sanctioned by Treasury letter of 26 November 1900—No. 18,953—1900) to meet the increased office work following on the heavy revision of the year.

G.—Belfast Re-valuation.—There is a saving in the present year of 2,655*l.* 7*s.* 9*d.* under this head; but until the Re-valuation has been completed, it would be impossible to say if there will be a saving on the total Estimate for this service.

H.—Appropriations in Aid:

(1.) Repayments by Counties, &c.—The receipts exceeded the Estimate by 175*l.*, due to the payment by County Mayo in 1900–01 of 175*l.*, outstanding from the previous financial year.

(2.) Receipts from Fees.—The receipts from this source show an increase on the Estimate of 305*l.* 14*s.* 6*d.* These fees fluctuate greatly in amount, and it is impossible to estimate them with any degree of accuracy.

(3.) Repayment by Belfast Corporation.—This repayment is an instalment of the sum to be contributed by the Corporation of Belfast towards the cost of Re-valuation, and the amount is regulated by the expenditure on Sub-Head G., the actual amount repaid (3,000*l.*) being approximately half the cost to date (February 1901).

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—There was an interval of one day upon the appointment of Sir R. B. Finlay as Attorney General, in succession to Sir R. E. Webster (now Lord Alverstone, G.C.M.G.)—hence this saving.

B., D., E., and F.—The Estimates for these Sub-Heads are necessarily approximate only, inasmuch as the Services provided for thereunder are liable to fluctuate considerably.

C.—The preceding observation also applies to this Service, the payments during the year being mainly dependent upon the amount of litigation in which the various Departments represented by the Solicitor to the Treasury may be involved. The expenditure under this Sub-Head is distributable among the several Departments as follows:—

	£.	s.	d.
Treasury	319	19	5
Home Office	361	6	5
Admiralty *	4,171	5	10
War Office	860	14	8
Office of Works	523	11	10
Foreign Office	846	2	11
Colonial Office	20	1	10
Costs in Chancery matters	2,082	13	8
Costs in Charity matters	651	14	9
TOTAL £.	9,837	11	4

* This expenditure includes a sum of 119*l.* 12*s.* 7*d.* paid to the Counsel and Solicitor, who acted with the Crown Advocate of Malta in connection with certain Civil Actions, arising out of the Vella frauds, brought against the Admiralty, and against Admiral Sir R. E. Tracey, and Rear-Admiral R. M. Lloyd, for moneys alleged to have been borrowed by the Crown. The amount in question was in respect of extra judicial costs and disbursements, which could not be recovered from the plaintiffs. All expenses in connection with the Criminal trials, at which Vella (late Civilian Secretary to the Admiral Superintendent of H.M. Dockyard, Malta) was sentenced to imprisonment, were borne by the Malta Treasury (Treasury Letter, 18,736—1900).

G.—No claim has been made under this Sub-Head.

H.—The surplus on this Sub-Head includes £100 unclaimed by the Admiralty and War Office Agent at Malta.

I.—Casual Variation.

<i>Re</i> Tottenham Urban District Council Bill	- - - - -	28	11	5
		£.	818	6 10

K.—The reduction in the receipts is attributable to the decreased expenditure on the several Services which contribute to this Sub-Head.

The receipts are sub-divided as follows:—

CLASS III.—*continued.*VOTE 2.—MISCELLANEOUS LEGAL EXPENSES—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This excess was principally due to the longer duration of Assizes.

A.A.—The amount represents a half year's salary, which was payable to the late Auditor of Welsh Sheriffs' Accounts, on his ceasing to hold office.

B.—Saving due to the death of a Clerk of the Peace.

C.—These expenses are necessarily of a very variable and uncertain amount. In framing the Supplementary Estimate, regard was had to the probable savings upon other Sub-Heads of the Vote.

D.—Casual variation.

E.—The expenditure in connection with Inquiries in Scotland and Ireland was greater than had been anticipated.

F.—Casual variation.

G., H., I., and J.—Fewer Inquiries were held than had been contemplated.

K.—The number of Revising Barristers was increased by one for the year 1900, under Order in Council of 7th August 1900.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Saving arising from changes in establishments, and from promotions and new appointments made at initial rates of salary.

B.—In consequence of the retirement of the Clerk of Assize of the North Eastern Circuit appointments were made at the new scale of salary.

C.—The expenditure under this head depends upon the duration of the Assizes, and cannot be more closely forecast.

D.—This saving is chiefly under the head of "District Registrars paid by Fees." A Registrar was appointed at Liverpool at a reduced salary.

E.—An uncashed warrant for £54 issued in March was cancelled by lapse of time.

F.—The copying work in the Central Scrivenery Department was less than anticipated.

G.—Decrease in the expenses of the Masters in Lunacy and their Clerks.

H.—Approximate Estimate.

I.—This expenditure was consequent upon Petitions presented after the General Election, and could not be foreseen.

K.—Certain allowances ceased to be payable through death and retirement.

K1.—This expenditure was not anticipated at the time the Estimate was framed. The special Sub-Head is raised under Treasury letter, 6th March 1890.

L.—These receipts fluctuate according to the amount of business before the Court.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This saving is owing partly to the death of the Land Titles Commissioner in July 1900 the post not being filled up, and to the revision of the intended arrangements for increased staff to meet extensions of compulsory registration.

B.—It was not possible at the time the Estimate was prepared to forecast this Expenditure more closely.

C.—Applications for Absolute Titles being voluntary, it was impossible to estimate with any certainty what number would be received in any one year. Only a few were received, and these were dealt with by the ordinary staff. The Estimate for the current year has been reduced to £1,000.

D.—Fee on Sub-pœna for production of Official documents in Court.

CLASS III.—*continued.*VOTE 5.—COUNTY COURTS—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—The saving is due to (1) vacancies, (2) the appointment of an Examiner at the minimum rate of salary, in succession to one provided for at the maximum rate, and (3) portion unexpended of amount estimated for copying.

B.—The Accounts of several of the Courts were outstanding at the end of the financial year, otherwise the expenditure would have more nearly approached the Grant. It is not possible to give a close estimate.

C., D., E., F., G., H., I., J.—It is not possible to give a closer estimate for the services provided for under these Sub-Heads.

K.—The receipts from Fees cannot be estimated with precision, depending as they do upon the number of Actions in the year, and the individual amounts sued for.

EXTRA REMUNERATION.

COUNTY COURTS.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

Outstanding
Accounts.

1. SUB-HEAD B.—As stated by the Accounting Officer in his explanation of the saving under this Sub-Head, the Accounts of several of the Courts were outstanding at the end of the financial year. Of these, the most important relate to the County Court of Birmingham, in respect of which the Registrars' Accounts for the months of September and December 1899, and for the period from March to December 1900, have neither been passed by the Accounting Officer nor rendered to my Department for audit. In reply to a request for an explanation of this delay, I learn that the Accounting Officer has been unable to pass these Accounts because the Registrars "have claimed to be allowed "full remuneration for Bankruptcy, Deeds of Arrangement, and Companies work in "addition to Schedule B. Fees, notwithstanding that they have been assigned salaries of "1,400*l.* per annum each as whole time officers." This matter is stated to be under the consideration of the Treasury in consultation with the Lord Chancellor.

B.—It was not found necessary to employ quite so large a force as that for which provision was made.

C.—The cost of the Police Clerical Staff, and the payments for incidental expenses proved somewhat less than had been expected.

D.—In accordance with the Rules under Section 6 of the Superannuation Act, 1887, an abatement of 10% was made from the salary of an Inspector appointed in March 1900.

E.—The expenditure was below the average of recent years.

F.—A casual variation.

REPORT of the COMPTROLLER and AUDITOR GENERAL on the ACCOUNT of the
METROPOLITAN POLICE PENSION FUND.

1. In consequence of a decision in the High Court of Justice, in the case of "Upperton v. Amendment of Pension Scheme.
Ridley" (1900), L. R., 1 Q. B. 680, the whole of the Pensions granted since April 1891 have been revised and re-calculated on a basis of 365½ times the daily rate of pay, instead of as formerly on 52 times the weekly rate of pay.

Arrears representing the difference in favour of the pensioner, accrued since the date of Grant, have in each case been paid.

2. The Account shows a Deficit on 31st March 1901 of 138,596*l.* -*s.* 4*d.*, which, under the Deficit on the Fund.
terms of Section 19 of the Police Act, 1890, will have to be made good out of the Police Fund.

CLASS III.—*continued.*VOTE 7.—PRISONS, ENGLAND AND THE COLONIES—*continued.*

EXPLANATION of the Causes of the Variation between Expenditure and Grant.

- A.—Saving due to unexpected changes in staff.
- B.—Less travelling than was expected.
- C.—Incidental to Estimate.
- D.—Reductions at Aylesbury. Closing of York Prison and saving on pay of reservists who have re-joined the Colours. A gratuity on retirement for marriage was paid and charged under this Sub-Head to Mrs. S. A. Hinchcliffe, formerly female Warder Arnold of Wakefield Prison of 52*l.* 2*s.* 6*d.*
- E.—Enhanced cost of some kinds of provisions.
- F.—Increase in the cost of materials.
- G.—Incidental to Estimate.
- H.—Incidental to Estimate.
- I.—Increased cost of coal, coke, gas, &c.
- K.—Incidental to Estimate.
- L.—Incidental to Estimate.
- M.—The progress in the works at Brixton was not so rapid as was expected.
- N.—Incidental to Estimate.
- O.—Regulated by actual amount of fines in this and past years.
- P.—The removals of officers were not so many as was anticipated.
- Q.—The amount added to the Estimate has proved to be insufficient. The sum of 1*l.* per week sanctioned by Treasury on 5th October 1900, $\frac{16471}{1900}$, has been paid out of this Sub-Head to a workman injured in an accident at Cardiff Prison.
- R.—Incidental to Estimate.
- S.—Incidental to Estimate.
- T.—Incidental to Estimate.
- U.—As this is a fluctuating Sub-Head dependent on many outside influences the excess may be considered incidental to Estimate.
- Treasury directed that no claim should be preferred against the War Office for Dover Prison, but that the transfer should be free of charge.

EXTRA REMUNERATION.

Fees paid by Coroners to certain Medical Officers, whose salaries are charged under D., are included in Q.

The total amount of fines abated from Officers' pay was 60*l.* 10*s.* 11*d.*
 The cost of the maintenance of convicts employed on the Admiralty Works was 10,050*l.*, and on War Department Works 6,302*l.*

The Surplus of 11,076*l.* 3*s.* 3*d.*, shown on the Account of the Vote "Prisons, England and the Colonies," for the year ended 31st March 1900, has been surrendered.

VOTE 7.

PRISONS, ENGLAND AND THE COLONIES.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

- Excess.** EXPENDITURE amounting to 17,885*l.* 1*s.* 7*d.* in excess of the Estimate, has been incurred under Sub-Heads E., F., G., H., I., K., L., and Q., and has been met to the extent of 14,419*l.* 7*s.*, out of savings under other Sub-Heads of the Vote, leaving a net excess of 3,465*l.* 14*s.* 7*d.*, for which a vote of Parliament will be required; on the other hand, the Amount received under the head of Appropriations in Aid exceeded the Estimate by 4,975*l.* 7*s.* 9½*d.*
- Gratuity on Marriage.** In addition to the case referred to in the Note on Sub-Head D., a gratuity on retirement for marriage of 31*l.* 10*s.* was paid to Mrs. M. E. Duckles, formerly Assistant Warder Dyson at Wakefield Prison.
- Special Gratuities.** Sub-Head H. The Expenditure under this Sub-Head includes 5*l.* paid to a prisoner in respect of injury sustained by him while undergoing sentence in Birmingham Prison, 10*l.* paid to the widow of a cleaner who died of typhoid fever at Wandsworth Prison, 15*l.* paid to an ex-convict, whose leg was broken in work at the Quarries at Portland, and 20*l.* to be applied for the benefit of a prisoner in Parkhurst Prison, who sustained an injury in protecting a Warder against assault. In each case Treasury sanction has been furnished.
- Land Tax on Belle Vue Prison.** Sub-Head K., Rent, &c. In the absence of an Explanatory Note, which the Treasury directed to be appended to the Account, I have to notice the inclusion in the expenditure under this Sub-Head of a payment of 24*l.* 7*s.* 7*d.* for Land Tax on the site of Belle Vue Prison.
- Clifford's Tower, York Castle.** Sub-Head M., New Buildings and Alterations, &c. Included in the expenditure under this Sub-Head is the sum of 203*l.* 6*s.* 6*d.* paid with Treasury sanction for services in connection with the shoring up of Clifford's Tower, in the grounds of York Prison.
- New Buildings, &c. Excesses on Items.** The detailed Statement of New Buildings and Alterations is appended to the Account. I am of opinion that this Statement would be more practically useful if in the column for remarks Explanations were furnished of the causes of variation between Grant and Expenditure as in the case of the similar statements appended to the Appropriation Accounts rendered by the Office of Works, and a suggestion to this effect has been made to the Prison Commissioners, who have agreed to furnish the information in this form in future.
- Sale of Newgate Prison.** Sub-Head U., Appropriations in Aid. Of the 40,000*l.* to be paid by the Corporation of the City of London, as the Purchase Money of Newgate Prison, 25,000*l.* was received as Estimated, in 1900–1901. The Balance of 15,000*l.* is Estimated to be received within the year 1901–1902.
- Extra Remuneration.** In addition to the Extra Remuneration noted by the Accounting Officer, 71*l.* 5*s.* was paid from the Charity Commission Vote (Class II., Vote 12) to the late Comptroller of Prison Industries, for Auditing the Accounts of the Official Trustees of Charitable Funds, and 150*l.* was paid out of the Vote for Colonial Services (Class V., Vote 3) to a Prison Governor, for services in connection with his mission to Tonga.
- Net Deficit.** The Net Deficit upon the Account, for which a vote of Parliament will be required, is, as already stated, 3,465*l.* 14*s.* 7*d.*

STORE AND MANUFACTURING ACCOUNTS.

A local test examination of the Receipt and Issue of Provisions and Miscellaneous Stores for Prison use was held at the Prisons of Manchester, Liverpool, Knutsford, Bedford, Wormwood Scrubs, and Holloway.

The accuracy of the Abstract Statement of Manufacturing Accounts appended to the Appropriation Account has also been tested at the above-named Prisons by an examination of the Books, &c., in which the Cash and Store transactions of the Manufacturing Department are locally recorded.

The result of the examination was satisfactory.

CLASS III—*continued.*VOTE 8.—REFORMATORY AND INDUSTRIAL SCHOOLS, GREAT BRITAIN—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This surplus is due to savings consequent on the retirement of the Chief Clerk and the temporary substitution of a Second Division Clerk for a Sub-Inspector. It would have been greater but for excess expenditure in respect of commission on the collection of parental contributions.

B.—A casual variation.

C.—In many cases proceedings were not taken owing to the absence of the father on War Service in South Africa; and, apart from this, the amount required was somewhat over-estimated.

D.—The incidental expenditure of the Inspector's Agents was under-estimated.

E.—This excess is due to a large and unexpected increase in the number of committals to Reformatory Schools.

F.—The reduction of expenditure under this Sub-Head was not foreseen. In the year 1900 juvenile delinquents were to a greater extent than usual ineligible for Industrial Schools.

G., H., I.—Casual variations.

K.—The number of admissions was over-estimated.

L.—A casual variation.

M.—This surplus arises as follows :—

	£.	s.	d.
Parental Contributions in excess of Estimate	2,334	5	2
Costs recovered in excess of Estimate	30	7	11
	2,364	13	1

EXTRA REMUNERATION.—Messrs G. Hocking and J. W. Cooper, who were appointed during the year 1900-1 as Agents for the collection of Parental Contributions, are each in receipt of a pension of 121*l.* 15*s.* from the Metropolitan Police Pension Fund.

The Department proved more successful in its efforts to enforce parental liability than it seemed prudent to estimate at the time of framing the Estimate.

The Surplus of 7,267*l.* 2*s.*, shown on the Account of the Vote "Reformatory and Industrial Schools, Great Britain," for the year ended 31st March 1900, has been surrendered.

REFORMATORY AND INDUSTRIAL SCHOOLS, GREAT BRITAIN.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads D., E., Excess H., I., and L.

2. It is satisfactory to notice that the Parental Contributions brought to account as Appropriations in Aid are again considerably in excess of the amount estimated to be received, although the estimate of receipts under the head of Appropriations in Aid was increased by 500*l.* as compared with the estimate of the preceding year. The Youthful Offenders' Act 1901 [1 Edw. 7, c. 20], which may have some effect upon the collections in the future, only came into operation on 1st January 1902.

CLASS III.—*continued.*VOTE 9.—BROADMOOR CRIMINAL LUNATIC ASYLUM—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Saving due to fluctuations in Salaries and Wages, chiefly caused by Senior Officers leaving the service

B.—Saving due to lower contract prices, and to a reduction of Stock. (*See General Note.*)

C., D., and E.—*See General Note.*

F.—The requirements for the treatment of the sick proved to be considerably below the average.

G.—*See General Note.*

H.—At the time the Estimates for 1900–01 were prepared, the coal market was threatened with a rise in prices consequent upon the war, but this was of too indefinite a character to justify a considerable increase in the Estimate. At the beginning of the Financial Year, however, advances were made in the prices of all kinds of coal, and the excess under Fuel and Light is the result.

I.—An excess of 44*l.* under this Sub-Head has been caused by an unforeseen advance in the cost of soap and kindred articles dependent upon the state of the coal trade.

K.—Saving due to the allowance being paid to a fewer number than was anticipated.

L.—Amount unexpended. It is not practicable to forecast the expenditure in connection with the removal of patients.

M.—A larger number of patients than could be foreseen were usefully employed, and their labour was, in many instances, paid for at the higher rate of wages generally ruling in the various trades.

N.—A portion of the sum saved under this Sub-Head is due to it being found, upon examination, impossible to carry out the repairs of the boilers at the Water works, their condition was such that it was decided to surrender the sum voted (applied afterwards towards meeting the excesses under Sub-Heads H., I., and M., Treasury letter 4,990–01, 26th March 1901) and to recommend the substitution of new boilers at a future date. The Estimate for 1900–01 included provision for the building of two cottages for farm labourers, to be erected under contract; but the lowest tender received was 93*l.* in excess of the sum voted, and H.M. Treasury sanctioned (*see* Treasury letter 13,869–00, 15th August 1900, forwarded with March accounts) the extra expenditure on the condition that the total vote was not exceeded. To provide this money, therefore, it was decided to postpone the erection of fencing, for which the sum of 80*l.* was also included in the vote, and to make up the amount from other savings.

O.—Amount unexpended.

P.—The expenditure under this Sub-Head cannot be accurately estimated, as it depends largely upon the number of deaths in the Asylum.

FARM AND GARDEN.—Another outbreak of swine fever deprived the farm of one of its chief sources of income, and an alteration in the procedure of the Board of Agriculture resulted in the allowance of only a nominal sum (15*l.*) as compensation for the compulsory slaughter of diseased animals. It is considered that, but for these drawbacks, the farm account would have shown a profit.

GENERAL OBSERVATIONS.—In view of the unavoidable excesses under Sub-Heads H., I., and M., and on the Farm Account, every effort was made to effect savings under other Sub-Heads, and thus avoid minimum the Supplementary Estimate. This was accomplished by reducing to the lowest possible working recourse to a various stocks. The savings affected by this procedure appear under Sub-Heads B., C., D., E., and G.

EXTRA REMUNERATION.—The Superintendent received from the Home Office Vote the sum of 47*l.* 5*s.* –*d.* for medical enquiries in capital cases.

The Surplus of 596*l.* 4*s.* 10*d.* shown on the Account of the Vote “Broadmoor Criminal Lunatic Asylum” for the year ended 31st March 1900, has been surrendered.

A. E. Sayer,
Steward.

R. Brayn,
Accounting Officer, Broadmoor Asylum.

I certify that this Account has been examined under my directions, and is correct.

BROADMOOR CRIMINAL LUNATIC ASYLUM.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. EXPENDITURE in excess of the Estimate has taken place under Sub-Heads Excess. H. I., and M.
2. A special Sub-Head has been opened, with the sanction of the Treasury, to record Special the excess of expenditure over receipts in respect of the Farm and Garden, amounting Sub-Head. to 96*l.* 10*s.* 8*d.* On this I may remark that, as explained in a paper printed as Appendix No. 7 to the Reports of the Public Accounts Committee of last year (page 227), the Farm is not carried on as a commercial business, nor are the Accounts framed to show Profit and Loss on commercial principles.
3. The grant under Sub-Head N. includes a sum of 10,000*l.* (of which 9,982*l.* 9*s.* 10*d.* Sub-Head N. Sub-Head N. was spent during the year) as a first instalment towards the erection of a New Block to accommodate eighty patients.
4. The accuracy of the Farm and Garden Statements, appended to this Account, has Farm and been tested, as far as possible, by the aid of documents furnished to this Department Garden. with the Monthly Cash Accounts, as well as by a Local Test Examination carried out by Officers of my Department.
5. The Amount to be Surrendered is, as shown by the Account, 566*l.* 4*s.* 2*d.* Surplus.

CLASS III.—*continued.*VOTE 10.—LAW CHARGES AND COURTS OF LAW, SCOTLAND—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—This saving was on the allowance for copying in the Crown Office.

B.—The expenses were not so heavy as anticipated.

C. and D.—The expenditure under these Sub-Heads is affected by the amount of serious crime, and it is difficult to make a close estimate.

E.—This saving was caused by (1) a decrease of the salary of the Procurator Fiscal, Cupar, on a new appointment - - - - -	£.	s.	d.
Salary of a deceased Procurator Fiscal, not paid within the year - - - - -	126	7	9
	167	3	8
Less increase of salary of Procurator Fiscal, Orkney - - - - -	80	-	-
Arrears of Salary applicable to preceding year - - - - -	3	16	11
	83	16	11
	83	6	9

F.—The saving is owing to the fact that the expenses under this Sub-Head which amounted to 87*l.* 9*s.* 6*d.* were fully recovered.

G.—The payments under this Sub-Head exceeded the gross Estimate by the sum of 550*l.* 3*s.*, mainly owing to the heavy legal expenses incurred by the War Department in defending actions raised against them as proprietors of Salmon Fishings in the Tay, and in the acquisition of land for Military purposes. On the other hand, the receipts into the Sub-Head were exceptionally heavy owing to the recovery of costs in a litigation at the instance of the Office of Woods. The gross payments amounted to 2,850*l.* 3*s.* while the total expenses recovered amounted to 1,792*l.* 6*s.* 2*d.* the difference of 1,057*l.* 16*s.* 10*d.* only being chargeable against the vote.

H.—The services of experts were not required to the same extent as usual, owing to the small amount of Parliamentary business specially relating to Scotland during the session of 1900.

I.—This excess was caused by payments to persons temporarily appointed to take the places of a Depute Clerk of Session, and of a Clerk in the Extractor's Office who were laid aside through illness.

K.—This saving is caused by the death of a Trumpeter, and the abolition of the salary, and by a vacancy following the resignation of the Senior Clerk in the Justiciary Office.

L.—Casual excess, the payments being affected by the duration of the Circuits.

M.—Fractional saving.

N.—The amount of official travelling was not so great as usual.

O.—This excess was caused by payment to persons appointed to act as Sheriffs' Substitute at Portree, Lochmaddy, Inverness, and Dingwall, during vacancies, for which no provision was made in the Estimate.

P.—Casual variation.

Q.—Saving owing to the stoppage of a Compensation allowance to the late Sheriff Substitute of Dingwall on his resignation.

R.—The only claims against this Sub-Head during the year were in connection with the Wick Election Petition, and amounted to 17*l.* 17*s.*

U.—Appropriations in Aid—The Receipts show an increase all round, viz. :—

	£.	s.	d.
Fees of Sheriffs' Clerks - - - - - increase	1,180	19	3
„ Commissary Clerks - - - - - „	1,530	15	6
„ Sheriffs' Clerk of Chancery - - - - - „	43	11	-
„ Miscellaneous Receipts - - - - - „	98	4	11
Fines - - - - - „	1,807	18	5
Total Increase	4,661	9	1

The increase in the Fees is owing to increased business in the larger offices, while the increase in the Fines is mainly due to the operation of special legislation for the protection of the Herring Fisheries, etc.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Saving due to incomplete occupation of Office of Abstractor, and also on sum Estimated for Temporary Draughtsman.

B.—Less travelling than anticipated.

C., G., K., M., N., P., and Q.—Estimated as closely as possible.

D.—Saving owing to (1) resignation of Governor of Edinburgh Prison, and (2) incomplete occupation of Offices, principally in connection with State Inebriate Reformatory at Perth.

E.—Saving owing to the fact that the new dietary rules made by the Secretary for Scotland, were not brought into operation until the end of July, the Estimate being framed on the basis of their being in operation during the whole year.

F.—Excess owing to increased cost of material. (Treasury letter of 27th February 1901, No. 3,373—1901, S. D., 13,500/11.) Additional expenditure also authorised by Treasury letters of 18th March 1901, No. 4,389—1901, (S. 1,309/92), and 19th April 1901, No. 6,689—1901, (S. 13,500, D/13).

H.—Estimated as closely as possible Treasury letter of 27th February 1901, No. 3,373—1901, (S. D., 13,500/11.)

I.—Excess owing to the great increase in the cost of coal, which was not foreseen when the Estimate was prepared Treasury letter of 27th February 1901, No. 3,373—1901, (S. D., 13,500/11).

J.—Excess caused by payment for telephone at Peterhead Convict Prison, authorised by Treasury letter of 7th September 1900, No. 14,961—1900, (S. 12,930/19).

L.—Saving owing to delay in progress of work at new Prison at Inverness, and at Barlinnie.

O.—Excess owing to expense incurred in transfer of Officers being greater than anticipated Treasury letter of 27th February 1901, No. 3,373—1901, (S. D., 13,500/11).

Purchase and Adaptation of Property.—Expenditure authorised by Treasury letter of 16th March 1901, No. 4,598—1901, (S. 13,800, D/9).

PRISONS, SCOTLAND.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

- Excess** 1. EXPENDITURE in excess of the Estimate has taken place under Sub-Heads F., H., I., J., and O.
- New Sub-Head.** 2. A new Sub-Head has been opened to record expenditure, amounting to 1,491*l.* 7*s.* 6*d.*, authorised by the Treasury, for the purchase of certain property near Duke Street Prison, Glasgow. At the same time a payment of 1,189*l.* 18*s.* 1*d.* for the purchase of No. 6 Dudhope Place for use as a residence for the Governor of Dundee Prison, has been charged to Sub-Head L. If this Sub-Head covers the purchase of property in connection with New Buildings and Alterations the necessity for the introduction of a new Sub-Head is not apparent. I may add that the Treasury were not consulted as to the method of charge.
- Gratuities on Marriage.** 3. Sub-Head D.—The expenditure under this Sub-Head includes Gratuities, amounting to 116*l.* 16*s.* 1*d.* awarded to Female Officers retiring from the service on marriage, under the terms of the Treasury Minute of 21st November 1895.
- Dundee Prison.** 4. The sum of 1,615*l.* provided for Buildings and Alterations at Dundee Prison has been exceeded by 123*l.* 17*s.* 4*d.*, as shown in the Statement appended to the Appropriation Account. This excess has been more than covered by savings upon the other items.
5. The Amount to be Surrendered is, as shown by the Account, 1,502*l.* 17*s.* 5*d.*

- Store and Manufacturing Accounts.** 6. A local test examination of the Receipt and Issue of Provisions and Miscellaneous Stores was held at the Prisons of Dundee, Aberdeen, Peterhead, Inverness, Ayr, and Dumfries, with satisfactory results.
- The accuracy of the Abstract Statement of Manufacturing Accounts appended to the Appropriation Account was also tested so far as it relates to the above-named Prisons, by an examination of the books, &c., in which the cash and store transactions of the Manufacturing Department are locally recorded. The result of this examination was also satisfactory.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Saving.—Deaths, retirements, and reduction of staff in Registrar's Office, Judgments, Records and Writs Office, and King's Bench Division.

B.—Saving.—One vacancy was not filled up, and the expenditure for copying in the Judgments, Records, and Writs Office, and the King's Bench Division fell short of the Estimate.

C.—Saving.—Expenditure less than was anticipated.

E.—Saving.—The amount required cannot be closely estimated.

F.—Excess.—The staff was employed on overtime work for part of the year.

G.—Saving.—Casual.

H.—Saving.—The number of memorials copied was below the Estimate.

I.—Appropriations in Aid.—The Land Judges' Duty on Sales realised more than was anticipated, but the Bankruptcy Fees for Office Copies show a further falling off. A small sum was received from the Bankruptcy Assignees in repayment of costs out of assets unexpectedly realised.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

Sub-Head A.—Saving. Through changes and promotions in the Staff during the year and economies in administration of Grant for Temporary Clerical Assistance, less, payments under Treasury Authority of (1) increased salary to the Accountant, and one of the First Class Clerks, and (2) remuneration to Supplemental Temporary Assistant Commissioners who were employed to a greater extent than was foreseen when Estimate was prepared. Several members of the Staff received allowances for overtime work undertaken with Treasury consent.

Sub-Head B.—Saving. Certain members of the out-door Staff were for a very considerable time employed upon office work in Dublin in connection with the administration of the Tithe Rent Charge (Ireland) Act, 1900, and a considerable saving in travelling expenses was occasioned thereby. Travelling of Assistant Commissioners during the year was also not so much as was anticipated.

Sub-Head C.—Over-estimate.

Sub-Head D.—Saving by Solicitor in expenditure of his allowance for Clerical Assistance.

Sub-Head E.—Approximate estimate only.

Loss on Unoccupied Holdings. This Sub-Head was, by direction of the Treasury, opened for the purpose of defraying out of the surplus on the Vote Account any losses on "Unoccupied Holdings" in respect of which accounts have been closed during the year. During the year to 31st March 1901, the sum of 86*l.* 15*s.* 5*d.* was ascertained to have been so lost, and, with the sanction of the Treasury, has been charged against the surplus of the Grant for the year 1900-01.

Sub-Head F.—The actual amount of costs recovered was greater than was estimated, and 17*l.* 10*s.* 5*d.* was received on account of previously closed Unoccupied Holdings.

EXTRA REMUNERATION.

Mr. W. Alexander, Solicitor to the Commission, received an honorarium of 100*l.* from the Congested Districts Board for services rendered to that Board in connection with the acquisition of the Dillon Estate.

Mr. C. L. Falkiner, Temporary Legal Assistant Commissioner received 83*l.* 4*s.* for services as Inspector for Historical MSS. Commission.

Mr. W. J. Bayly, Temporary Clerk, received 170*l.* as Superannuation Allowance for services in the Registrar General's Office, Dublin.

EXTRA RECEIPTS.

Stamps.—The estimated amount of receipts on account of Stamps can never be more than approximately estimated.

CLASS III.—*continued.*VOTE 17.—COUNTY COURT OFFICERS, &c., IRELAND—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Mainly due to the Land Business being less than was expected ; but also to savings under the head of Salaries of Clerks of Crown and Peace owing to reductions on vacancies.

B.—536*l.* of this surplus represents allowances of Clerks of the Crown and Peace which were not vouched within the year and could not therefore be charged to the Vote, while 300*l.* of the balance represents the amounts by which the vouched expenditure of the allowances of these Officers fell short of the amounts sanctioned. The remainder is accounted for by small savings in respect of incidental expenses.

C.—Amount of Land Business was less than anticipated.

E.—The services of the Commissioners were not required to the extent anticipated.

F.—Same as E.

G.—Provision was made for 70 magistrates, but the number drawing pay during year was less than 70.

H.—Same as G.

I.—Approximate Estimate.

CLASS III.—*continued.*VOTE 19.—ROYAL IRISH CONSTABULARY—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

- A.—This net saving arises mainly from the retirement of two Headquarter Officers, and from changes and temporary vacancies in Headquarter and Office Staff.
- B.—Saving due to decreased travelling by Headquarter Officers in early part of year.
- C.—The saving is chiefly due to changes and variations in the numbers in receipt of the several rates of Pay ; but partly, also, to the fact that, while Pay was provided for 10,690 Sergeants, Acting-Sergeants and Constables, the average number in receipt of Pay during the year was but 10,644.
- D.—Saving results from variations in the numbers of those in receipt of the several allowances.
- E.—Owing to the visit of Her Majesty Queen Victoria to Ireland in April, 1900, and to the General Election in October, 1900, the duty involving payment of Subsistence Allowances was so extensive as to more than absorb the provision for contingencies, so causing this excess.
- F.—The provision for contingencies under this Sub-Head just proved sufficient to meet the exceptional expenditure involved by the Queen's Visit and the General Election ; hence this very small saving.
- G.—The excess was caused by larger deliveries of cloth during year than were anticipated when Estimate was prepared.
- H.—The excess arose from the fact that ammunition, demanded in 1899–1900, was not received and paid for until 1900–1.
- I.—This small saving was insufficient to purchase another horse.
- K.—The saving resulted from vacancies in the number of Horses.
- L.—This saving is caused by Rents remaining unpaid through changes of ownership.
- M.—The saving arose from the circumstance that the demands arising during the year were smaller than had been expected.
- N.—The requirements of the year proved slightly larger than the forecast made at time of preparing Estimate ; hence this very small excess.
- O.—Excess due to increased correspondence between local Officers.
- P.—Variable nature of Service.
- Q.—The chief causes of this excess are (1) increased expenditure, owing to change of rifles, in the distribution of Ammunition to the Force ; (2) the payment of 98*l.* 15*s.* 4*d.* for Commemorative Medals issued by Command of Her Majesty Queen Victoria to Officers and Men on duty in Dublin during her Visit, (3) to the following payments, under Treasury Authority, from this Sub-Head for "Damages" awarded against the Police, (a) 3*s.* 6*d.* in case of seizure of lead by R. I. C., (b) 50*l.* in case of action for false imprisonment, and (c) 20*l.* in a similar case.
- R.—Saving caused by the outlay for repairs and replacement of cars having been smaller than was expected.
- S.—The net excess is due to retirements of Headquarter Officers, which caused the amount provided for new Pensions to prove insufficient.
- T.—The excess of receipts over Estimate is due to the fact that the claims against Counties for Extra Police were larger than had been expected at time of estimating.

The Surplus of 11,405*l.* 19*s.* 10*d.*, shown on the Account of the Vote "Royal Irish Constabulary," for the year ended 31st March 1900, has been surrendered.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Savings due to the post of Clerk in Charge of Accounts and of a Second Division Clerk, which became vacant during the year, being filled at the minimum salary in each case.

B.; C.—The estimates under these Sub-Heads are necessarily approximate only.

D., E., F.—Surpluses caused by vacancies and changes in the Staffs of Prisons, and by the provisional staff provided for Ennis State Inebriate Reformatory in the estimates not being employed to the full extent.

G.—The daily average number of prisoners in custody during the year fell considerably below the average for previous years, the cost per prisoner also proved lower than anticipated.

H.—Requirements less than estimated chiefly owing to reduction in number of prisoners.

I.—Small saving incidental to estimate.

J.—The medical requirements of the Prisons proved less than anticipated.

K.—It is not possible to forecast exactly the expenditure under this Sub-Head.

L., M.—Small savings incidental to estimate.

N. Surplus due to reduction in number of prisoners in custody, and consequent lessened expenditure both by the Royal Irish Constabulary and General Prisons Board for escort and conveyance of prisoners.

O.—Excess caused by increased cost of gas and coal. Sanctioned by Treasury letter No. 3820, dated 6th March, 1901.

P.—Saving due to Cavan Prison premises having been handed over to the Military Authorities during the year with the liability for the rent hitherto paid by the General Prisons Board.

Q.—The full amount provided in the estimate to meet expenditure on the enlargement of Maryborough Prison was not required in the year.

R.—Expenditure proved sufficient to cover cost of such works as became absolutely necessary and imperative during the year.

S.—No children of female prisoners became chargeable on the Vote in the year.

T.—The expenditure which is chiefly for travelling expenses and personal allowances of Prison Officers, is variable and uncertain, and cannot be closely estimated. A sum of £19 19s. 4d. paid in commutation of a Tithe Rent Charge on Belfast Prison, including the costs of the purchase, has been charged to this Sub-Head by direction of the Treasury—letter No. 162, dated 26th February, 1901.

U.—More washing was done for the Royal Irish Constabulary Depot than was considered probable when the estimate was framed. Excess sanctioned by Treasury letter No. 3820, dated 6th March, 1901.

V.—The amount expended was sufficient to meet the cases deserving of assistance from the Fund.

W.—No variation.

X.—The Appropriations in Aid, consisting of the excess of receipts over payments on the Manufacturing Department, sums realized by the sale of old stores, and rents payable to the Department, fluctuate considerably, and were estimated as closely as possible.

EXTRA REMUNERATION.

A Return of Extra Remuneration received by Prison Officers, where the amount in each case exceeded 25l. in the aggregate, is appended:

VOTE 22.—DUNDRUM CRIMINAL LUNATIC ASYLUM, IRELAND—continued.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

- A.—A saving was caused under this Sub-Head by the Tailor Attendant's post being vacant during part of the financial year, also by changes in the staff of Attendants, the in-coming Attendants commencing on minimum salaries. Counterbalancing part of this saving there were operation and nursing fees paid which were not estimated for.
- B.—Saving due to the daily average number of patients maintained, and contract prices being less than estimated.
- C.—Saving due to the absence of destruction of clothing by patients.
- D.—Amount unexpended.
- E.—It is impossible to forecast the expenditure under this Sub-Head.
- F.— Do. Do.
- G.—Excess was caused by unforeseen travelling expenses and advertisements.

The Surplus of 475*l.* 13*s.* 1*d.*, shown on the Account of the Vote "Dundrum Criminal Lunatic Asylum, Ireland," for the year ended 31st March 1900, has been surrendered.

VOTE 22.

DUNDRUM CRIMINAL LUNATIC ASYLUM, IRELAND.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. EXPENDITURE in excess of the Estimate has taken place under Sub-Head G. Excess.

2. Farm and Garden.—For the year 1900–01 the Estimate under Sub-Head B, “Victual-
ling Patients, and Rations for Attendants,” was taken net, 200*l.* being deducted as the
estimated value of Produce to be supplied (without payment) from the Asylum Farm and
Garden. As the gross expenditure under this Sub-Head (including 252*l.* 15*s.* 7*d.*, the
value of Produce supplied from the Farm and Garden) amounted to 2475*l.* 4*s.* 10*d.*, the
net expenditure was, as shown by the Account, 2275*l.* 4*s.* 10*d.* The actual excess of
receipts over payments on the Farm and Garden Account was 241*l.* 15*s.* 7*d.*, and the
resulting balance of 41*l.* 15*s.* 7*d.*, has been included in the amount to be surrendered to
the Exchequer. Farm and
Garden.

The accuracy of the Statements, appended to the Account, showing the transactions
of the Farm and Garden, has been tested as far as possible by the aid of documents
furnished to this Department with the Cash Accounts.

EDUCATION.

Expenses of the BOARD OF EDUCATION, and of the various Establishments connected or Deficit upon each Sub-Head of the Vote.

EXPLANATION
Of the Causes of Variation between Expenditure and Grant.

This saving was due to retirements and a decrease of extra copying, as well as to changes in the arrangements of the Board which could not be foreseen when the Estimates were framed.

This excess was caused by the Travelling Expenses of the Members of the Consultative Committee, &c., which expenditure was not contemplated when the Estimates were framed.

No Inquiry of any importance was undertaken this year, hence the saving.

Casual saving.

This saving was mainly due to the requisitions for Casts for Schools of Art, the packing and carriage of which are charged to this Sub-Head, having been less than were anticipated.

This saving was due (1) to the contemplated work of the Board not having fully matured before the close of the financial year, (2) to deaths, retirements and other causes of variation among the Staff during the year, and (3) to the postponement of the completion of the Staff of Junior Inspectors.

This saving is due to (1) the same causes as the saving on the preceding Head of Service and (2) an over-estimate of the Travelling Expenses and Allowances of Inspectors and Sub-Inspectors.

This saving is due to (1) deaths of Pensioners under the Code, (2) an over-estimate of the amount of Superannuations and Disablement Allowances that would be awarded under the Teachers' Superannuation Act.

This saving was caused by the Average Attendance having fallen short of the estimated number.

The following Table shows the Estimate and the result for the year :—

	Average Attendance.	Rate of Grant per Scholar.	Grant.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

This saving is due to the Average Attendance having fallen short of the estimated number.

The following Table shows the Estimate and the result for the year :—

	Average Attendance.	Rate of Grant per Scholar.	Grant.
		s. d.	£.
Estimate - - - - -	242,226	18 1½	219,517
Result - - - - -	205,858	18 11¾	195,307

This saving is due to the Average Attendance on which Fee Grant was paid, having been less than was estimated.

Casual difference.

This excess was caused by (1) an under-estimate of the average Grant per School Board, (2) Payment to several large School Boards of two Grants in the financial year, that for 1898-1899 having been claimed too late for inclusion in 1899-1900.

This saving is due to an over-estimate of Average Attendance in Voluntary Schools for the year upon which the Grant was paid.

Casual difference.

This excess is due to an under-estimate of the Expenditure in Training Colleges for the year ended 30th June 1900.

This saving is due to the falling-off in Average Attendance of the Scholars in these schools.

This saving is due to the number of Students in Schools of Science not having increased as anticipated.

This excess was occasioned by the number of Students who would have to be paid upon being under-estimated.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

Owing to the nature of the Service it was not possible to estimate this Sub-Head with certainty.

This saving was due to the localities not having fulfilled the conditions upon which these Grants are payable to the extent anticipated.

The localities again failed to make the necessary Grants upon which payments under this Sub-Head are made.

This excess was due to the Salary of one of the Professors and one of the Laboratory Assistants having been raised after the estimates were framed.

This saving is due to one of the Exhibitioners having resigned and one absent on service in South Africa, and the travelling expenses having been less than was anticipated.

Casual saving.

This is a "Grant in Aid."

This excess was occasioned by the re-arrangement of the duties and salaries of the Staff after the re-organisation which was not settled when the Estimates were framed.

This saving is due to the resignation of Students during the session, and to the cost of their travelling having been less than was expected.

This excess was caused by the alterations and additions to the classes in the College consequent on the re-organisation, and the necessity for supplying materials &c., not contemplated when the Estimates were framed.

This saving arose from retirements and vacancies on the Staff.

Casual excess.

The Estimate for the additional Police was over-estimated.

Same observation.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

From the nature of this Service it cannot be estimated with certainty.

This is a "Grant in Aid."

* This expenditure was specially allowed by the Treasury for the purchase of a collection of Models of Marine Engines and Screw-cutting Machinery at the sale of the effects of Messrs. Maudslay, Sons and Field.

This is a "Grant in Aid."

This is a "Grant in Aid."

This saving was caused by the non-delivery of work, which it was estimated would have become payable out of this year's Grant.

Purchases from abroad were not made to the extent anticipated, hence this saving.

This excess is due to the substitution of a Fire Brigade at an increased cost in the place of the detachment of Royal Engineers who previously performed this duty.

This excess is due to the abnormal increase in the price of fuel, and to unforeseen alterations and renewals of the heating apparatus.

This excess is due to the abnormal demands for the supply and renewal of furniture and fittings in the Royal College of Art, which were not contemplated when the Estimates were framed.

This saving is due to the retirement of the Director, and also to the whole amount taken for Artisans' wages not being required.

Casual saving.

This is a "Grant in Aid."

Casual saving.

This saving is due to a reduction in the price of the Electric Current, and the consumption was less than usual.

The expenditure under this Sub-Head cannot be estimated with precision, hence this saving.

This saving was due to the death of the Director and other changes on the Staff.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

Casual saving.

This is a "Grant in Aid."

Casual saving.

Casual saving.

An accurate Estimate of the expenditure cannot be made, hence this saving.

This saving was caused by the retirement of the Director, and to vacancies on the Staff.

The Estimate this year was reduced by 150*l.*, but it was found impossible to carry on the work on so largely a reduced amount.

Casual saving.

APPROPRIATIONS IN AID.

This deficiency is due to a falling-off in the amount estimated would be received in Fees, Royal College of Art, and to the Inspection of Secondary Schools, from which it was anticipated there would be Fees to the extent of 1,000*l.*, not having commenced so early as was reckoned upon.

EXTRA REMUNERATION.

One of the Assistant Secretaries received 34*l.* 10*s.* -*d.* from the Privy Council Office for editing the Register of the Privy Council; one Senior Examiner and one Junior Examiner received 15*l.* 5*s.* -*d.* and 30*l.* respectively, for revising examination papers for the Scotch Education Department; and the Assistant Director of Special Inquiries received 15*l.* from the Civil Service Commission for services as Occasional Assistant Examiner.

VOTE 1.

BOARD OF EDUCATION

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. This is the first Account of the Vote for the Board of Education, which was established by Section 1 (1) of the Board of Education Act, 1899 (62 & 63 Vict., c. 33), and under Section 2 (1) of the Act has taken the place of the Education Department (including the Department of Science and Art). First Account.

2. Expenditure in excess of the Estimate has taken place under Sub-Heads A. 2, C. 6, C. 8, D. 1, E. 2, F. 1, G. 1, G. 3, H. 2, H. 5, I. 1, I. 2, I. 3, and M. 2. Excess.

3. A special Sub-Head (H.*) has been opened with the sanction of the Treasury, to record the purchase for 2,800*l.* of the models of marine engines and other machinery belonging to Messrs. Maudslay, Sons and Field. This expenditure was sanctioned by the Treasury on the condition that this special advance is made good by an abatement at the rate of 500*l.* per annum on the Purchase Grants for 1901–1902 and subsequent years. New Sub-Head H.*

Sub-Heads H. 7 and H. 8 of the Estimate for 1901–1902 show that the required reduction has been made for that year.

4. Provision for the inspection of Needlework, Cookery and Laundry-work in Scotland is continued under Sub-Heads B. 1 and B. 2 of this Vote, although, for the first time, there is provision for what might seem to be the same service under Sub-Head C. of the Vote for Public Education, Scotland (Class IV. Vote 9). It is, however, explained by the Accounting Officer of the latter Department that the inspection made in Scotland by the officers of the English Department covered only a small part of the field, and that the provision in the Scotch Estimate was intended to cover work of a different sort. Sub-Heads B. 1 and B. 2. Inspection of Needlework, Cookery and Laundry-work in Scotland.

5. In paragraph 2 of the Report upon Class IV. Vote 2, Department of Science and Art, for the year 1898–1899, attention was called to the introduction of the new system under which Grants are paid, not as heretofore on the results of examinations, but on the attendances of students, a system under which special importance attaches to accuracy of registration. Sub-Head E. 1. Annual Grants. Science.

By the terms of the Directory, no student may be registered for more than two years in either the elementary or the advanced stage of any one Science subject, and in the year under report my Department was able, for the first time, to ascertain whether this restriction was being duly observed by the Managers.

A test examination by officers of my Department having brought to light numerous instances of incorrect registration and of consequent overpayment, I inquired whether the Board would itself institute a complete audit of the Grants for the year.

In reply, I was informed that such an audit was in progress, the Board having already discovered that its partial check of claims received from Science and Art Schools was inadequate. This Departmental audit has now been completed, and I have been informed in reply to an enquiry as to its results that “the Board discovered, with great regret, that the Managers’ certificates, given in the case of certain schools, were unreliable,” and that grants amounting to about 6,000*l.* had been questioned. Of this sum, 4,130*l.* has been repaid, while the remainder, amounting to 1,907*l.* 7*s.* 11*d.*, has been withdrawn from the Account, pending satisfactory replies to the Board’s enquiries.

In view of the important results attained, and of the responsibility of the Board for the correctness of these Grants, I can but express the hope that this examination will be continued in the future

Sub-Head
C. 3.
Evening
School
Grants.

6. The Board has also admitted erroneous payment of Grant in respect of scholars in attendance at Evening Continuation Schools, who had also earned Grants in the same subjects as students at Science and Art Classes.

The Managers of these schools had in each case certified "that no scholar is registered in Science or Drawing except under the conditions of Articles 14 and 15* respectively," [of the Evening School Code, 1900.]

In reply to a communication from my Department calling attention to the faulty certificate, it is stated that "The Board have usually relied on the particulars and certificates given by the Managers and teachers on Form 65 as a prevention of such duplication of payment as has here occurred."

While this statement has reference merely to the certificates on Form 65, it offers a convenient opportunity for calling attention to the fact that the large Grants payable not only under this Sub-Head but also under Sub-Heads C. 2, C. 4, C. 6 and C. 7, are based upon figures certified by the Managers, and that therefore the trustworthiness of such certificates becomes a question of much importance.

I am not, however, in a position to state the extent of the supervision exercised by the Board over School Registration and Managers' Certificates in general, nor have I been informed whether, in view of the admission already referred to, further steps are contemplated by the Board to ensure fuller verification of the particulars and certificates hitherto relied on.

Over-pay-
ments.

8. Apart from the recoveries explained in paragraph 5, the total of admitted over-payments in the year was 536*l.* 13*s.* 2*d.*, of which sum 462*l.* 15*s.* 6*d.* has been recovered, leaving a balance of 73*l.* 17*s.* 8*d.*, which, in accordance with the usual practice, will be adjusted either by deduction from subsequent Grants or by remittances from the School Managers.

Other payments amounting to 71*l.* 15*s.* 8*d.*, have been questioned by me and have been excluded from the Appropriation Account, pending further investigation.

CLASS IV.—*continued.*VOTE 2.—BRITISH MUSEUM—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Variation between the estimated and the actual expenditure under this Sub-Head. The saving was mainly on the item of "Assistants," there being some difficulty in finding suitable candidates to fill the vacancies occurring amongst them.

B.—Excess due to the cost of employing an additional police-constable for service in the room in which the Waddesdon Collection is exhibited. (Treasury letter, 30th March 1900, 5086-1900.)

C.—Grant in Aid.

D.—Variation, nominal.

E.—The expenditure under this Sub-Head was within the full, or *gross*, Estimate, but in excess of the *net* provision; the savings anticipated on the total of the Sub-Head by failure in progress of work not having been fully realised. (Excess sanctioned Treasury letter, 9th August 1901, 13,091-1901.)

F.—Excess due to the recent reproductions for local museums having been somewhat more costly than the earlier works selected for circulation. (Excess sanctioned Treasury letter, 9th August 1901, 13,091-1901.) The total expenditure on reproductions for local museums from the British Museum vote during the last ten years has been 6,015*l.* 5*s.* 4*d.*, as against a total provision of 6,000*l.* for this service.

G.—Supply of a new electric alarm circuit for protection of buildings, etc., from fire, etc., for which no provision had been made in the Estimates (service approved by Treasury letter of the 3rd December 1900, 19,181-1900) and the cost, in excess of provision, of the supply and fixing of a new boiler, etc., in connection with the heating apparatus. (Treasury letter 9th August 1901, 13,091-1901.)

H.—The supply of some fittings provided for was postponed.

I.—Cost of shifting books, etc., in connection with the library service, for which no provision had been made in the Estimates. (Treasury letter, 6th August 1900, 13,492-1900.) The expenditure under this Sub-Head includes the payment of 17*l.* 1*s.* 6*d.* in connection with the visit of the keeper of British and Mediæval antiquities to attend a Conference of keepers of Museums at Cologne, etc. (Treasury letter, 23rd October 1900, 17,406-1900.)

K.—Variation between the estimated and the actual expenditure under this Sub-Head.

L.—The expenditure under this Sub-Head was within the *gross* Estimate, but somewhat in excess of the *net* provision. The amount included in the estimates for Remuneration to persons not on the establishment for the preparation of catalogues, etc., was fully expended, and the variations in the establishment as estimated having been few, the savings were comparatively small. An assistant of the Second Class specially promoted to the First Class on the ground of "unusual merit" (Treasury letter, 11th May 1900, 7,409-1900) absorbed about 100*l.* of those savings.

M.—Additional constables on one Sunday—payment for which fell within the financial year. (Treasury letter, 5th December 1900, 19,166-1900.)

N.—Grant in Aid.

O.—Expenditure on the preparation, etc., of zoological specimens beyond the provision in the Estimates (Treasury letter, 9th August 1901, 13,091-1901.)

P.—Progress in printing, etc., Catalogues of zoology less than anticipated when the Estimates were prepared.

Q.—Necessary repairs, etc., to the heating apparatus in excess of provision. (Treasury letter, 9th August 1901, 13,091-1901.)

R.—Cost of additional fittings required for the collections. (Excess sanctioned Treasury letter, 9th August 1901, 13,091-1901.)

S.—Postage in excess of provision. (Treasury letter, 9th August 1901, 13,091-1901.)

T.—Receipts from the sale of Museum publications, etc., were in excess of the amount estimated to be received in 1900-01. These receipts are uncertain in amount.

EXPLANATION of the causes of variation between Expenditure and Grant.

A.—Casual difference caused chiefly by vacancies on the staff.

C.—Casual difference.

D.—Casual difference.

E.—Due to new uniforms having to be provided for two Pensioner Messengers appointed in the place of men promoted, and to an increase in the price originally estimated to be paid for uniforms in 1900-1.

EXTRA RECEIPTS.

Fewer catalogues were sold than was anticipated, but a larger number of visitors paid for admission to the Gallery on Students' Days than was estimated. A sum of 20*l.* realised by the sale of a portrait of Nell Gwyn was, by Treasury instructions, paid into the Exchequer as an Extra Receipt. The gross receipts thus realised show a surplus of 26*l.* 19*s.* 3*d.* over the gross amount estimated.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—Owing to the postponement of the opening of the Wallace Collection till June, the full staff of Attendants and Porters was not required during the months of April and May 1900.

B.—Only six weeks' wear and tear of the fatigue suits required for fire drill was charged instead of the entire cost of the same, as had been estimated for. Also slightly over-estimated.

C.—Casual difference.

D.—The glazing of a few small pictures not having been satisfactorily performed, payment was postponed until the required alterations were made.

E.—It was anticipated that certain parts of the uniform would require to be renewed before the expiration of the financial year. This was found to be unnecessary.

F.—The uncertain nature of these receipts (depending as they do upon the weather and other varying circumstances) makes it difficult to form a precise estimate as to their amount.

EXTRA REMUNERATION.

The majority of the Attendants and Porters receive pensions from Army, Navy, or Police Funds varying from £15 to £111. Many of them also receive small sums for Sunday duty.

WALLACE COLLECTION

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

Excess. 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Head C.

Sub-Head D. 2. Sub-Head D.—Incidental Expenses. A payment of £90 for eighteen Louis XV chairs is included under this Sub-Head. As provision for the furniture for Hertford House is taken under the Vote for Public Buildings, (Class I, Vote 8), the attention of the Accounting Officer was called to the apparently incorrect incidence of the charge, and the matter having been referred to the Treasury, their Lordships have given their covering sanction to the payment being borne by Sub-Head D., but remind the Trustees that the expenses of decoration and furniture are outside the intention of the Vote for the "Wallace Collection." They add that if the expenditure in question had been submitted for their previous sanction they would not have felt able to authorise the purchase of chairs for the use of visitors at the price of £5 each.

Sale of Catalogues. 3. In addition to the sum of 1,841*l.* 7*s.* 7*d.* received in respect of Admission Fees, a sum of 1,394*l.* 19*s.* -*d.* has been received from the Sale of Catalogues, and has been paid to the Stationery Office. No note as to this receipt appeared in the Estimate for 1900-1, nor is it shown upon the Account. I observe, however, that an anticipated receipt of 500*l.* under this head is referred to in a note to the Estimate for the succeeding year.

CLASS IV.—*continued.*VOTE 8.—LONDON UNIVERSITY—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

Sub-Head A.—A small part of the excess of expenditure over the original grant for this Sub-Head was due to the reorganisation of the University effected during the latter part of the year, but much more of the excess arose out of the removal of the University in April, 1900, to the extensive building now occupied at South Kensington, which is more costly to work in respect of Messengers and Charwomen.

Sub-Head B.—The payments made to the Assistant Examiners, who are paid *pro rata* for their work at the two Matriculation Examinations, were, owing to a considerable increase in the number of Candidates attending those examinations, above the sums provided in the Estimate, and more than account for the excess shown under this Sub-Head.

Sub-Head C.—In default of qualified Candidates some Exhibitions and Prizes were not awarded.

Sub-Head D.—The removal of the University to South Kensington necessitated the equipment of the New Laboratories with benches and apparatus at a considerable outlay over the sum provided under this Sub-Head for Examination Expenses, and gave rise to the large excess over the original grant.

Sub-Head E.—The large saving shown under this Sub-Head is really apparent only, as to meet removal and reorganisation expenses a special item of 400*l.* was introduced into this Sub-Head in the original vote but as the expenditure incurred fell principally under items of Sub-Heads A. and D, the charges have been brought to account under those Sub-Heads, and the surplus shown under E. should be rather treated as a set off against the excesses accounted for under Sub-Heads A. and D. than as an actual saving.

EXTRA REMUNERATION.

J. Higgins, Office-keeper, received from the Civil Service Commissioners the sum of 68*l.* 15*s.* ; from the Education Department, 6*l.* ; and from the War Office 4*l.* 5*s.* ; but he reported that about two-thirds of these amounts were paid over to the Porter and Extra Charwomen.

EXTRA RECEIPTS.

At the June Matriculation Examination especially, and at two or three of the Higher Examinations in a less degree, more fees were collected in consequence of the larger number of Candidates presenting themselves thereto.

The Surplus of 14*s.* 10*d.* shown on the Account of the Vote "London University" for the year ended 31st March 1900, and also, by instruction specially received from the Treasury, the surplus of 3*s.* 8*d.* shown above on account of the year ended 31st March 1901, have been surrendered.

LONDON UNIVERSITY.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

Excess. 1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads A, B, and D.

Final Detailed Account. 2. The present is presumably the last detailed Account of the London University which will be rendered to my Department. The Expenditure for the London University has for some years past been almost entirely met out of Fees, and a token Vote only has been taken with the object of bringing the detailed Estimates and Expenditure under the notice of Parliament. From the Estimate for Universities and Colleges, Great Britain, and Intermediate Education, Wales (Class IV., Vote 7), for the year ending 31st March, 1902, it appears that in future the University is to be assisted by a Grant in Aid, the expenditure out of which will not be accounted for to me in detail, nor will any unexpended balances be surrendered to the Exchequer.

Surplus. 3. The net Surplus, which has already been surrendered is, as shown by the Account, 3s 8d.

VOTE 9.—PUBLIC EDUCATION, SCOTLAND—continued.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

Sub-Head A.—The excess was due to an increase in the Salary of the Secretary ; to the appointment of additional Clerks : and to larger amounts being required for Overtime and for Copying.

Sub-Head B.—Casual Variation.

Sub-Head C.—The saving was due to changes in the Staff; and to a smaller expenditure for Professional and temporary assistance.

Sub-Head D.—Casual variation. The expenditure included 388*l.* 9*s.* 6*d.* for “Removal Allowances.”

Sub-Head E.—The saving was partly due to changes in inspection, which caused some payments to be deferred until after 31st March; and partly to grants having been paid upon a smaller number of Scholars than anticipated. This was, moreover, the transition year from the old to the new Scotch Code; the full effect of which upon payments falling within the financial year could not be accurately forecast.

Sub-Head F.—The saving was due to a decrease in the number of Scholars.

Sub-Head G.—The number of Scholars, and the average rate of Grant, were both rather less than estimated.

Sub-Head H.—Casual variation.

Sub-Head I.—The number of Scholars was less than estimated.

Sub-Head K.—Casual variation. Further outlay for this service is provided for under the Local Taxation (C. & E.) Act 1890, and the Education and Local Taxation (Scotland) Act, 1892.

Sub-Head M.—The preliminary provision for Allowances under the Act 61 & 62, V., c. 57 proved insufficient.

Sub-Head O.—The excess was chiefly due to a larger number of Scholars in Science and Art Schools and Classes.

Sub-Head P.—The excess was caused by a further increase in the number of Students; and by a larger expenditure by the Colleges for Science instruction.

Sub-Head Q.—Casual variation.

Sub-Head R.—No travelling expenses were incurred.

EXTRA RECEIPTS.—Casual variation.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads A., M., O., and P. Excess.
2. The total of admitted over-payments in the year is 118*l.* 2*s.* 2*d.*, of which sum 90*l.* 5*s.* 3*d.* has been recovered, leaving a sum of 27*l.* 16*s.* 11*d.* which, in accordance with the usual practice, will be adjusted either by deduction from subsequent Grants or by remittances from the School Managers. Admitted over-payments.
3. By the Elementary School Teachers (Superannuation) Act, 1898, 61 and 62 Vict. c. 57, Sec. 3 (5) it is directed that a Return showing the state of the "Deferred Annuity Fund," shall be annually laid before Parliament. It has been arranged that the Returns shall be printed with the Appropriation Accounts, and the Account of the Scotch Fund is accordingly appended. EXPLANATION of the Causes of Variation between Expenditure and Grant.

Sub-Head A.—Administration :

A. 1.—Office Salaries - - - - - £. 984. 17. 8. Saving.

One of the First Class Clerks was promoted in November to the Secretariat; another retired owing to ill-health on 31st December. One of the Staff Clerks died in June, and his successor was appointed, after an interval, from the Second Division Staff. One Second Division Clerk with considerable service died in January 1900; another retired in July; and four others with varying periods of service were transferred to other offices during the year. Successors were appointed after an interval on minimum salary of scale. Two Assistant Clerks promoted to Second Division Class. One appointment in succession made on minimum scale, while the other remained unfilled.

A. 2.—Travelling Expenses - - - - - £. 33. 15. 5. Excess.

The expenses under this Sub-Head are variable. Members of the Board resident in the country attended meetings more frequently.

A. 3.—Legal Expenses - - - - - £. 47. 3. 10. Saving.

Casual saving.

A. 4.—Rent - - - - - £. -. 12. 5. Saving.

Casual saving.

A. 5.—Incidental Expenses - - - - - £. 229. 10. 1. Excess.

(1) There was an unusual number of advertisements owing to the introduction of the Manual and Practical Scheme of Instruction.

(2) The Stamp duty on Deeds, &c., exceeded Estimate.

Sub-Head B.—Inspection :

B. 1.—Salaries - - - - - £. 341. 18. 7. Saving.

One of the Staff of Inspectors died in December 1900. A successor was not appointed. Provision formerly made in the Estimates for the Candidate Inspectors under the new system became unnecessary.

B. 2.—Travelling and Personal Expenses - - - - - £. 66. 8. 7. Excess.

During the year it became necessary to call the Inspectors together in Dublin, for Conferences on the details of the new scheme of Education begun in 1900-1. This caused the excess in question.

CLASS IV.—*continued.*VOTE 11.—PUBLIC EDUCATION, IRELAND—*continued.*EXPLANATION of the Causes of Variation between Expenditure and Grant—*continued.*

Sub-Head C.—Training Colleges:

C. 1.—Marlborough-street Training College £. 334. 1. 1. Saving.

Diploma Bonuses estimated for were not all granted within the financial year 1900-1.

C. 2.—Training Colleges under Private Management £. 334. 19. 10. Excess.

Instalments of "Fixed Grants" in November 1900, and February 1901, on 100 Female Students resident in St. Mary's new Training College, Belfast (not estimated for) had to be met out of the Vote for 1900-1, thus causing this excess.

Sub-Head D.—Model Schools:

D. 1.—Central Model Schools £. 5. 10. 9. Saving.

Casual Saving.

D. 2.—Metropolitan, District, and-Minor Model Schools £. 585. 7. 8. Excess.

The charing and petty expenses were higher than provided for. The number of resignations of Pupil Teachers was smaller than expected, and, owing to the system of appointment by competition, their travelling expenses were higher.

D. 3.—Retiring Gratuities £. 100. —. —. Saving.

No case of payment of Gratuity in year.

Sub-Head E.—National Schools:

E. 1.—Principals and Assistants in Ordinary and Model Schools, and Teachers of Schools paid by Capitation £.105,182. 19. 7. Excess.

From the 1st April 1900, the Commissioners of National Education abolished the old system of examination and payment of Result Fees, and substituted therefor an improved system of instruction, and adopted a new and simpler plan of paying the Teachers, namely, by a Consolidated Grant in each case covering all sources of their emoluments from the State. To do this, however, it was necessary to constitute a common fund out of the sums Voted under Sub-Heads E 1. and I. (School Grant).

With the sanction of His Majesty's Treasury the new system was begun, and gradually carried out during a period embracing 15 months.

The apparent excess paid was derived from the money voted under Sub-head I. but the payments under I. became correspondingly lessened: and a saving of 103,329. 14s. 4d. thus appears under that Sub-head.

Owing to the terms of the 4th Schedule to the Act of 1892, which has not yet been repealed, it was not possible to completely join the School Grant with Sub-Head E 1. as intended.

VOTE 11.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

1. EXPENDITURE in excess of the Estimate has taken place under Sub-Heads A. 2, A. 5, B. 2, C. 2, D. 2, E. 1, E. 2, and H. 1.

2. In 1900–1901 new Regulations were introduced by the Commissioners of National Education, and sanctioned by the Treasury, making an important alteration in the system of payment of Irish National School Teachers. Excess.

Hitherto the emoluments of a National School Teacher had been derived from several sources. New System of Payment of Teachers' Salaries.

Out of Sub-Head E. 1, he was paid (a) his ordinary Class Salary, or, if a Teacher in a small School, his Capitation Grant, and (b) the Fees due on the results of the annual Examination of the School Children; whilst out of Sub-Head I (the School Grant under the Irish Education Act, 1892) he received (a) an addition of 20 per cent. to his Class Salary, or, if a Teacher in a small School, an additional Capitation Grant, (b) the Residual Grant based upon the average attendance of the School, and (c) in certain cases, also a bonus.

In lieu of this complex system of payment, which involved much clerical labour, it was decided to pay to each Teacher a single Consolidated Salary to cover all the items of payment hitherto made to him.

These Salaries, in the case of Teachers who were in the Service prior to 1st April 1900, have, as a rule, been based upon the average of their emoluments from all sources under the old Regulations during the three years ended 31st March 1900.

3. During the course of the Local Audit conducted in Dublin by Officers of my Department a test was applied to the calculation of these Consolidated Salaries, the awards made to the Teachers of eight, out of a total number of 66 districts, having been examined. Local Test Audit. Over-payments.

It was found that in 48 cases the Salary fixed was excessive, the cause of the excess usually being due either to some error in the calculation or to the inclusion in the average emoluments of an incorrect amount in respect of Results Fees. The amount of these excesses varied from 1*l.* to 11*l.*, and the total amount by which the Salaries were over-awarded was 136*l.* per annum.

In four of these cases, however, no over-payment occurred, as the Teachers had left the Service before any Consolidated Salary was paid to them, whilst in other cases the over-payments of Salary fall upon the Vote for 1901–2.

Over-payments against the Vote 1900–1901 have been admitted to the extent of 38*l.* 10*s.* 1*d.* Of this amount 34*l.* 7*s.* 2*d.* has been recovered and brought to account within the year, and the balance of 3*l.* 16*s.* 5*d.* has been written off by the Treasury as irrecoverable.

Further over-payments of 22*l.* 5*s.* 6*d.* and 6*l.* 18*s.*, arising out of the ordinary examination of the Account were discovered too late for recovery within the period of the Account, and will be recovered and brought to account in 1901–2.

Postpone-
ment of
Expenditure
due in
1900–1901.

4. The Estimates for 1900–1901 and the new Regulations for 1900–1901, sanctioned by the Treasury, provide for the payment of Consolidated Salaries from the 1st April 1900, and it was originally intended by the Commissioners to introduce the new system from that date in all cases.

A difficulty, however, arose in connection with the arrears of Results Fees in respect of the year 1899–1900, which were due to Teachers for the period between the termination of their School year in 1899–1900, when the last payment of Results Fees was made to them, and the 31st March 1900, the periods varying from one to twelve months, according to the date of the School year.

As no provision had been made in the Estimates 1900–1901 to meet these arrears, their payment within the year would, in the absence of a Supplementary Vote, have caused a large Excess upon the Vote, if the new Consolidated Salaries had been paid in all cases from the 1st April 1900.

The authority of the Treasury was, therefore, sought by the Commissioners for paying to each Teacher the equivalent of the Results Fees that would have accrued from the termination of the last Results period to the 31st March 1900, if the Results Fees system had continued in operation; and it was intimated that it might be necessary to ask for a Supplementary Vote towards the close of the year. This arrangement was sanctioned by the Treasury, with the request that such payments should only be made within the current year if and so far as they could be provided for without recourse to a Supplementary Estimate.

It was consequently determined by the Commissioners to continue the old system of payment by Class Salary, &c., &c., and Results Fees, or an equivalent Grant in lieu of Results Fees for another School year, and to postpone payment of the equivalent Grants falling due in the latter portion of the year 1900–1901.

The greater portion of the equivalent Grants due for the last four months of the year 1900–1901 were so postponed, the amount charged against the year 1901–1902 being over 93,000*l.*

Considering the special and exceptional circumstances of this case, in which the difficulties attendant on a state of transition had to be met with as little financial disturbance as practicable, I am of opinion that the postponement of these payments may be regarded in the light of an administrative arrangement adopted without any intention to infringe the rule that due and fully matured payments should not be postponed in order to avoid an Excess upon a Vote.

Sub-Head
D.—Model
Schools.
Alteration
in the form
of the Esti-
mate.

5. In the Estimates for 1900–1901 provision has been made for the Salaries of the Principal and Assistant Teachers of model Schools, under Sub-Head E. 1 instead of Sub-Head D. as heretofore. The Estimate under Sub-Head D. now only covers the Incidental Expenses of Model Schools and the Salaries of Pupil Teachers, Monitors, Matrons, and a few Teachers of Special Subjects.

I have thought it right to call attention to this change because it results that the total cost of the Model Schools is no longer shown upon the Estimates.

The provision under Sub-Head D. 1—"Central Model Schools"—in 1900–1901 is 1,112*l.*, as against 4,162*l.* in 1899–1900, and that under Sub-Head D. 2.—"Metropolitan District, and Minor Model Schools"—is 8,581*l.* as against 24,781*l.*

Outstanding
Questions,
1899–1900.

6. With reference to paragraph 3 of my report for last year, I have to state that Treasury sanction has now been furnished for the payments there referred to.

7. Questions have arisen in certain cases of payments, which appear to be in excess of the amount authorised. These cases are still matters of correspondence, and, if necessary, attention will be called thereto in my Report on this Vote for next year.

VOTE 1.

DIPLOMATIC AND CONSULAR SERVICES.

of His Majesty's EMBASSIES AND MISSIONS ABROAD, and of the CONSULAR ESTABLISHMENTS
31st March 1901, showing the Surplus or Deficit upon each Sub-Head of the Vote.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

- A.—Chiefly caused by certain salaries not coming in course of payment in the year, and by savings on the salaries of second and third secretaries.
- B.—Caused by charges in connection with the newly established Agency in Abyssinia.
- C.—Mainly caused by expenditure in Abyssinia.
- D.—Above the average.
- E.—The charge for Telegrams from the Far East proved to be less than was anticipated when the Supplementary Estimate was framed.
- F.—Caused by charges in connection with the British Agency in Abyssinia.
- G.—Casual difference.
- H.—Caused by temporary expenditure at Caracas.
- I.—Same as D.
- K.—Caused by an arrear payment at Paris.
- L.—Owing to expenditure for mourning liveries at H.M. Embassies, and certain Missions and for memorial services, on the death of Queen Victoria.
- M.—The expenses in connection with the Agency in Abyssinia were, from the 1st of October 1900, charged to the several Sub-Heads of the Vote; and the provision made for unforeseen Missions was less than anticipated.
- N.—The number of appointments was unusually large.
- O.—The following Gratuities were paid during the year:—
- | | £. | s. | d. |
|--|-----|----|----|
| To a First Class Gholam at Tehran - - - - - | 20 | 10 | 1 |
| To a Chancery Porter at Constantinople - - - - - | 222 | - | - |
| To a Boatman at Amoy - - - - - | 8 | - | - |
| To a Boatman at Pagoda Island - - - - - | 6 | 18 | - |
| To a Writer at Yokohama - - - - - | 24 | 11 | 3 |
| To Head Writer at Bangkok - - - - - | 31 | 19 | - |
- P.—Owing to vacancies at Loanda, Buenos Aires, Rio de Janeiro, Samoa, Resht, and Moush. The saving would have been greater but for exceptional expenditure at Lorenzo Marques and Inhambane.
- Q.—Caused chiefly by expenditure for extra Clerical Assistance at posts in Portuguese East Africa, on account of the war, and by arrear payments at Rhodes and Savanilla.
- R.—The anticipated promotion of one of the Assistants to a vacant Vice-Consulate in the East did not take place within the year.
- S.—Below the average, principally on account of fewer transfers in the Consular service.
- T.—Same as D.
- U.—The expenditure for the last quarter of the year proved to be less than was anticipated when the Supplementary Estimate was prepared.
- V.—Below the average.
- W.—No contribution was made to the Church at Bahia, owing to the post of Chaplain being vacant.
- X.—Cannot be accurately estimated.
- Y.—This charge represents an amount advanced by H. M. Consul at Marseilles for the relief and repatriation of a British subject in temporary distress. A promise to repay was given, but the Treasury Solicitor has been unable to recover the amount.

CLASS V.—*continued.*VOTE 1.—DIPLOMATIC AND CONSULAR SERVICES—*continued.*EXPLANATION
Of the Causes of Variation between Expenditure and Grant.

AA.—The disturbances in China led to deaths, retirements, and cases of illness. The saving is owing to the vacancies thus caused, and to the posts at some of the ports lately opened not having yet been filled up. The latter circumstance also affects Sub-Heads CC., DD., and FF.

BB.—Owing to vacancies.

CC.—The amount taken for Outfits at new posts was not required. *See* explanation under AA.

DD.—The provision made for new posts was not required. *See* explanation under AA.

EE.—More would have been taken in the Supplementary Estimate but for anticipated savings under other Sub-Heads.

FF.—Same as DD.

GG.—Same as G.

HH.—The expenditure at posts where there is no fixed allowance cannot be accurately estimated.

II.—Same as X.

JJ.—It was found possible to wind up the business of the Court for Japan on the 30th of June, and salaries ceased on that date.

KK.—Same as G.

LL.—No outfit allowances were paid during the year.

MM.—Mainly caused by the closing of the Court for Japan.

NN.—Same as G.

OO.—Same as D.

PP.—Chiefly caused by expenditure at Bangkok for prisoners undergoing sentence. More would have been taken in the Supplementary Estimate but for anticipated savings under other Sub-Heads.

QQ.—The medical allowance at Tokio for five quarters came in course of payment during the year.

RR.—Same as X.

SS.—The Receipts, compared with the Estimate, were as follows :—

VOTE 1.

DIPLOMATIC AND CONSULAR SERVICES.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. EXPENDITURE in excess of the Estimate has been incurred under the following Sub- Heads:—Diplomatic Service, B, C, D, F, H, I, K, L, and N; General Consular Service, Q, R, and T; Services in China, EE, and Services in Japan and Siam, OO, PP, and QQ. Excess.

2. A new Sub-Head (Y.—Irrecoverable Balances) has been opened to record a sum of 3*l.* 10*s.*, which, with the sanction of the Treasury, was charged to this Sub-Head under the circumstances explained on the face of the Account. New Sub-Head.

DIPLOMATIC SERVICE.

3. Particulars of expenditure under those Sub-Heads of the Vote for "Diplomatic Service" which are not detailed in the Estimate are included in the Statement attached to this Report. Statement of details.

4. Sub-Head M.—Special Missions and Services:—Details of the expenditure under this Sub-Head are given in the appended Statement furnished by the Foreign Office, in addition to which a further Statement prepared in my Department is annexed, showing the total cost, to 31st March 1901, of those Special Missions in respect of which expenditure has been incurred in preceding years as well as in the present Account. (A.)
Sub-Head M.—Special Missions, &c.
(B.) (C.)

5. Sub-Vouchers in support of expenditure amounting to 1,198*l.* 14*s.* in Abyssinia and Persia, have not yet been furnished to my Department. I am informed, however, by the Foreign Office, that some of these Vouchers were returned to Abyssinia for completion, and that they will all be forwarded as soon as they are received. Missing Vouchers

GENERAL CONSULAR SERVICE.

6. With regard to the recovery of the sum of 55*l.* in respect of claims of British subjects against the Government of Hawaii, referred to on several occasions in previous Reports on this Vote, I am informed by the Accounting Officer that communications with the United States Government on the subject are still proceeding. Claims against Government of Hawaii.

7. Expenditure amounting to 202*l.* 2*s.* 11*d.* has been incurred during the year 1900–01 in connection with the purchase of a cutter for the use of the Consulate at Mozambique. The cost of the boat was 105*l.*, while a sum of 35*l.* was paid for its transport from Zanzibar to Mozambique, to a person who failed to perform the service. After further expenditure, the boat eventually reached Mozambique, and its condition was then discovered to be so unsound that it was estimated that expenditure amounting to 288*l.* would be necessary before it could be considered seaworthy. Under the circumstances, it has been decided, with the concurrence of the Treasury, to sell the cutter with her dinghy, and purchase a rowing boat. So much fruitless expense appears to have been incurred in connection with this transaction, that I have thought it desirable to notice the facts. Purchase of an Unserviceable Boat.

8. In consequence of the refusal of the Ottoman Porte to recognise the establishment of the British Post Office at Salonica, a sum of 689*l.* 15*s.* 1*d.* has been charged to Sub-Head S. of this Vote, during 1900–01, in connection with the conveyance of mails by Consular caravasses between Salonica and the Servian frontier, while the remainder of the expenses incidental to the maintenance of the British Post Office has been met out of the Post Office Vote. Conveyance of Mails, Salonica.

CLASS V.—*continued.*VOTE 1.—DIPLOMATIC AND CONSULAR SERVICES—*continued.*

The Treasury gave their sanction to this exceptional arrangement on the 10th February 1900, but strictly limited it to a period of twelve months. It apparently ceased on 23rd May 1901, when the mail bags are stated to have been handed over for the first time to the Turkish Post Office.

SERVICES IN CHINA.

Employment without Civil Service Certificate. 9. An Assistant Clerk in the Consular Court at Shanghai, has been employed since May 1898 without a Civil Service Certificate. I have been informed that the officer in question has not yet passed his examination. The Treasury, in a letter dated 31st December 1891, permit the employment of such officers "provided no undue delay, say at the outside a year, takes place in procuring the necessary Civil Service Certificate," a condition which in this case has not been fulfilled.

SERVICES IN JAPAN AND SIAM.

Expenditure on Judicial Staff. 10. Expenditure on account of the Judicial Staff at Yokohama, referred to in paragraph 8 of my Report for last year, was, with Treasury sanction, continued up to 30th June 1900, when the Court was definitely closed.

Fee Returns not received 11. The following Fee Returns in respect of the year 1900–1901 have not yet been received :—

Asuncion, March quarter, 1901.

Monrovia, September and December quarters, 1900, and March quarter, 1901.

Tonga, 1st January to 16th February 1901.

The Paranagua and Santos Returns for the March quarter, 1900, the non-delivery of which was noticed in paragraph 14 of my Report for last year, have not yet been furnished.

Discrepancy in Fee Stamps in Account 1899–1900. 12. With reference to paragraph 13 of my Report of last year, I have now to state that the missing Stamps of the value of 42*l.* have been found and brought to Account.

13. The Amount to be Surrendered is, as shown by the Account, 24,219*l.* 10*s.* 5*d.*

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

- Grants in Aid. 1. THE Grants in Aid under Sub-Heads A., B., C., and C.C. have been issued in full, and are further noticed in the paragraphs which deal with the Accounts of the several Protectorates in aid of whose expenses the Grants were made.
- Sub-Head D. 2. Sub-Head D.—The Surplus of 15s. results from the Estimate for the payment of the annuity on the Uganda Railway having been taken in even money.
- Surplus. 3. The Account shows a Surplus to be Surrendered of 15s.

ACCOUNTS OF OF THE PROTECTORATES.

UGANDA.

- Outstanding Questions, 1879-98. 4. Some of the questions arising on the Accounts for 1897-1898, referred to in my Report of last year as outstanding, are still unsettled. They are however of minor importance.

- Accounts for 1898-99 and subsequent Accounts. 5. I am still unable to report on the Accounts of the Protectorate for the year 1898-1899, as the examination of these Accounts by my Officers in Uganda is still incomplete. I am, however, informed by the Local Auditor that on 14th December 1901, all Accounts for 1898-1899 had been rendered to him and examined, except a portion of the Accounts for the March quarter, 1899, which were about to be furnished for examination. It was anticipated that the Annual Account for that year would be despatched to England on 31st January 1902, and that, if the staff of the Accountant's Department remained at its full complement, the Accounts for the year 1899-1900 would be rendered to the Local Auditor by the 1st April 1902.

The examination in Uganda of the Accounts for the year 1900-1901 which, as stated in my Report of last year, were to be examined concurrently with those of preceding years, in order that arrears should not accumulate, has been completed as regards the first half of that year, and if no further delay occurs in the delivery of the Accounts, all arrears of examination should be overtaken, at the latest, by the 31st December 1902.

- Grants in Aid. 6. Pending the receipt from the Protectorate of the Annual Accounts for the years 1898-1899, 1899-1900, and 1900-1901, I have ascertained that the Grants in Aid for these years, amounting to 940,400*l.*, have been credited to the Protectorate in the Accounts of the Crown Agents.

BRITISH CENTRAL AFRICA.

- Outstanding Questions. 7. The questions on the Accounts for the years 1898-1899 and 1899-1900, referred to in my Report of last year as outstanding, have since been satisfactorily settled.

8. The Account for the year 1900–1901 is appended. Exclusive of the Grant in Aid Annual (40,000*l.*), and the contributions by the British South Africa Company to the Postal Account, Service and Armed Forces (8,435*l.*), the Revenue for the year 1900–1901 amounted 1900–01. to 40,779*l.* 4*s.* 9*d.* including 887*l.* 3*s.* 4*d.*, the proceeds of the sales of Crown Lands. The Expenditure during the same period was 78,365*l.* 13*s.* 8*d.* (A.) —

9. The Statement of Assets and Liabilities on 31st March 1901, which is appended, shows Assets and a surplus of Assets at that date of 4,352*l.* 14*s.* 7*d.* Liabilities.

Certain questions in connection with the Account for 1900–1901 are still unsettled. (A. 1.) —

BRITISH EAST AFRICA.

10. The questions on the Account for the year 1898–1899, referred to in my Report Outstanding of last year as outstanding, have been settled. Questions.

11. The Account for the year 1899–1900, which had not been furnished to me at the date of last year's Report, has since been received, and is appended. Annual Account, 1899–1900.

Exclusive of the Grant in Aid (110,000*l.*), the Revenue for the year amounted to 68,069*l.* 9*s.* 5*d.*, including 801*l.* 13*s.* 8*d.* received from the sale of Lands and Houses. The Expenditure of the Protectorate chargeable against Estimates amounted to 173,429*l.* 18*s.* 7*d.* Extraordinary Expenditure not provided for in the Estimates, amounting to 10,438*l.* 13*s.* 2*d.* was also charged, making a total Expenditure of 183,868*l.* 11*s.* 9*d.* (B.) —

12. The Statement of Assets and Liabilities on 31st March 1900, which is appended, shows a surplus of Assets at that date of 22,758*l.* 12*s.* 6*d.* Assets and Liabilities.

13. The Account for the year 1900–1901 is also appended. Exclusive of the Grants in Aid of 227,000*l.* the Revenue for the year amounted to 64,275 2*s.* 11*d.*, including 3,415*l.* 9*s.* 6*d.* received from the sale of Lands and Houses. The Expenditure of the Protectorate chargeable against Estimates was 158,744 14*s.* 8*d.* There was also Extraordinary Expenditure, amounting to 34,693*l.* 8*s.* 11*d.*, not provided for in the Estimates, making a total Expenditure of 193,438*l.* 3*s.* 7*d.* (B. 1.) Annual Account, 1900–01. (B. 2.) —

14. The Grants in Aid received during the year were 87,000*l.*, "in aid of the Expenses of Administration, &c., and for expenses of the Juba Expedition," and a Supplementary Grant of 140,000*l.* "in aid of expenses connected with Military Operations." Grants in Aid, 1900–01

Expenditure chargeable against the latter Grant to the amount of 34,135*l.* 3*s.* 8*d.* appears in the Account under the head "Ogaden Punitive Force, 1900."

15. The Statement of Assets and Liabilities on 31st March 1901, which is appended, shows a surplus of Assets at that date of 120,528*l.* 6*s.* 3*d.* Assets and Liabilities.

Certain questions in connection with the Accounts for 1900–1901 are outstanding. (B. 3.) —

16. As stated in previous reports, the Accounts of the Expenditure of the Protectorate were to be examined by my Officers stationed at Mombasa, until all Accounts in arrear had been delivered and examined. I am now able to report that all arrears both of delivery and examination have been overtaken, and the audit at Head-quarters in London has been resumed. Arrears of delivery and Examination of Accounts overtaken.

COLONIAL SERVICES.

SERVICES, including certain Grants in Aid and Expenses incurred under "The Pacific Deficit upon each Sub-Head of the Vote.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

A.—The special expenditure brought to Account in connection with these Territories amounted to 29,270*l.* 16*s.* 3*d.*, of which a moiety has been charged to the Vote.

E.—A statement showing the distribution of the 13,320*l.* is appended.

F.—Owing to the state of affairs in South Africa when the Estimate was prepared, it was not known what sum would be required.

I.—The saving was chiefly due to the fact that the Travelling Allowance to the Governor-in-Chief was not drawn for a short period.

J.—In addition to the ordinary provision, the Imperial contribution towards the salaries of the Administrators of St. Kitts-Nevis and Dominica for February and March 1900, were paid in the course of the year; on the other hand there was a slight saving in the amount provided for Travelling Allowance.

K. 1.—The excess was due to the appointment of a Mycologist to the Department of the Commissioner of Agriculture as from 1st February 1901, for which no provision had been made in the Estimate.

K. 2.—It is not possible to estimate the expenditure under this Sub-Head with complete accuracy.

L.—The expenditure under the item "Special Judicial and Clerical Assistance," was less than was estimated for.

L. 1.— } The Expenditure under both these Sub-Heads is of a variable character, and cannot
L. 2.— } be estimated with any great accuracy.

L. 3.—After the Estimates had been framed, it was decided to grant to the Officer who conducted the Mission an honorarium of 150*l.* A Supplementary Estimate was not taken, as it was known that there would be savings on other Sub-Heads of the Vote.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

M.—A successor to the Secretary and Accountant was appointed during the year at a lower rate of salary. There was also a saving on the item "Clerical and other Assistance."

M. 1.—After the Estimate had been prepared it was agreed that the cost of Cablegrams, sent by the High Commissioner to Canada and Australia, concerning the casualties, &c., of Colonial Forces engaged in the Boer War, should be defrayed from Army Funds, to which cause the saving was to a great extent due.

M. 2.—Expenditure under this Sub-Head cannot be Estimated with any great accuracy. Owing to the war there was less expended on Travelling than usual.

N.—Owing to the transfer of the Commandant-General to the South African Constabulary, four months' salary lapsed.

N. 1.—Casual.

O.—Two pensioners died during the year, and in two other cases the pensions were not fully drawn. On the other hand, in the case of one pensioner, five quarters' pension came in course of payment.

O. 1.—Certain expenditure in connection with these Commissions did not come in course of payment until after the close of the year.

P.—It is impossible to estimate with accuracy the expenditure under this Head. Certain changes which had been expected did not take place. The usual Statement is appended.

Q.—The expenditure on Local Transport, Interpreters, Carriers and Presents, was less than had been estimated for, and the work of the Gold Coast Commission was completed earlier than had been expected, when the Supplementary Estimate was taken.

T.—The Net Revenue was more than had been expected, and one pensioner died. On the other hand two new pensioners were added.

EXPLANATION

Of the Causes of Variation between Expenditure and Grant.

U.—Expenditure for the period from October 1899 to February 1901 is included in the amount brought to Account, but the Account for March 1901 was not received from West Africa in time for inclusion in the Colonial Office Accounts. The Expenditure during part of the above period was much below the average, and very heavy Expenditure was included in the Account for March 1901.

- (a) This Sub-Head was opened with concurrence of the Treasury to cover certain losses by theft of Government Moneys in connection with the West African Frontier Force, it having been decided, after full enquiry, that no Members of the Force could be regarded as liable for the losses in question.
- (b) This Expenditure was incurred in connection with the expenses of a Colonial Officer who was deputed to proceed to Wei-Hai-Wei to report on questions connected with its Civil Administration. No provision was made on a Supplementary Estimate as it was known that there would be savings under other Sub-Heads.
- (c) The Expenditure in question includes the cost of a passage to Natal, and the remuneration of a Colonial Judge who was selected to be Chairman of a Commission, which was appointed under a Natal Act, for the trial of persons accused of treason in that Colony. No provision was made in a Supplementary Estimate for the reason given in the preceding explanation.
- (d) The Expenditure under this Head consisted of further advances on account of compensation to certain relatives of three British Officers, who were killed at Waima in December 1893. As was explained in the Appropriation Account for last year, it is hoped that this compensation will ultimately be recovered from the French Government.

EXCHEQUER EXTRA RECEIPTS.—Receipts from various sources which could not have been foreseen when the Estimate was prepared, were realised. Apart from these a considerable amount was realised in connection with the West African Frontier Force from the sale of arms ammunition, equipments, &c., rebates on shipments, &c.

EXTRA REMUNERATION.—The Secretary and Accountant to the High Commissioner for South Africa received, in addition to his salary of 1,200*l.* per annum from the Colonial Services Vote, a special allowance of three guineas a day from Transvaal Funds for about six months, while detached for duty at Pretoria.

The Surplus of 104,451*l.* 9*s.* 7*d.*, shown on the Account of the Vote "Colonial Services," for the year ended 31st March 1900, has been surrendered.

COLONIAL SERVICES

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

Excess. 1. Expenditure in excess of the Estimate has been incurred under Sub-Heads J., K. 1, and L. 3.

New Sub-Head. 2. Under the circumstances stated in the explanations on the face of the Account, the following special Sub-Heads have been opened with the sanction of the Treasury, to record Expenditure which was not provided for in the Estimates submitted to Parliament:—

	£.	s.	d.
(a) West African Frontier Force, Losses by Theft, &c.	99	9	4
(b) Mission to Wei-Hai-Wei - - - - -	372	6	-

Missing Voucher, Sub-Head N., Rhodesia 3. With reference to paragraph 5 of my Report for 1899–1900, the voucher therein reported as missing has since been furnished, but the voucher in support of a similar charge of 41*l.* 13*s.* 4*d.* for the salary of the Commandant of Rhodesia for the month of October 1900 has not yet reached me.

Sub-Head O. 1, South African Com-missions. 4. The sum provided under Sub Head O. 1. to meet the cost of the Transvaal Concessions and Land Settlement Commissions and Transvaal Special Mission was 7,800*l.* I learn from correspondence which has been furnished to me that it is proposed that the cost of the Transvaal Concessions Commission shall ultimately fall on the Transvaal Treasury.

The amount expended on this Commission, which is charged to the Vote for 1900–1901, is 3,493*l.* 1*s.* 5*d.*

WEST AFRICAN FRONTIER FORCE.

Delay in delivery of accounts, &c. in 1899–1900. 5. With reference to paragraph 8 of my Report of last year, I have now to state that the examination of the local West African Frontier Force Accounts for 1899–1900 has since been completed with satisfactory results.

Delay in delivery of accounts, 1900–1901. 6. The charges against the Vote for the year 1900–1901, are in respect of expenditure incurred from 1st October 1899, to 28th February 1901, a period of seventeen months. The Account for March 1901 has not yet been received. Owing to the late delivery of the greater portion of these Accounts it has not been found practicable to complete the examination of the whole of them. It will therefore be necessary to defer until next year any observations which it may be necessary to offer in regard to the unexamined portion of these Accounts.

Compensation for losses by fire. 7. The charge of 55*l.* 10*s.* 8*d.* for compensation to civilians for loss of property by fire referred to in paragraph 13 of my Report of 1899–1900 as requiring the authority of the Treasury has since been sanctioned.

Stores lost, &c., 1899–1900. 8. In paragraph 14 of last year's Report I mentioned that the necessary particulars had not been furnished with regard to the charge of sums of 501*l.* 16*s.* —*d.* and 29*l.* 14*s.* 6*d.* to this Sub-Head, being the cost of replacement of stores lost, damaged, or found unserviceable. The necessary particulars and explanations have since been received from the Accounting Officer.

CLASS V.—*continued.*VOTE 3.—COLONIAL SERVICES—*continued.*

9. I mentioned in paragraph 12 of my Report for 1899–1900 that a sum of 785*l.* on account of transport of materials and the construction of a telegraph line from Ogbomosha to Jebba had been provisionally charged against Sub-Head U., West African Frontier Force, pending reference to the Government of Lagos for details of the expenditure and for the original vouchers. I have recently been informed by the Colonial Office that the matter has not yet been settled and that a further despatch for explanation has been addressed to the Governor of Lagos.

Cost of construction of telegraph line from Ogbomosha to Jebba.

10. The Treasury having vested discretionary power in the Secretary of State to write off within certain limits losses incurred otherwise than by fraud, various small over-payments made by the Officer commanding in Nigeria and by the Colonial Office, amounting altogether to 63*l.* —s. 8*d.*, have been charged to the Vote, it being considered either impracticable or inexpedient to recover them.

Losses written off by the Secretary of State

11. At the suggestion of the Colonial Office, the Treasury agreed to the abolition of the system of issuing free rations to the West African Frontier Force on the Niger, from the 1st April 1900, and to the substitution of money allowances to cover the cost of purchasing food from canteens which it was proposed to establish. In order to start the canteens on a satisfactory footing, provisions to the approximate value of 3,074*l.* 4*s.* 10*d.*, which had been purchased out of the Vote for the West African Frontier Force, were handed over to the Canteen Committee, together with an advance of 5,000*l.* This arrangement received Treasury sanction on the condition that the value of the provisions should be repaid within five years from the 1st April 1901, and the advance within two or at most three years from the same date.

EXPENDITURE OUT OF GRANTS IN AID.

GOLD COAST.

*(Northern Territories, 40,000L.)*Sub-
Head A.,
Northern
Territories

14. Out of the Grant in Aid of 40,000L., only 14,635L. 8s. 2d. has been issued.

The total issues, inclusive of those of previous years, for this service in aid of the Northern Territories of the Gold Coast, amount, to 31st March 1901, to 199,635L. 8s. 2d. Included in this amount is a sum of 25,000L. which was granted in 1899-1900, by way of loan for the extension of the telegraph to Gambaga. No expenditure has yet been incurred out of this grant, and I am informed that the Secretary of State for the Colonies is in communication with the Governor on the subject, and, pending a decision, the amount has been placed on deposit in the London and Westminster Bank.

The expenditure in the Northern Territories in the year 1900 (the colonial financial year ending on 31st December), as recorded in the Colony's Accounts, was 37,441L. 2s. 9d., and the total expenditure from the commencement to 31st December 1900 was 213,338L. 14s. 7d. From accounts subsequent to this date, it is seen that to 31st March 1901 further expenditure was recorded, making a total expenditure to that date of 215,426L. 16s. -d.

With reference to paragraph 18 of my Report on the Account for 1899-1900, I have now ascertained that the total amount to be repaid by the Colony for expenditure on Telegraph Construction is 29,441L. 10s. 8d.

*(Disturbances in Ashanti, 400,000L.)*Sub-
Head A. 1.,
Disturbances
in Ashanti.

15. The Supplementary Grants in Aid, amounting to 400,000L., to the Gold Coast are stated in the Estimates to be an advance, to be repaid by instalments, to enable the Colony to meet the expenditure consequent on the disturbances in Ashanti. The balance unexpended at the close of the year is not to be surrendered, but if, eventually, the total expenditure directly attributable to the recent disturbances proves to be less than the sum issued, the Colony will be required to surrender the amount unexpended.

The total Expenditure out of the Grant up to the 31st March 1901 was 287,217L. 18s. 11d. I may mention that irrespectively of the Grants in Aid of 400,000L., the pay of the West African Frontier Force engaged in the repression of these disturbances has been charged to Sub-Head U. of this Vote.

NORTHERN NIGERIA.

*(Grant in Aid 88,800L.)*Account to
31st March
1900

(A.)

16. The Account of the Protectorate of Northern Nigeria for the period to 31st March 1900 referred to in my Report of last year is now appended. This Account includes local receipts and payments from 1st January 1900, the date from which the Royal Niger Company's Territories were taken over, to 31st March 1900, and the receipts and payments by the Crown Agents for the Colonies, on behalf of the Protectorate, from 1st July 1899 to 31st March 1900.

Exclusive of the amount (56,530L.) which was apportioned to the Protectorate out of the Grant in Aid of 75,000L. in 1899-1900 for Niger Territories, the Revenue of the Protectorate, as shown in the Account, was 38L. 9s. 10d., and the Expenditure 38,045L. 10s. 6d.

The Statement of Assets and Liabilities, which is appended, shows a surplus of Assets on 31st March 1900 of 29,306L. 7s. 4d.

Annual
Account,
1900-1901.

A. 2.)

The account for the year 1900-1901 is also appended, together with a statement of Assets and Liabilities on 31st March 1901. Exclusive of the Grant in Aid, (88,800L.), but inclusive of the sum (44,750L.) contributed by Southern Nigeria for the period from January 1900 to 31st March 1901, the Revenue for the year amounted to 46,929L. 14s. 1d. The total expenditure during the year amounted to 96,457L.

CLASS V.—*continued.*VOTE 3.—COLONIAL SERVICES—*continued.*

It was contemplated, as explained in the Estimate, that a moiety (44,000*l.*) of the estimated cost of the Civil Administration of Northern Nigeria should be contributed from local sources, including subsidies from the Customs Revenues collected in Lagos and Southern Nigeria. The sum of 34,000*l.*, which was fixed as the contribution of Southern Nigeria, has been brought to account, being included in the sum of 44,750*l.* above mentioned, but the amount payable by Lagos for 1900–1901 (10,000*l.*) has not yet been received.

The Statement of Assets and Liabilities on 31st March 1901 shows an excess of Assets, exclusive of the amount of the contribution due from Lagos but not yet paid, referred to in the preceding paragraph, of 57,795*l.* 13*s.* 5*d.* Assets and Liabilities.

Certain questions connected with this account are still outstanding.

(A. 3.)

WEST INDIAN ISLANDS.

(Grants in Aid of Local Revenue.)

17. In continuation of paragraph 22 of my Report of last year, which referred to the sum of 4,954*l.* 17*s.* 3*d.* allotted to St. Vincent, but invested to meet the redemption of Debentures of that Island amounting to 5,000*l.*, I have now to state that the dividends from the Stock have been devoted to the payment of interest on the Debentures for the year, and the Accounts show that on March 31st 1901, a sum of 3*l.* 1*s.* 8*d.* was owing to the Crown Agents. Grant in Aid of Deficits 1897–1898.

18. With reference to paragraph 23 of my Report for 1899–1900, I have to notice that evidence of the deficiency of revenue in the case of several Islands participating in the Grant for 1899–1900, and the requisite Treasury sanction have now been furnished. Grant in Aid of Local Revenue 1899–1900.

With regard to the grant of 20,000*l.* in the year 1900–1901, in aid of the deficiency of general revenue in certain West Indian Islands, a statement of allotments is annexed which shows that 18,035*l.* only was issued, leaving a balance of 1,965*l.* in the hands of the Crown Agents. (B.)

The Statements of Assets and Liabilities of the Islands participating in the Grant, show excesses of Assets amounting (inclusive of the Grant) to 2,549*l.*, but the Treasury have allowed the excess issues as well as the unspent balance of 1,965*l.* to be regarded as available to meet Expenditure in subsequent years, and have also sanctioned an issue of 75*l.* from the Grant to Dominica, although the revenue of that Island has been sufficient since 1898 to discharge its ordinary liabilities on the ground that the salary of the Administrator was not provided for in the Estimates of the Colony.

Grants in Aid of Botanic Stations, &c., 1898–1899, 1899–1900, and 1900–1901.

19. The Abstract Statements of Receipt and Expenditure for 1899–1900 which were noticed in paragraph 24 of my Report on that year as missing have since been furnished. Grants in Aid of Botanic Stations,

A Statement is annexed of the allotments which have been made during the year. Certificates of the local expenditure, signed by the Agricultural Commissioner, have been furnished in accordance with the terms of the Estimate. (B. 1.)

From the vouchers received by my Department it would appear that the total expenditure from the Grants in Aid to the 31st March 1901, amounts to 27,383*l.* 14*s.* 10*d.*, leaving a balance in hand of 3,316*l.* 5*s.* 2*d.*

A complete Statement of Expenditure for the whole of the Islands for the year 1900–1901 has not yet been furnished by the Colonial office.

In continuation of paragraph 25 of my Report on 1899–1900 I have to call attention to further payments for buildings at St. Vincent amounting to 1505*l.* 17*s.* 8*d.*, for Fencing, Road-making, &c., at St. Lucia payments amounting to 231*l.* 14*s.*, and for purchasing an Estate, erecting Buildings &c. on the Virgin Islands 794*l.* 6*s.* 4*d.* in connection with an experimental Station. As stated in last year's Report expenditure of this character would not appear to have been contemplated when the Estimates were framed.

CLASS V.—*continued.*VOTE 3.—COLONIAL SERVICES—*continued.**Steamer Subsidies, 1898–1899 and 1899–1900.*

Steamer Subsidies, 1898–99 and 1899–1900. 20. In addition to the balance of 39,788*l.* *s.* 10*d.* in the hands of the Crown Agents at the commencement of the year, a sum of 733*l.* 2*s.* was received during the year as Interest on the Deposit Account, making a total sum of 40,521*l.* 2*s.* 10*d.* available for the service in the year 1900–1901.

The Expenditure during the year amounted to 10,178*l.* 11*s.* 7*d.*, leaving a balance of 30,342*l.* 11*s.* 3*d.* on deposit at the London and Westminster Bank.

Central Sugar Factories.—Grant in Aid, 1898–1899.

Central Sugar Factories, Grants in Aid, 1898–99. 21. With reference to paragraph 27 of the Report for last year, mentioning that a balance of 9,214*l.* 6*s.* 7*d.* remained out of the Grant of 10,000*l.* made in the year 1898–99, I may state that during the year 1900–1901 a sum of 225*l.* 10*s.* 11*d.* was received as Interest on money placed on deposit, and Expenditure of 52*l.* 10*s.* was incurred, leaving a balance on deposit at the London and Westminster Bank of 9,439*l.* 17*s.* 6*d.* at the close of the year; this latter sum, however, is inclusive of the amount of 52*l.* 10*s.*, which has been disbursed by the Crown Agents on account of this Service.

HURRICANE RELIEF, ST. VINCENT.

Grant in Aid, 1898–1899.

Hurricane Relief, St. Vincent, 1898–99. 22. The Statements of Expenditure furnished by the Colony show that the total Expenditure from the Grant in Aid of 25,000*l.* in 1898–1899, up to 31st March 1901, amounted to 21,895*l.* 8*s.* 7*d.*, leaving a balance of 3,104*l.* 11*s.* 5*d.*

Grant in Aid of Roads and Land Settlement, 1897–1898.

Grant in Aid, 1897–98 of Roads and Land Settlement. 23. In paragraph 30 of my Report for 1899–1900, I mentioned that the Annual Statement of Account for Dominica for 1899–1900 had not been furnished, and also that the examination of the St. Vincent Accounts for that year had not been completed. I have now to state that the Dominica Account for 1899–1900, has since been received, and that the examination of both the Dominica and St. Vincent Accounts has been completed.

From the monthly accounts furnished by the Colony of Dominica, it appears that sums amounting to 409*l.* 10*s.* for interest and sales of stores were received, and 1346*l.* 14*s.* 9½*d.* expended, leaving a balance of 10,240*l.* 8*s.* 2*d.* at the close of the year.

In the case of St. Vincent the Accounts furnished by the Colony, show that sums for interest and sale of land amounting 981*l.* 17*s.* 6*d.* were received, and 7,121*l.* 5*s.* 6*d.* expended, leaving a balance of 2,851*l.* 17*s.* 11*d.* on 31st March 1901.

The Annual Statement of Account for St. Vincent for the year 1900–1901 has not yet been furnished.

Grant in Aid of Leeward Islands Hurricane Relief, 1899–1900.

Grant in Aid of Leeward Islands Hurricane Relief, 1899–1900. 24. With reference to paragraph 31 of last year's Report I have to state that the Abstract Statement of Expenditure for 1899–1900 has since been received.

This Statement shows that the Expenditure up to 31st March 1900 amounted to 6,310*l.* 14*s.* 8*d.*, which includes in addition to the sum of 5,249*l.* 8*s.* 5*d.* mentioned in that Report a further charge of 1,061*l.* 6*s.* 3*d.* for repairs of Public Buildings in St. Kitts-Nevis.

The certificate that the Expenditure at St. Kitts-Nevis in 1899–1900 was exclusive of that for Mansion House and other Charitable Funds has now been furnished.

The total Expenditure up to 31st March 1901 allowed against the Grant in Aid of 17,000*l.* in 1899–1900 amounts to 15,714*l.* 19*s.* 11*d.* leaving a balance of 1,285*l.* *s.* 1*d.* The expenditure includes certain loans free of interest for three years to planters amounting to 2,891*l.* 7*s.* 10*d.* I am informed that any repayments which may ultimately be made will be placed to the credit of the Imperial Exchequer.

BECHUANALAND.

*(Grant in Aid of Local Revenue, 70,000*l.*)*

Bechuana-land Grant in Aid. 25. The sum of 62,500*l.* has been issued to Bechuanaland out of the Grant in Aid of 70,000*l.* The Grant was based on an estimated deficit for 1899–1900. It appears however, that the actual deficit for that year was 39,919*l.* 4*s.* 9*d.* only.

VOTE 4.

CYPRUS (GRANT IN AID).

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

PARLIAMENTARY GRANT.

Parliamentary Grant.

1. The whole of the Grant of 32,000
- l.*
- was issued within the financial year.

The Grant and Expenditure are shown as equal.

	£.
Grant - - - - -	32,000.
Expenditure - - - - -	32,000.

REVENUE AND EXPENDITURE OF THE ISLAND.

Financial Position of the Island.

(A.) (A.1.)

2. The Account for the year 1900-1901 is appended, with notes furnished by the Acting Receiver General of Cyprus, explaining differences between estimated and actual receipts and payments. Excluding the Grant in Aid on the one side, and the Tribute charged on the other, the revenue during the year amounted to 215,268*l.* 7*s.* 5*c.p.*, and the expenditure, to 135,387*l.* 10*s.* 5*c.p.*, showing a surplus of revenue over expenditure of 79,880*l.* 17*s.*, as compared with a surplus of 65,956*l.* 2*s.* 6*c.p.* in 1899-1900.

Revenue.

3. The revenue realised in the year exceeded the estimate of 190,630*l.* by 24,638*l.* 7*s.* 5*c.p.*, and was larger than the revenue of 1899-1900 by 14,629*l.* 19*s.*
There were increases as compared with the estimate under 13 of the 17 heads of revenue.

Expenditure.

4. The expenditure of 135,387*l.* 10*s.* 5*c.p.*, was 339*l.* 9*s.* 4*c.p.* less than the estimate of 135,727*l.* Of the amount charged in the Account under the Head "Public Works," a sum of 46*l.* 19*s.* 1*c.p.* was not actually spent, but was placed in reserve to meet subsequent expenditure. I have drawn attention to this irregularity and requested that the necessary adjustment may be made. The error under the Head "Auditor," referred to in paragraph 4 of my Report on the Account, 1899-1900, has been adjusted in the present Account.

Tribute.

5. The sums included on the payment side of the Account, in respect of the Tribute amounted to 92,799*l.* 11*s.* 3*c.p.*

Expenditure on Irrigation Works.

6. As stated in previous Reports, a separate Account of the expenditure on Irrigation Works is kept and audited locally under my directions. The total expenditure on this service to 31st March 1901 amounted to 58,834*l.* 12*s.* 7*c.p.* Of this sum 55,000*l.* was provided by advances under the Colonial Loans Act, 1899 (62 and 63 Vict. c. 36), the remainder being temporarily defrayed out of balances in the hands of the Island Government.

Assets and Liabilities.

(B.)

7. From the Statement of Assets and Liabilities on 31st March 1901, which is appended, it is seen that there was a balance of assets over liabilities on that date (apart from the liability of 55,000*l.* above referred to), of 8,217*l.* 7*s.* 2*c.p.*, as compared with an excess of liabilities on 31st March 1900, of 3,406*l.* 16*s.* 7*c.p.* The arrears of Revenue on 31st March 1901, which are included in the assets, amounted to 11,630*l.* 2*s.* 5*c.p.*, of which it is stated that 9,000*l.* may be regarded as recoverable.

Statement of Revenue and Expenditure from 1878.

(C.)

8. I append a summary of the totals of the Revenue and Expenditure of the Island in each year since the occupation in 1878. Including the Grants in Aid on the receipt side, and the payments of Tribute on the expenditure side, there has been a net deficit on the entire period of 3,416*l.* On the Account of the year now under report there was a surplus of 19,080*l.*

D. C. Richmond,
Comptroller and Auditor General.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—The Pensions granted exceeded in amount the removals from the List from Death and other causes. It was necessary to obtain a Supplementary Vote, which was not entirely used.

B.—The Allowances under this Sub-Head granted on Account of re-organization or abolition of office are decreasing.

C.—The usual amount was provided, but the Expenditure was much less than anticipated.

D.—The payments under this Sub-Head had decreased from 9,811*l.* in 1898–9 to 3,867*l.* in 1899–1900. It was therefore thought 3,935*l.* would meet the requirement of 1900–1, but, as the payments increased, it was found necessary to obtain a Supplementary Vote.

E.—The difference between Estimate and Expenditure is 7 shillings only. A round sum in pounds was provided.

F.—The usual sum was provided for Compassionate Gratuities, but was not used.

G.—The difference between Estimate and Expenditure is 10*d.* only. A round sum in pounds was provided.

H.—A sum of 10*l.* is provided under this Sub-Head for Fees to Local Practitioners, but no payments to them were made during the year.

L.—No further grants are made under this Sub-Head, which is therefore decreasing from Deaths, &c.

Dublin Hospitals, Income and Expenditure. 3. From the 43rd Report of the Board of Superintendence of Dublin Hospitals for the year ended 31st March 1901 (Parliamentary Paper [Cd. 677]), it appears that the Total Receipts of these Institutions, amounted with the Government Grant to 58,631*l.* 8*s.* 2*d.*, while the Expenditure was 68,330*l.* 2*s.* 8*d.* The Receipts, however, in the previous year exceeded the Expenditure by 37,243*l.* 5*s.* 1*d.*, as indicated in Par. 3 of my Report of last year on this Vote.

SAVINGS BANKS AND FRIENDLY SOCIETIES DEFICIENCIES.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

Supplemen-
tary
Estimate.

1. THIS grant was taken on a Supplementary Estimate.

Trustees
Savings
Banks and
Friendly
Societies.

2. The expenditure charged under Sub-Heads A. and B. represents the amounts of the deficiencies on the Accounts of the Funds of the Trustee Savings Banks and Friendly Societies respectively, for the year ended 20th November 1900, as shown in Parliamentary Paper, No. 267, Session 1901.

Sub-Head C.

3. The expenditure shown under Sub-Head C., makes good the difference between the estimated and the actual deficiency on the Account of the Post Office Savings Bank Fund for the year ended 31st December 1899, to which reference was made in my Report of last year.

Post Office
Savings
Banks Fund.

4. From the Parliamentary Paper quoted above, it appears that in the case of the Post Office Savings Banks the interest accrued on securities standing to the credit of the Fund in the year ended 31st December 1900, exceeded the interest paid and credited to depositors and the expenses incurred in the year by the sum of 11,015*l.* 9*s.* 8*d.* Of this amount 550*l.* 15*s.* 6*d.*, being 5 per cent. on the profits of the year, has, by Treasury direction, been reserved to provide against Depreciation in the value of the Securities, and the balance, 10,464*l.* 14*s.* 2*d.*, has been paid into the Exchequer in accordance with the provisions of the Act 40 and 41 Vict., c. 13, Sect. 14.

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A. A 1.—Casual variations.

B.—Due to the employment of an assistant by the Agent in Canada in connection with the recovery of the Settlers' liabilities to the Board.

B 1.—The travelling expenses of the Board's Agent exceeded the Estimate, and payment was made of legal expenses incurred in the recovery of Lease Rents, &c., from the Settlers.

C.—Provision was made in the Estimate for a period of six months only; but the work of the Commission continued throughout the year.

C 1., C 3.—Fewer meetings were held than had been anticipated.

C 2.—No evidence was taken during the year.

D.—A saving was effected by the employment of a Messenger occasionally instead of continuously. On the other hand expenditure was incurred for typewriting not provided for in the estimate.

D 1, D 3.—The Commissioners travelled less, and fewer meetings were held than had been anticipated.

D 2.—Less evidence was taken than had been expected.

D 4.—The travelling and other expenses of the Scientific Officers of the Commission exceeded the amount estimated.

E, E 1, E 3.—The work of the Commission terminated at a much earlier date than had been contemplated.

F.—This excess was due (1) to the prolongation of the work of the Commission beyond the period provided for, and (2) to expenditure for translations of foreign reports.

F 1, F 2.—Over estimated.

F 3.—Due to the prolongation of the work of the Commission and to expenditure on experiments.

G.—Excess due (1) to payment for assistance to the Physiologist, (2) to the payment of a fee for attending and reporting on the International Congress of Medicine at Paris, and (3) to expenditure for translations.

G 1.—Due to visits of the Committee to Ireland and the Continent.

G 2.—The Committee ceased to take evidence at an earlier stage than had been expected.

G 3.—Over estimated.

H.—General observation: No trustworthy estimate can be framed of the cost of the Commissions or Committees which may be appointed during the year.

VOTE 2.—MISCELLANEOUS EXPENSES—*continued.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

A.—A saving was caused by a vacancy in the post of Messenger in the Office of Arms, Ireland ; but it was slightly reduced by expenditure in excess of the Estimate for Engrossing, &c., Patents of Arms in the Office of the Lord Lyon.

B.—The cost of providing Insignia for the several Orders of Knighthood, slightly exceeded the Estimate. A sum of 10*l.* 8*s.* has been charged to this Sub-Head in respect of the purchase of Manuscripts of Official Records for the Office of Arms, Ireland.

C.—Casual variation.

D. and E.—The charges in connection with the proceedings of the Bible Board were considerably below the average.

J.—The Appropriations in Aid were as under :—

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL.

1. THIS Vote was taken on a Supplementary Estimate to recoup to the Local Taxation (Ireland) Account, the Expenditure met out of that Account for Pauper Lunatic Grants, in respect of the period from 1st January to 31st March 1898.

Nature of Account.

2. As explained upon the Estimate, the last Parliamentary Vote for this Service, taken in 1898-99, was for the purposes of the year ended on the 31st December 1897. After that date the charge was borne by the Local Taxation Account, although the revenue applicable to that charge under Section 58 of the Local Government (Ireland), Act 1898, did not begin to accrue until the 1st April 1898. The expenditure in the present Account is thus a repayment to the Local Taxation Account of the Pauper Lunatic Grants for the intervening quarter of a year.

VOTE 1.

C U S T O M S.

and Expenses of the CUSTOMS DEPARTMENT, in the Year ended 31st March 1901,
upon each Sub-Head of the Vote.

Explanation of the Causes of Variation between Expenditure and Grant.

A. 1.—The saving has been caused by death vacancies and by the retirement on pension of officers, and the substitution of others at minimum rates of pay :—thus partly accounting for the increase in superannuations (G.)

2.—The amount provided for travelling from headquarters was not all spent.

B. 1.—The saving has been caused by death vacancies and by the retirement on pension of officers, thus the latter occasioning most of the increase in superannuations (G.).

2.—Treasury Letter of 11 May 1900, authorizing an expenditure of 250*l* on travelling was not received in time for inclusion in the Estimates, otherwise the provision under this heading would have been 6750*l*.

3.—A variable item. The expenses on removals in the year were more than estimated for.

4.—Fewer garments were supplied than anticipated.

5.—A saving is shown in the miscellaneous items, such as postage, carriage of parcels, medicines, washing towels, &c., estimated for under this Sub-Head.

Loss by Default, &c.—This amount, which Treasury letter, 3,159 of 6th March 1901, directs to be shown under a special Sub-Head, represents the loss incurred through a Customs defaulter and repaid to the Board of Trade. As a set-off to this loss there is a saving of 5*l*. 3*s*. 11*d*. on Sub-Head B.1., representing the salary due to the defaulter at the date of his suspension, but withheld in respect of his debt to the Crown.

C.—The amount estimated for expenditure on the new vessels, "Primrose" and "Pendragon," was not all spent, in consequence of the vessels not being sufficiently advanced in construction. On the other hand the expenditure on coal was considerably greater than anticipated in consequence of the high price of that article.

D.—The expenditure on Gauging and other instruments for Revenue purposes was less than anticipated.

VOTE 1.—CUSTOMS—*continued.*Expenses of the Customs Department, in the Year ended 31st March 1901, &c.—*contd.*

Explanation of the Causes of Variation between Expenditure and Grant.

E. 1.—A slight saving in the item, “Fees to counsel and other expenses.”

2.—A slight saving, there being no heavy expenses on prosecutions or litigation.

3.—The number and amount of seized goods were greater than anticipated. Hence the slight increase in this Sub-Head.

4.—This is an uncertain item of expenditure. The cost of carriage of seized goods, &c., less than anticipated.

F.—The whole amount voted was not awarded in grants.

G.—More has been spent on Superannuations than anticipated, but for that reason there has been a much larger saving on Salaries (A. 1 and B. 1.)

I.—The Receipts from No. 3, Fees for Registration, &c., Merchant Shipping Act, were 643*l.*, from No. 5, Proceeds of Goods Sold at Customs Sales, &c., 550*l.*, and from No. 6, Moneys received from Merchants for Special Attendances of Officers, &c., 1,118*l.* less than anticipated. On the other hand the yield from No. 7, Charges for Collecting Local Dues was 423*l.*, from No. 8, Fines, Forfeitures, &c., 1,843*l.*, and from No. 9, Bill of Entry, 153*l.* more than estimated. The total Receipts therefore realized came very nearly to the amount estimated as likely to be produced from the Appropriations in Aid.

Note 1.—The sum of 106*l.* 8*s.* 10*d.* accounted for in previous years as Appropriations in Aid of Vote, was repaid in 1900–1901.

2.—The sum of 50*l.* was paid to Mr. James Macklin, of the Solicitors' Office, of 50*l.* to Mr. C. J. Stebbing, of the Long Room, London, and of 50*l.* to Mr. F. W. Gardner, of the Seamen's Registry, Board of Trade, for their services in revising the official instructions to the Registrars of Shipping. Treasury Letters, 1172, of 5th February 1901, and 3641, of 19 March 1901.

3.—A sum of 100*l.* (together with 10*l.* for expenses) was paid to Mr. E. O'Brien formerly a watcher at Liverpool, as a reward for the discovery of a closer method of gauging. Treasury Letter, 7045, of 5 May 1900.

4.—A sum of 60*l.* was paid to Mr. C. Snowden, formerly clerk 1st Class, Aberdeen, in respect of his services as acting Collector at Aberdeen. Treasury Letter, 17,708, of 18th November 1900.

5.—The sum of 63*l.* 15*s.* was paid as bonus by the Civil Service Commissioners to Copyists employed in the Customs, per Treasury Letter, 1890, of 1887.

6.—Sub-Head C. The following sums have been paid in respect of damages to other vessels, London, 1*l.* 5*s.*; 1*l.*; and 2*l.* Liverpool 8*l.* 10*s.*; and Newcastle 2*l.* 10*s.*

4. The Receipt side of the Revenue Account has been subjected to a test examination in London, Liverpool, and Douglas (Isle of Man), and the payment side has, as usual, been examined in detail. All the items of revenue selected for test purposes were found to have been duly brought to account, and the Customs Department and the Treasury have been informed that the results have proved satisfactory. Test of Revenue.

5. A Return which has been furnished to me by the Customs Department, for the year 1900-01, shows that no cases of remission of duty or abandonment of claims on account of Revenue involving a loss of 50*l.* or upwards occurred within the year. Remission of Duty.

- A. (1.) The sum of 737*l.* has been received from the Board of Agriculture in repayment of personal expenses incurred by Inland Revenue Officials during the period of this account in connection with the collection of Agricultural Statistics.
- (2.) Surveyors of Taxes in Scotland receive extra remuneration from local sources at the discretion of the Commissioners of Supply for preparing Registers of Voters for Burghs and Counties under the Act 31 & 32 Vict. c. 48, and prior Acts. The net sum of 4,744*l.* 14*s.* 1*d.* has been received on this account during the year 1900-1901.
- (3.) Collectors of Inland Revenue in Ireland receive an allowance from the Office of Woods of 2*l.* per cent. on the amount of Quit Rents collected by them, one-third of such allowance being paid to their clerks. The sum of 715*l.* 15*s.* 11*d.* was so received in the year ended 31st March 1901.
- (4.) Two Warehousemen are in receipt of extra allowances of 25*l.* and 20*l.* per annum respectively, paid out of funds provided by the India Office and the Department of the Crown Agents for the Colonies for the supervision of the manufacture of water-marked paper for the use of those Departments.
- (5.) Officers of the Out-door Department, Excise, receive Rewards (Sub-Head Q.) for the detection of evasion of the Revenue Laws.
- (6.) The sum of 24*l.* 6*s.* 8*d.* was received during the year from the Commissioners of Intermediate Education in Ireland for distribution among certain Stampers, Warehousemen, and others in the Department of the Comptroller of Stamps, Dublin, employed in connection with the distribution of the stamped forms of the Intermediate Education Commissioners.

VOTE 2.

INLAND REVENUE.

Salaries and Expenses of the INLAND REVENUE DEPARTMENT, in the Year ended
Deficit under each Sub-Head of the Vote.

Explanation of Variation between Expenditure and Grant.

- A.—The saving has arisen in consequence of the Excise Surveying Service having fallen for a time below the full authorised strength, and of numerous cases of retirement through ill-health having occurred during the year.
- B.—The expenditure for Travelling and Subsistence (general) was much below the average. A saving has also been effected under the head of Allowances for, or in lieu of, Horsekeep, and that item has accordingly been reduced in the Estimate for 1901-2.
- C.—Notwithstanding an increase under the head of Poundage on Receipt of Legacy and Succession Duties, Ireland, there was a saving due to a reduction in the number of Distributors of Stamps, and to a re-arrangement, whereby a portion of the clerical expenses at the Stock Exchange Stamp Office became chargeable to Sub-Head A. Salaries, &c.
- D.—The excess arises in consequence of the Commuted Allowances to the Clerks to Commissioners for certain Districts having been increased under Treasury sanction.
- E.—The excess is mainly due to the payment of a proportion of the 10 per cent. increase, sanctioned by the Treasury, in the Commuted Allowances payable to Collectors of Income Tax generally.

(7.) The sum of 60*l.* was paid during the year by the Civil Service Commissioners as bonus to two Copyists employed in the Department.

(8.) The sum of 82*l.* has been received from the Department of Agriculture, &c., for Ireland during the period of this Account for distribution among certain Officers of the Excise Surveying Staff as remuneration for the collection of Statistics of Agricultural prices in Ireland for the purposes of the Land Law (Ireland) Act, 1887.

(9.) The sum of 13*l.* was paid during the year to three Officers of the Outdoor Department—Excise—as gratuities for acting temporarily as Distributors of Stamps.

(10.) Payments in excess of 25*l.* by way of extra remuneration to Inland Revenue Officers (shown in compliance with Treasury Circular of 28th August 1897) will be found in the Schedule following the Appendix.

(11.) The sum of 54*l.* 3*s.* 4*d.* was paid during the year as a Marriage Gratuity to a Lady Assistant in the office of the Controller of Stamps and Stores.

* A sum of 3*l.* 11*s.* 8*d.* was received during the year from the Commissioners of Intermediate Education in Ireland, for distribution among certain Distributors of Stamps in Ireland as Poundage on the sale of the Stamped Forms of the Intermediate Education Commissioners.

VOTE 2.—INLAND REVENUE—*continued*.Revenue Department, in the Year ended 31 March 1900.—*continued*.

Explanation of Variation between Expenditure and Grant.

F.—The charges for remittances fell considerably below the amount estimated.

G.—The provision for Police Services was not fully required.

H.—The amount required for Gauging Instruments was slightly under-estimated.

I.—The excess arose in the cost of Dies and Plates for Printing Stamps, which was rather more than had been anticipated.

K.—The cost of Advertisements, &c., was considerably less than in the previous year, and the expenditure for Stamps for Revenue Purposes was trifling.

L.—The cost of Carriage of Laboratory Stores, and of Boxes and Bottles for the conveyance of Samples did not reach the amounts provided.

M.—The provision for Water-marked Paper exceeded the requirements.

N.—The cost of Copies of Poor Rates proved to be greatly in excess of the amount estimated in consequence of the unusually large quantity of new property brought into assessment, and to some extent through the alteration of the boundaries of Parishes in the Metropolis under the operation of the London Government Act, 1899.

O.—The saving is due to the Allowances to the Solicitors for Non-pensionable Clerks and for Copying not having been fully expended, and to Establishment changes.

P.—The supplementary Vote of 3,000*l.* was not fully required.

Q.—There was a considerable increase in the amount of Rewards paid for the detection of offences against the Revenue, both to Excise Officers and to the Royal Irish Constabulary.

INLAND REVENUE.

REPORT OF THE COMPTROLLER AND AUDITOR GENERAL

1. EXPENDITURE in excess of the Estimate has been incurred under Sub-Heads D., E., H., I., N., Q., R., and V. Excess.

2. Included in the expenditure under Sub-Head R. "Losses by Fraud, Default, and Accident" is an amount of 5,032*l.* 6*s.* 11½*d.*, being the net loss through stamp frauds committed by an officer in the Stamps and Stores Department who absconded and committed suicide. The total deficiency is shown on the face of the Account to have been 6,171*l.* 7*s.* 3½*d.*, but this amount has been reduced by recoveries from the defaulter's estate, and other sources, of sums amounting to 1,139*l.* —*s.* 4*d.* The amount recovered from his estate would have been larger but for a compassionate deduction of 250*l.* sanctioned by the Treasury. The actual loss was thus reduced to 5,032*l.* 6*s.* 11½*d.*, irrespective of a sum of 26*l.* 9*s.* 10*d.*, due for salary, but withheld. These frauds have been the subject of searching investigation, both by the Board of Inland Revenue and by the Treasury officers of Accounts, and new checks have been established with the object of safeguarding the stock of stamps and of preventing similar frauds in the future. Sub-Head R. — Losses by Fraud, Default, and Accident.

3. The Amount to be Surrendered is, as shown by the Account, 6,542*l.* 17*s.* 11*d.* Surplus.

4. A sum of 52*l.* 3*s.* 4*d.* has been paid to the Exchequer in repayment of the expenses of this Department in connection with the administration of the Local Loans Fund, partly out of the income of that fund and partly out of the Appropriations in Aid realised by the Public Works Loan Commission in excess of the estimated amount. Local Loans Fund.

Further sums for Fee and Patent Stamps, sold during the year 1900–1901 in connection with the Inland Revenue Department, have also been paid into the Exchequer, viz. :— Fee and Patent Stamps.

which, together with the first-mentioned sum, amount to a total of 410*l.* 3*s.* 4*d.*

REVENUE.

5. The receipt side of the Revenue Account has been subjected to a test examination in London, Edinburgh, and Dublin. The items of Revenue selected for test were found to have been duly brought to account, and the Inland Revenue Department and Treasury have been informed that the results were generally satisfactory. Test of Revenue.

The payment side has, as usual, been examined in greater detail.

Remission
of Duty, &c. 6. I have to state that I have been furnished by the Inland Revenue Department with a Schedule of the cases, involving a loss of 50*l.* or upwards, in which remissions or abandonment of claims on account of revenue have taken place in the past year. The total amount remitted or abandoned in such cases is 62,414*l.* 6*s.* 9*d.* The reasons given upon the Schedule for not enforcing the law appear to me to be satisfactory.

VOTE 3.

POST OFFICE.

Expenses of the POST OFFICE SERVICES, the Expenses of Post Office Savings Banks, and ended 31st March 1901, showing the Surplus or Deficit upon each Sub-Head of the Vote

Explanation of the Causes of Variation between Expenditure and Grant.

1. The supplementary amount required in consequence of the War in South Africa and the transfer of Sorting work from General Post Office, East, to Mount Pleasant was slightly over-estimated.
2. There was more travelling than was anticipated.
3. There was a large increase in the number of Money Orders issued by the War Office owing to the War.
4. Owing to the transfer of the Sorting Office to Mount Pleasant additional assistance was required in the Travelling Post Offices.
5. Casual variation.
6. (1) Increase in price of Prison-made goods. (2) Owing to the War in South Africa the Clothing Contractors were unable to regulate the supply of Postal and Telegraph goods. A saving is shown under Sub-Head K. of Vote V.
7. The amount provided for new premises and additional Rents was not all required.
8. Part of the cost of the new hydraulic engines at Mount Pleasant fell on this year's Vote.
9. Actions brought against the Postmaster-General by Railway Cos., &c., involved heavy payments to Counsel.
10. Cannot be accurately estimated.
11. The retirements upon marriage were more than was anticipated.
- 12.
- 13 The additional amount provided to meet the enhanced price of gas, &c.. was not all required.
14. Economies under this Sub-Head have been effected by an addition to the dispensing force.
15. Due to the purchase of 16 Stamping Machines, and to increase in cost of Prison-made string.
16. A fluctuating item.
17. Due partly to compensation for parcels, &c., damaged by the wreck of two mail steamers; "Rognald" 100*l.* and "Ibex" 210*l.*, and partly to exceptional losses by Default and Theft. The loss to the Public is 38*l.* 16*s.* 2*d.* less because wages to that amount which were due to certain Officers since dismissed have not been paid.

Explanation of the Causes of Variation between Expenditure and Grant.

Recent extensions of the Department's system have led to a reduction in the business transacted by Railway Companies.

1. Due to the withdrawal of Telegraphists for duty in South Africa.
2. There was less travelling than was anticipated.
3. Due to increased Rental.
4. Chiefly owing to the provision of additional Electric Lighting at Threadneedle Street Branch Office.
5. The provision made for reducing the temperature of the water from the engines before passing into the sewers was not sufficient.
6. Casual variation.
7. A fluctuating item.

1. The amounts provided for delivery of Telegrams, and for probable increase in the Counter and Telegraph Force were not all required.
- 2.
- 3.
- 4.
5. Due to the reduction in the charge for pressure water.
6. Increased price of gas.
7. A fluctuating item.

1. Partly due to the falling off in the Telegraph business ; and partly to alterations in apportionment.
- 2.
3. The increased amount provided for Office Fittings was not all required.
- 4.
5. There was a saving in the Water charges at Liverpool.
6. Due to the enhanced price of coal during a greater part of the year. (*Vide* C.5., 12, and 19, Postal.

Explanation of the Causes of Variation between Expenditure and Grant.

There was a considerable decrease in the number of retirements on marriage.

Owing to the War in South Africa, the Clothing Contractors were unable to regulate the supply of Postal and Telegraph Goods. An excess is shown under Sub-Head A.6., of Vote III.

Due to the purchase of a stock of Vols. I. and II. of the Vocabulary of Code Words, issued by the International Telegraph Office.

The amount provided for probable increase was not all required.

The purchase of a site for the Engineer's Office in Manchester was unavoidably postponed.

1. There were fewer extensions carried out during the year than was anticipated.
2. Owing to unforeseen difficulties the laying of the Belgian Cable was postponed, and certain other approved Works were only partially carried out during the year.
3. Several works could not be completed in the year.
4. The works for Railway Companies were more numerous than was expected.
5. Cannot be accurately estimated.
6. A slight under-estimate.
- 7.
8. Some of the works authorized could not be completed during the year.
9. Some of the new works for which provision was made could not be carried out.

POST OFFICE TELEGRAPHS (TELEPHONIC SYSTEM).

4. Appended to this Report is an Account of Receipts and Expenditure of the Post Office in connection with the development of the Telephonic System, under the provisions of the Telegraph (Money) Acts, 1892, 1896, 1898 and 1899 (55 & 56 Vict. c. 59; 59 & 60 Vict. c. 40; 61 & 62 Vict. c. 33 and 62 & 63 Vict. c. 38), which authorised the issue out of the Consolidated Fund of sums amounting to 4,300,000*l.* for this service. *Telephone Capital Account.*

The Account covers the period from the year 1892–3 to the 31st March 1901.

The expenditure is met, in the first instance, by advances from the Exchequer, which are repaid out of moneys borrowed for the purpose from the National Debt Commissioners.

The debt thus created is repayable by terminable annuities which, under Section 1 (3) of the Telegraph Act, 1892, are provided for in the annual Estimates under Sub-Head O. 7 of this Vote.

The expenditure shown this year in the Account (including the transfer of 94,000*l.* referred to in paragraph 2) is 565,945*l.* 18*s.* 5*d.*, which, together with the sum of 1,504,869*l.* 11*s.* 2½*d.* in the previous Account, makes the total expenditure to 31st March 1901, 2,070,815*l.* 9*s.* 7½*d.*

Payments for telephonic works performed by Contractors are charged direct to the Telephone Capital Account, but for other works a common stock of stores has been purchased, the cost of which has in the first instance been charged to Sub-Head C of the Telegraph Vote, under a rule laid down with Treasury approval in 1875, for the reason that, as regards many descriptions of Stores, it is not known at the time of purchase whether they will be required for the purposes of the Telegraphs or for the purposes of the Telephone Extensions.

Hitherto, no charge for such stores has been raised against the Telephone Account until the stores have been actually issued for Telephonic purposes, unless a specific purchase could be ear-marked as having been made for these purposes only.

REVENUE DEPARTMENTS, AND POST OFFICE PACKET AND TELEGRAPH SERVICES.

VOTE 5.—*continued.*

This year, for the first time, the practice has been changed, and the Telephone Capital Account has been debited, not only with the cost of Stores actually issued, but with a sum of 94,000*l.* which has been charged in respect of Stores purchased for the conjoint purposes of the Telegraphs and Telephones, subject, however, to adjustment on the final termination of the Services, should any of the Stores thus charged not have been used for the purposes of the Telephones. The charge of 94,000*l.* has been made upon a Certificate of the Controller of Stores that "Stores to the value of not less than 94,000*l.* purchased in the current financial year for Telephone Capital Works—authorised by the Treasury—have been charged to the Telegraph Vote, Sub-Head C. 3, and that the amount named is therefore proper to be transferred from the Telegraph Vote to the Telephone Capital Account."

STORE ACCOUNTS.

Test Examination 5. A test examination has been applied to the Stores Accounts at the Controller of Stores office in London, and also at Dover.

Questions of importance have been raised which are still the subject of correspondence and will, if necessary, be further referred to in my Report upon next year's account.

Loss by Fraud at Leeds.

6. In a note appended to the Appropriation Account it is stated that a sum of 140*l.* 11*s.* representing the value of copper wire stolen by Linemen at Leeds, has, with Treasury sanction, been written off the Telegraph Stores Account for the year ended 31st March 1901.

The Department stated, in a letter to the Treasury, that a portion of the loss will be covered by sums due for wages to the men who were dismissed, and by the stoppage of the increment of the Sectional Engineer's Salary. The thefts, which extended over a period of about eight months, were rendered possible, it appears, by lack of supervision on the part of the Sectional Engineer, and were brought to light through information given by the firm to whom the stolen wire was offered for purchase. The sum is part of an amount of 2,040*l.* 5*s.* 5½*d.*, written off in the Stores Balance Sheet for the quarter ended 31st March 1901, under the Head "Losses by Default, Accident, &c."

Loss by Fire at Manchester in September 1900.

7. The above amount of 2,040*l.* 5*s.* 5½*d.*, also includes a sum of 1,862*l.* 5*s.* 7*d.*, which has been written off in respect of Stores destroyed by fire at Manchester.

Although upwards of fifteen months have elapsed since the fire occurred, the Department has stated, in reply to my enquiries, that it has not yet been found possible to ascertain the full extent of the damage done; and that a further amount will appear in the "Losses Schedules," 1901–1902.

REVENUE.

Examination of Revenue Account.

8. The Account of Telegraph Revenue has been subjected to a test examination at the Chief Offices in London, Edinburgh, and Dublin.

The results have proved generally satisfactory, and the Post Office and the Treasury have been so informed.
